CROSS LAKE BRIDGE

WILL COST LESS TO COUNTY THAN EXPECTED

W. D. Black, M.P.P., Found a Bar of Rock Foundation And Had the Location Changed. W. D. Black, M.P.P., Addington was in the city on Tuesday and visited with the County Councilors. Asked by the Whig how the work on the Cross Lake bridge in Kennebec was coming on, he said that a good start had been made.

When the grant of \$7,500 towards the work was made it was understood the Public Works Department of Ontario could do the rest. It was planned to have three steel spans for the crossing of the main channel. Mr. Black had new soundings made and found that near the old location there was a bar of solid rock foundation with only twenty feet of water. He had the location changed to go over this bar where it could all be filled in having only one steel span. This will reduce the cost materially and allow of a better work. At the new approaches there is a rock cut on either side. This excavation provides the stone necessary to make the fill.

VERY VERSATILE YOUTH.

He Has Won High Honors—See Him Friday Night. While the entertainment to be given by the Australian Students Abroad with patriotic and inspiring airs, the clean comedy is not left out and in Clive Borwood, we find the leading Australian touring comedians who is regarded as the most versatile youth connected with the stage. About a year ago he entered the all-Australian competition for a comedy championship and won first honors. He was immediately inundated with offers of professional engagements for different vaudeville circuits in Australia, but refused in conformity with the wishes of his parents who were a career. In his duet and sketch work with Stanley Saunders (who is the possessor of a wonderful tenor voice, which even now proves him worthy of operatic rank, and where in British Columbia, his rendition of tune-ful ballads has been greeted with applause) Borwood has been heard to advantage. There two lads have created an original sketch entitled "The Amateur," a twelve minute turn that has a laugh in every line and which demonstrates what careful training can do for the average boy. This turn of the two Cadets should be one of the main features in the programme to be submitted in the City Hall, Friday night. The entertainment is being given under the auspices of the Red Cross Society.

A CATARAQUI EVENT.

Tea Meeting and Concert in the Methodist Church. A successful tea meeting was held Wednesday evening in the Catharqui Methodist Church. There was a large attendance, and over \$100 was realized. W. F. Nickle, M.P., Kingston, occupied the chair, and during the evening gave a brilliant patriotic address. Other speakers were Rev. Mr. Clendinning, of Brock Street Methodist Church, Kingston, and Rev. Mr. Codling, Elginburg, D. Couper and Miss Brebner, of the city, sang solos, while Miss Bryon, Ottawa, was a favorite as an elocutionist. Miss E. Cook and Miss Sarah Edwards gave instrumental solos. Rev. Mr. Clendinning spoke on "Efficiency," and Mr. Codling spoke on "The Help of the Congregation to the Pastor."

The Tributes Paid.

At the funeral of the late James Leo Murphy at Joyceville, on Thursday Nov. 18th, to St. Barnaby's Church, Brewer's Mills, there was a splendid array of floral and spiritual tributes. Sowards, Joseph Keys, Mrs. Halpin, Mrs. O'Brien, Mr. and Mrs. D. McCarey, Mr. and Mrs. Pat. Keys, John McCarey and sisters, John and James Heaney, Mr. and Mrs. Robert Lawler, Mr. and Mrs. John Heaney.

Officers Chosen.

On Tuesday, Nov. 23rd, the I.C.U. Club held its meeting at the home of Miss Ethel Bickham, 27 Charles Street. Matters of the past year's work were referred to, and officers for the ensuing year elected: Miss Ina Campbell, President; Miss Ermeline Lenden, Vice-President; Miss Alma Irwin, Treasurer, and Miss Loretta O'Connor, Secretary. Several new members were initiated.

Maj. McKenzie's Son Operated Upon. Kenneth, the thirteen-year-old son of Major E. A. McKenzie, O. C. 32nd Battery, was operated on in the General Hospital on Tuesday evening for appendicitis by Drs. Davis (Gananou) and Bogart. He is progressing as well as can be expected.

FACTS ABOUT THE BIBLE.

Compiled by a Royal Prisoner in His Living Tomb.

In the old prison at the Place of Skulls, Madrid, many, many years ago the learned Prince of Granada, heir to the Spanish throne, was imprisoned by the order of the crown lest he try to usurp the throne. He was kept in solitary confinement for thirty-three years, and when death at last released him from this living tomb the following researches, taken from the Bible and marked with an old nail on the walls of the cell, told how his brain sought employment through the weary years:

"In the Bible the word 'Jehovah' is found 1,853 times, and the word 'revere' but once and that in the ninth verse, One Hundred and Eleventh Psalm. The eighth verse of the One Hundred and Seventeenth Psalm is about the verse of the Bible. The ninth verse of the eighth chapter of Esther is the longest verse and the thirty-fifth verse of the eleventh chapter of St. John is the shortest. In the One Hundred and Sixth Psalm four verses are alike—the eighth, fifteenth, twenty-first, and thirty-first. Each verse of the One Hundred and Thirty-sixth Psalm ends alike.

"No names or words with more than six syllables are found in the Bible. The thirty-seventh chapter of II. Kings and nineteenth chapter of I. Kings occur but once in the Bible. There are found in both books of the Bible 3,864,483 letters, 773,692 words, 31,373 verses, 1,139 chapters, and 66 books. The twenty-third chapter of the Acts of the Apostles is the longest to read. The most beautiful chapter in the Bible is the Twenty-third Psalm.

"The four most inspiring promises are: John, sixteenth chapter and second verse; John, sixth chapter and thirty-seventh verse; St. Matthew, seventh chapter and twenty-eighth verse, and the Thirty-seventh Psalm, fourth verse. The first verse of the sixtieth chapter of Isaiah is one for the new convert. All should read the sixth chapter of Matthew. All humanity should learn the sixth chapter of St. Luke from the twentieth verse to its ending."

The Sikorsky biplane.

The Sikorsky biplane is the largest heavier-than-air machine yet invented. It has a wing-surface at least five times greater than that of the commodious Farman biplane. Its steel frame is twenty-two yards long. Its dead weight is over three and a half tons, and it can carry a "useful load" of over a ton. At least a quarter of a ton would consist of explosives. Nearly half a ton of fuel and oil is carried. The space between the planes is nine feet deep. The forepart of the machine consists of steel-walled cabins, extending over a length of about thirty feet. These cabins have large windows on each side, like those of an omnibus. The cabins are electrically lit at night. In cold weather they are heated through the exhaust.

Utah's Organ Rock.

Utah is a veritable curiosity shop, for it contains two national monuments, prehistoric cave dwellings, Great Salt Lake, and Organ rock. Organ rock is 400 feet high. It is fluted like an organ and stands in south-eastern Utah. No one knows how long it has stood there solitary and alone, but every one who has seen the good fortune to see it hopes that it will always remain intact and that its fluted columns may never be injured or broken. Few natural phenomena are more symmetrically shaped and few resemble more forcibly some well known object. Time and elements have chiseled it to perfection.

A Huge Dam.

The gigantic storage wall, known as the Burrinjuck dam—the most interesting part of the New South Wales irrigation scheme—ranks as one of the greatest dams in the world, both in regard to height and volume of water impounded. It is 335 feet high, 168 feet thick at the base, tapering to 18 feet at the top, and some 750 feet in length. The famous dam at Assuan, on the Nile, has but a total height of 155 feet. This colossal cement structure had to be built across the bed of a river subjected to floods, in a deep gorge whose sides were so steep that it was impossible to establish workshops upon them.

A Lesson for Johnnie.

"Johnnie," said his father, "I'm surprised to hear that you have dared to dispute with your mother." "But she was wrong, pa," replied Johnnie. "That has nothing to do with it," said the boy's father. "You might just as well profit by my experience and learn once for all that when a woman says a thing is so, it is so, whether it is so or not."—London Mail.

Mighty Texas.

The state of Texas is larger than the whole German empire, considerably larger. The area of Germany is 295,000 square miles; that of Texas is 285,000 square miles. Thus Texas is as large as the German empire and Belgium, Holland, Switzerland, and Denmark.

Charity.

"I hate dese suspicious guys," said the panhandler. "What have dey been doin' to you now?" asked his friend. "A gink give me a dime dis mornin' to git somethin' to eat, and den he follers me into a restaurant and watches me spend it."

And Then You Won't.

To escape criticism: Do nothing, say nothing, be nothing. The French Government proposes a bill to fix prices of necessities of life and thus reduce the high cost of living. The Roumanian Cabinet is being re-formed by Premier Bratianu.

BOTH BATT. SERGEANT RECEIVES A COMMISSION IN THE 93RD BATTALION.

Eleven Recruits Added to the 80th Since "C" Company Went to Napanee—Khaki Choir Entertained.

(From Our Own Correspondent.) Napanee, Nov. 25.—A successful evening's entertainment was given last night by the young people of Selby under the auspices of the Grace Church Mission Circle. The programme consisted of a sketch entitled "Last Leaf," and some songs and choruses. There was a large attendance. The proceeds were about \$45.

Sergeant Elliott, "C" Company, 80th Battalion, has obtained a commission in the 93rd Battalion, Peterboro, and left yesterday for his home in Madoc, preparatory to taking up his new duties.

William McLaughlin arrived home after spending some months in the west. The ladies of Trinity Church entertained the soldiers in the basement of the church last evening. A musical programme was given, and refreshments were served. W. S. Herrington, K.C., gave a short address.

In the Police Court before Magistrate Rankin, R. Dagan appeared to answer a charge of disorderly conduct, and was fined \$5. J. Seal charged with being drunk and disorderly, was also fined \$5.

The Gibbard Furniture Company is busy with an order for shell boxes. Eleven recruits have been added to the "C" Company, 80th Battalion, since coming here. The khaki choir, composed of members of the "C" Company, were entertained at the home of Mr. and Mrs. B. Black, Pearl street, last evening.

A CONTRAST OF VIEWS

Soldiers in the Steerage.

Toronto Telegram, Can. Steerage passage policy is a disgrace to Canada. These words will meet the eye of able-bodied Canadians who are rich in this world's goods and yet would hesitate to take \$1,000 and spend a week in the steerage of an Atlantic liner. Canadians who do not preach a doctrine which assumes that the steerage is good enough for themselves or their families, are quite willing to tolerate or practise the official doctrine which assumes that the steerage is good enough for coloured and inviolated soldiers. It is a shame and a disgrace to the Government headed by Sir Robert Borden. It is a shame and a disgrace to Canada that soldiers who were brought close to the first stages of German gas, should be hurried into and through the final stages of that dread disease by the indifference of an ungrateful country.

Wouldn't It Make You Sick?

Ottawa Free Press, Liberal. What General Sam Hughes said could be done by Canada has been done by Canada, and those Canadians who took "a gloomy joy in self-depreciation" are now fair to admit that some good has come out of Nazareth. And General Sam, to his enthusiasm, to his energy, and to his self-confidence that has been called madness, is due the credit of no small part of the triumph. General Sam may be an ass; but he has proved that he is the right kind of an ass to be at the head of the Canadian Militia Department in this time of stress and trial. And knowing the kind and multiplicity of the problems that have been and are still being put up to him to solve, he may well say, "Wouldn't it make you sick?" when called upon to answer a lot of inconsequential questions put by a band of reporters out for "enterprising" copy.

Empire Worth \$130,000,000,000.

London, Nov. 25.—At a rough estimate, the capital wealth of the British Empire is £26,000,000,000 (\$130,000,000,000) sterling, and its yearly income £1,000,000,000 (\$20,000,000,000). Reginald McKenna, Chancellor of the Exchequer, told an inquirer in the House of Commons yesterday.

Kaiser Will Offer Peace.

London, Nov. 25.—A despatch to the Pall Mall Gazette from Bern says: "There is declared to be undoubted foundation for the report that Emperor William will make an offer of peace through President Wilson after the Emperor's coming state entry into Constantinople."

Ends Dry, Hoarse or Painful Coughs Quickly

A Simple, Home-Made Remedy, Inexpensive but Unequaled

The prompt and positive results given by this pleasant-tasting home-made cough syrup has caused it to be used in more homes than any other remedy. It gives almost instant relief and will usually overcome the average cough in 24 hours.

Get 2½ ounces Pinex (30 cents worth) from any drug store. Pour it into a 16-ounce bottle and fill the bottle with plain granulated sugar syrup. This makes 16 ounces—a family supply. It makes 16 festive cough remedies at a cost of only 54 cents or less. You couldn't buy as much ready-made cough medicine for \$2.25. Easily prepared and never spoils. Full directions with Pinex.

The remedy is certainly and easily made with which this Pinex overcomes the bad cough, chest or throat cold is truly remarkable. It quickly loosens a dry, hoarse or tight cough, soothes a sore throat and soothes a painful cough in a hurry. With a persistent, loose cough it stops the formation of phlegm in the throat and bronchial tubes, thus ending the annoying hacking.

Pinex is a highly concentrated compound of genuine Norway pine extract, rich in gualonic, and is famous the world over for its splendid effect in bronchitis, whooping cough, bronchial asthma and winter cough.

To avoid disappointment in making this, ask your druggist for "2½ ounces Pinex" and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Toronto, Ont.

ENTRIES DECREASE

Increase Only in Manitoba in the Past Nine Months. Ottawa, Nov. 25.—For the first nine months in the present calendar year there was a net decrease of 5,741 in the total number of home-stead entries taken out in western Canada. The Province of Manitoba alone shows an increase in home-steading, the total number for the nine months of this year being 3,036, as compared with 2,776 for the corresponding period of last year. In Saskatchewan entries this year totalled 4,602, as compared with 7,572 last year. In Alberta this year's entries totalled 5,090, as compared with 8,712 last year, and in British Columbia there were only 382 entries this year, as compared with 694 entries last year. In the statement showing the nationality of homesteaders for the month of September, it is interesting to note that there were twelve Germans and 113 Austro-Hungarians who made homestead entries.

CANADIANS WELL PAID.

Russian Soldiers Get 1 Cent a Day, Austrians 2½ Cents. Ottawa, Nov. 25.—In reply to recent criticisms of the rate of pay of the Canadian soldiers' headquarters, the Militia Department pointed out that it was much higher than that of any of the allied or enemy nations in the present conflict. The Canadian cent; the Austro-Hungarian, 2½ cents; the Russian, 1 cent; the German, 10½ cents; Austria, 2½ cents; Turkey, 25 cents per day; Italy, 20 key, 3½ cents.
