NEWS ABOUT THE TROOPS QUARTERED IN THE CITY

The authorization of the 146th Overseas Battalion to be recruited in the city of Kingston and the County of Frontenac is considered of great importance to the city and county by officers. This means that the battalion will be mobilized in Kingston as soon as a sufficient number of men can be secured. In the meantime all places recruiting over twenty-five men will be allowed to keep the men they enlist until mobilization is ordered.

The headquarters of this Frontenac Battalion will be in the city and Major C. A. Low has been recommended as officer commanding, although his name has not yet been announced. The authorization of the 146th Battalion gives the young men of Kingston and Frontenac an opportunity to enlist in a unit made up entirely of men from their own district and whom they know more or less intimately. The officers will be chosen as far as possible from the 14th and 47th Regiments.

The 146th Battalion will take the place of the 59th Battalion, which will, in the opinion of officers, be overseas before Barrfield Camp opens next year. It will, even more than the 59th Battalion, be a Kingston battalion. In the case of the 21st and 59th Battalions the recruits have been obtained from all over the division so that they could be brought up to strength quickly.

There are now battalions authorized in almost every county in the province, and these will have to compete with each other even in their own district for recruits. Ottawa contributed almost a company to the 21st Battalion and other parts of the division contributed all but 200 of the total strength. In the case of the 146th Battalion, if the residents of the city and county do not enlist, there will be no battalion.

As soon as possible the list of officers will be made up and submitted to Ottawa for formal approval, and immediately the officers are appointed the recruiting campaign will be commenced. Efforts will be made, that are to date unequalled, in this district to secure recruits. The officers, both senior and junior, will be on the job of securing men for the battalion. It is planned to have big meetings addressed by returned soldiers who know the conditions, and employers will be asked to co-operate in every possible way to persuade 1,100 men of this city and county to volunteer for overseas service.

Next week Kingston will lose the 59th Battalion which will go into winter quarters at Gananoque, Brockville and Cornwall. When the 59th Battalion was authorized to be formed, and Lieut.-Col. H. J. Dawson then Major Dawson, commandant of Fort Henry, was appointed as officer commanding, people who were acquainted with him said that there would soon be the best battalions in the country at Barrfield Camp. A nucleus of a few hundred men from the Base Battalion, then under the command of Lieut.-Col. J. J. H. Fee, was taken over and recruits were all directed here. Every medical examination and hundreds were rejected, but Col. Dawson is now reaping the fruits of his carefulness in the appearance and behavior of his men.

EVERY NUMBER CHOSEN

For the Concert in City Hall Tonight.

With youthful stars as Stanley Saunders, Australia's Champion Lyrical tenor; Clive Borswood, comedian of rare ability; Gordon Williams, the world's phenomenal boy baritone; Little Bobby Frew "The Harry Lauder Handful," Aubrey Melrose, soprano, the gymnastic team of sixteen lads and the Champion Boys all-Brass band of the Commonwealth, the Australian Cadets' initial programme in the City Hall should draw a packed house on Friday evening. Every number has been specially chosen and woven into a musical playlet entitled "Called to the Front."

Every phrase breathes the words "Australia" and "Patriotism." Besides being an array of musical talent it is of particular interest to all Imperialists. Appropriate selections, fantasies and martial airs, including "Canada For Ever" the new march composed by Professor Harold Betteridge, musical director of the Australians, and dedicated in the presence of six thousand people, to the 72nd Overseas Battalion, C.E.F. will give the Cadets band an opportunity to all true lovers—and critics—of brass band features that the impressions it made at the two Expositions in California and in British Columbia were merited.

Glenburnie Red Cross Society.

A successful meeting of the Glenburnie Red Cross Society was held at the home of Mrs. R. H. Fair on Wednesday evening. Mrs. R. J. Vair presiding. Twelve new members were added to the list, bringing the total up to forty. The sum of \$11 was taken in from the sale of tea and from outside subscriptions. A large amount of work was completed, and later several ladies dropped in for tea.

YES—IT IS POSSIBLE TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases.

The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-ford in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble.

Try Scott's Emulsion. It cannot harm. It has helped thousands and may be exactly what you need. No drugs. Scott & Bower, Toronto, Ont.

General Sam's Honorary Army.

The Ottawa Free Press contains the following query: "If there were a law insisting upon all honorary colonels wearing their uniforms at all hours, how many would resign as the result of the new regulations restricting the sale of intoxicants to soldiers, except between five and eight? Do you know any men whom you would recommend to General Sam for honorary colonelcies, if such a law were passed?"
