VOICE OF THE PULPIT.

Principal Gandier Preached on War And Its Cure.

In St. Andrew's Church on Sun-Knox College, Toronto; preached an able sermon on "The Cause of War and the Cure." His text was taken from James iv. 1: "From whence come wars and fightings amongst you?" The answer of the apostle was that they come from envy, jealousy and party strife, and Principal Gandier showed that the same reasons for war applied to-day in this errible conflict. Even after the war was over, he agreed that there would be no permanent peace until nature of man was changed. When man submitted himself to God then would there be peace.
