AUSTRALIAN CADETS

THEY ARRIVED IN KINGSTON ON FRIDAY MORNING.

They Are the Pick of the Southern Continent—The Civic Welcome Was Quite Interesting—Visiting Schools And Queen's—Tour of the City.

Australia conceived the idea some years ago that it owed more to the youth than a mere education given in the public schools, so the organization of the Young Australia League of Western Australia was effected. The fundamental principles of this

LIEUT. J. J. SIMONS, in command of the Australian Cadets organization is to give the boy a kind of environment which will make the future citizen a better man socially, morally and physically.

Lieut. Simons is at the head of the party of thirty-five Australian boys. Of this number, thirty-two are members of an all-brass band of which Harold Betteridge, Australia's champion composer, is conductor.

When the present tour of this party was proposed, the two principal objects in mind were to give the boys an education by travel and to explore the selection of those to go on the tour, boys of the highest moral standing and intellectual attainments were selected from the various communities. In this way, the flower of Australian youth was picked.

Actively interested in the tour of the boys is the Western Australian

CLIVE BORKWOOD, clever versatile comedian of the Australian Cadets.

government, which is paying part of the expense, the rest being met by proceeds derived from concerts.

These youthful representatives of the Australian commonwealth who are in the city today are representative of a type—the type of youth, the school system, and compulsory cadet and military system that goes hand in hand aims to produce boys who are active, alert, athletic and splendid gentlemen. The Cadets are splendid specimens of this type, and their leader is one whom they respect as a man with all the attributes of a leader of men.

Shortly after 8 o'clock the Australian cadets paraded and proceeded to the City Hall. The R. C. H. A. band played them along Ontario street. Following the cadets were the splendid cadets of the Collegiate Institute, who marched bravely behind their Australian friends. On the steps of the City Hall the Australians were met by Mayor Sutherland, the reception committee and aldermen, and proceeded to the City Hall, where the following address was read by His Worship:

The Civic Address.

Mayor Sutherland read the following address: "On behalf of the citizens of this historic Limestone City, the first capital of the United Canadas, I bid you and those in your command a most hearty and cordial welcome.

"Your visit, aside from its educational standpoint, has an Imperial significance which is far-reaching. Our Empire is engaged at present in the most gigantic war in the history of the world. Nevertheless, you and your comrades are enabled to visit us in perfect safety, thus emphatically illustrating the fact that 'British rules the waves,' and that her ships can ride on practically every sea, while those of our enemies have entirely disappeared, either being captured or kept within the safety of their home ports. It is with Imperial pride we note that this has been accomplished with the assistance of your magnificent contribution to the Imperial Navy. We must recall the fact that it was an Australian battleship which terminated the career of the German cruiser 'Kunze'.

"The services rendered the Empire by your tour through the United States has indeed been a valiant one. German falsehoods and misrepresentations which have been scattered broadcast throughout that land to the disadvantage of the Empire have been given the lie and a proper understanding of the facts clearly established.

"When I look around this hall this morning and see the sons of our Imperial brothers living under the Southern Cross, mingling with the sons of those living in the land of the Maple Leaf, other scenes are

vividly suggested to my mind. Unfortunately these are not scenes of peace, but of war. I see the sons of both of these dominions standing side by side, giving the best blood of each, and giving it willingly, in the defence of our Empire, and the upholding of right against might.

"We thank you for honouring us with this visit and sincerely trust, that though short, it will be filled with interest and pleasure to yourself and those who accompany you, and that the remaining part of your trip will be most pleasant and beneficial in every way. That the bonds of Imperial federation, which you are so splendidly assisting to cement and towards which our Empire is tending to-day, may be the more firmly knitted; that your visit will be a forerunner of the abolition of war and its wastage of men and monies; that the dark clouds which now overhang all the world may soon clear away, and finally that a greater measure of peace, prosperity, and good will may exist between all men—this is our fervent hope and prayer."

No reply was made by Lieut. Simons, and immediately the young cadets were assigned their billets, and accompanied their hosts to their homes for breakfast.

(Continued on Page 8.)

A LECTURE ON ART.

Given At Queen's By Prof. Macmechan, an of Halifax.

Prof. Archibald Macmechan, head of the English department in Dalhousie College, Halifax, gave a splendid lecture with illustration on the art of J. J. Sullivan, the great English artist, in Convocation Hall on Thursday evening.

Prof. McNeill introduced the speaker and stated that it was a treat for Queen's to get a man of such authority on Art, to give a lecture. The lecturer had been a personal friend of the late Principal Grant, coming from the same town as both Principal Grant and Principal Gordon.

Prof. Macmechan, in introducing his subject, said he was going to talk about a man of whom very little was known. He stated that F. J. Sullivan was an artist of black and white, that is he used only the pen to bring out all his effects, whereas many artists use color to cover the defects. He pointed out that Sullivan was an ideal book symbolist and that he chose the difficult pictures to represent, such as the French Revolution and Carlyle's Sartor Resartus. He is not classed with the common graphic sketches, but stands on a level and in some cases a little above the best picture interpreters of modern times.

Prof. Macmechan showed many illustrations of the simple but yet unique outlines and representations of Mr. Sullivan's story pictures. The audience highly appreciated the treat. Prof. W. G. Jordan moved a vote of thanks to Prof. Macmechan and Prof. MacDonald seconded the motion.

Barn Badly Gutted.

The barn at the rear of the home of J. L. Whiting, Clergy street, was badly gutted in the fire which broke out shortly before 3 o'clock on Thursday afternoon. Hot ashes left too near the barn were thought to have caused the fire.

Mrs. F. E. Cooke, Watertown, N.Y., is dead after a prolonged illness. She was born near Cape Vincent, N.Y.

SEVERE BRONCHIAL COUGH

Yields Quickly To Vinol.

Here is another letter we are permitted to publish for the benefit of Kingston people who suffer from chronic coughs, colds or bronchitis. Miss Oda Nelson, a stenographer, of Teaneck, N.J., says:—"I suffered from a severe bronchial cough. I had had coughing spells and became so weak it was hard for me to go to business day after day. I tried cough medicines and doctors' prescriptions without benefit. Through a friend I learned of Vinol and after taking one bottle my bronchial trouble was better. Its continued use stopped the cough, built me up and I gained 'n weight.'"

"It is the combined action of the medicinal elements of cod livers aided by the blood-making and strength-giving properties of tonic iron and beef peptone, which makes Vinol a constitutional remedy for chronic coughs, colds and bronchitis, and at the same time it will build up the weakened, run-down system and re-establish strength.

Don't forget we return your money if it fails to give you satisfaction.

Geo. W. Mahood, Druggist, Kingston, Ont.

THE COUNTY COUNCIL

DECIDES TO PAY MORE TO THE ASSESSMENT VALUATORS.

Than Provided For When They Were Appointed Last June—The County Valuation in 1876 Cost \$700.

(Continued from Page 2.) At the Thursday-afternoon session of the County Council, first readings were given these by-law: Granting \$250 to Garden Island ferry wharf; granting \$500 a month to the Canadian Patriotic Fund for five months till Jan. 31st, 1916; providing for payment of the salaries of county and other officers.

The Bank of Toronto asked that a by-law be passed authorizing the county treasurer to arrange for overdrafts. This matter was referred to the Council's solicitor for report. Council adjourned at four o'clock to allow several committees to meet, and resumed its session at 5.30 o'clock, when a recommendation of the Finance Committee that the bill of the assessment valuers, amounting to \$1,125.45, be paid, was adopted. This amount was \$31.45 more than the valuers were to receive according to the amount per day fixed by the Council at its June session for their services. However, as the Warden had requested the valuers to go ahead with the work when they were going to throw it up, the Council decided that the additional amount for expenses was not an excessive charge. It was pointed out that when the last valuation of the county was made for assessment purposes in 1876, the sum of \$700 was paid.

Councillor Thompson moved that hereafter the keep of all Frontenac paupers placed in the city refuges be paid by the county as whole, and not by the townships. This motion was left over for further discussion.

WAR BULLETINS.

It is reported at Milan that Goritz has fallen to the Italians.

Allied aviators have bombarded the railway between Deagach and Constantinople, damaging bridges. Warships are bombarding the coast of Asia Minor.

Salonika reports say the Czar has sent a personal telegram to the Serbian Premier promising that Russian troops will be in Bulgaria within a week.

The Germans have commenced the evacuation of Mitau.

The British Naval Brigade, doing duty with the Serbs, is safe with the balance of the Serbian army.

Fierce fighting has occurred in Gallipoli where the Turks were unable to regain lost ground.

Bethel Church Sale and Tea.

The ladies of Bethel Church held a church sale and tea Thursday afternoon in the school room which was nicely decorated for the event. The following members had charge: Work table—Miss May Wilson, Mrs. W. H. Godwin, Mrs. Pettit, Miss Dicker.

Candy table—Mrs. J. Hunter, Mrs. Smith.

Home-made booth—Mrs. W. Bruce, Mrs. P. Buck.

Tea table—Mrs. Knapp, Mrs. Geo. Mills, Mrs. N. Pickering, Mrs. Barnes.

Mrs. Moxley (convener) and Mrs. John Veale received at the door, while Mrs. George Hunter had charge of the plate. The proceeds amounted to about \$60.

Made a Presentation.

An interesting event took place this afternoon at the Divisional Pay Office. Sergt. S. G. L. Mayer was the recipient of a cabinet of Rogers cutlery, in view of his approaching marriage. W. Gilbert Ashplant, in making the presentation on behalf of the staff, congratulated the groom-to-be on his prospective wedding, and wishing him continued years of happiness. Sergt. Mayer thanked the staff for their acceptable gift, which would be so much appreciated by his wife and himself.

Saturday Special.

For men who only shop on Saturday the Lockett Shoe Store is offering a gun metal calf blucher with waterproof sole, regular \$5.00, now \$3.75.
