

KIDNEY DISEASE WAS KILLING HIM

Until He Used "Fruit-a-lives" The Great Kidney Remedy

HAGERVILLE, Ont., Aug. 26th, 1913.

"About two years ago I found my health in a very bad state. My kidneys were not doing their work and I was all run down in condition. Having seen 'Fruit-a-lives' advertised, I decided to try them. Their action was mild, and the result all that could be expected. My kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old-time vitality. Today, I am as well as ever."

Letters to the Editor

Who Will Gain Possession Of The Earth?

Kingston, Nov. 29.—(To the Editor)—The great war which is now raging in Europe naturally raises the question of the future mastery of that portion of the world. Should there be a decisive outcome to the struggle, the victorious power would be in a position to dictate terms to Europe; and from the mastery of Europe it would be but a step to the position of world supremacy.

There exists however an impassable barrier in the pathway to this coveted goal of power. The Word of the Almighty has declared that there will never again be upon this earth a successor to Imperial Rome. No conqueror will ever arise who will be able to bring the world to his feet. No nation will ever be able to bring all the other nations into subjection.

This is plainly stated in the prophecy of Daniel, chapter two, where in explaining to the king of Babylon his dream concerning the great image, the prophet Daniel declared: "And whereas thou sawest the feet and toes, part of potter's clay and part of iron, the kingdom shall be divided; and whereas thou sawest iron mixed with miry clay, they shall mingle themselves with the seed of men; but they shall not cleave one to another, even as iron is not mixed with clay."

Since the decline and fall of the iron monarchy of Rome, there have been repeated efforts to weld together into one solid mass the broken fragments of that Empire. Clovis, Charlemagne, Charles V. and Napoleon Bonaparte, essayed to become rulers of the world; but none of them could cement the iron and clay of the prophetic image. They were striving against the fiat of heaven. As one writer has forcibly expressed it: "The earth reeled under the fierce charges of these world-empire grasping warriors, but the Word of the Lord stood fast, and Europe remained divided."

Nor has the effort to bind the nations together into one by marital alliances been any more successful. The royal families have intermarried very extensively, but the ties thus formed have accomplished nothing toward political union. King George of England is cousin to the German Kaiser, and the Czar of Russia is a relative also. Yet this relationship does nothing to prevent war. In no instance has there been a cleaving together of the kingdoms through the marital "mingling" of which the prophet spoke.

Yet there is to be another and final universal kingdom, foreshadowed by the "stone" of this prophetic dream, which "smote the image upon his feet that were of iron and clay, and brake them to pieces."

Dan. II, 34. For of this stone it was said by the prophet, that it "became a great mountain, and filled the whole earth"; and in the explanation of this portion of the dream the prophet said: "In the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed; and the kingdom shall not be left to other people, but it shall break in pieces and consume all these kingdoms, and it shall stand forever." Dan. II, 35, 44.

We are living to-day at a time when all the events pointed out by inspired prophecy as marking the approach of that kingdom, are with but one or two exceptions, in the past. Almost the very last sign of its coming was stated by the Saviour in the words: "This gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come." Matt. XX, 14. That this work has now almost been accomplished, every person knows who is acquainted with the extent of Christian missionary effort at the present time.

THE SPORT REVIEW

The U. S. Army vs. Navy football game at New York Saturday afternoon resulted 14 to 0 in the army's favor.

Rugby on Saturday: Argonauts, 26; Hamilton Tigers, 3; Exhibition game for benefit of "Glad" Murphy.

The Canadian Intermediate Rugby final on Saturday resulted: Tigers, 11, 21, Capitals, 1.

The O. H. A. amendments, to be considered at the O. H. A. Convention next Saturday morning, contain several notices by J. Ross Robertson, chairman of the sub-committee, giving every encouragement to enlisted men to play hockey during the winter before he leaves for overseas service.

Mr. Robertson's amendment gives the soldier the option of playing in his home town, with the soldiers' team with which he is connected, or with any team in the town in which he is located by the military authorities.

J. T. Sutherland, Kingston, proposes that when suspended O. H. A. players enlist their suspensions shall be automatically raised. This, of course, is not to apply to professionals.

A. H. Schlegel, Preston, suggests that during the war players of one town not represented in the O. H. A. be allowed to play with the O. H. A. club nearest to their residence.

A syndicate of Toronto people has put in a bid for a N.H.A. franchise with the intention of operating it in the Toronto Arena.

Cobourg club sent fourteen players to the front but are again ready with two teams for the O.H.A. Simcoe County Council please note.

Toronto Globe: It looks as if the National League and the American League might go to war over the subject of peace with the Federals.

With Varsity out of O.H.A. hockey, the other Toronto city teams should benefit, as a lot of promising material is attending the University of Toronto.

At a meeting in Port Hope for the purpose of organizing a hockey club, it was decided to enter a team in the junior series of the O.H.A. committee was appointed to gather in prospective players.

Peace has been declared between the Toronto Hockey Club and the Arena. There will be one team, and possibly two in the N.H.A. from the Queen City.

Hamilton Rowing Club reports a loss of \$500 on the rugby season. Tigers' \$533 share of the final game makes them \$100 up, and this amount will be turned over to the Patriotic Fund.

The financial statement presented at the annual meeting of the Montreal Rugby Club, showed the greatest deficit in the history of the club, for the season as a most unsuccessful.

There is still a good deal of uncertainty concerning the proposed eastern Ontario, O.H.A. senior group. With a senior section in the west, one in Toronto and neighborhood and one in the east the big league would furnish much good hockey again this season.

Toronto Telegram: U. of T. will not play O.H.A. hockey this year. This probably means that the expert hockeyists will spend part of their time at the little stone school-house will get busy with other teams, and, after it is all over, the college paper will say, "It is a good thing for the champions that 'Varsity' didn't have a team this year."

"Jack" Johnson, negro pugilist and former heavyweight champion has joined Lord Derby in the work of getting recruits for the British army. Driving up in front of the Royal Exchange, at Glasgow on Friday, in a powerful 3,000 foot removed his white "topper" and made a speech that fairly sizzled with ardor.

"Every man ought to enlist," shouted Johnson. "It is your duty." Johnson is appearing at a music hall with a white wife.

A letter was received in Montreal from Frank McGill, the well-known swimmer who is a member of the nadian swimming champion is at present laid up in a hospital at Chatham, after falling nearly 3,000 feet with his machine. The pilots fell in a stretch of water, and McGill managed to save both his companions and himself. McGill's arm was broken during the process.

A Boston despatch says: Alfred Shrubb of Toronto, for the past six seasons coach of the Harvard cross-country teams, has decided to become an American citizen. He will shortly apply for citizenship papers in the State of Massachusetts.

Shrubb will go into business in Boston this winter, but will continue to coach the Crimson barriers. The great little runner has accumulated a competency since coming from

Called A White Elephant.

Ottawa Citizen.

Canada has three transcontinental railways trailing away round the north shore of Lake Superior, though it is apparent two would be ample, and more than the country can afford for a long time to come. A totally unnecessary \$50,000,000 expenditure is being made to build a new canal at the Welland, millions of dollars have been sunk in Courtland Bay by the former Dominion Government to please St. John; and a similar extravagant expenditure is now being made quite unjustifiably at Halifax. So long as east and west-bound trade is blocked and opposed and taxed away by Canada's anti-British customs tariff, it would seem to be absurd, or something worse, to spend public money so lavishly even over what are considered normal trade ports and routes. But what particle of excuse or justification is there for spending still more millions over a white elephant like the Hudson Bay project?
