# Livingston's, Brock Street,

A little out of the way, but it will pay you to walk.

## NEWS ABOUT THE TROOPS QUARTERED IN THE CITY

(Continued from Page 5.) On March 16th, 1915, Charles Wolfe enlisted as a gunner in the R. C. H. A., and on New Year's Day orders announced that he had been promoted from the rank of provost-sergeant to that of sergeant-major. The many friends of Sergt-major Wolfe will be delighted to hear of his promotion and the veteran of the R. C. H. A. is receiving congratulations on all sides. His two sons are also in uniform, one being quartermaster-sergeant at Quebec and the other with the R.C.H.A. brigade in the front.

Major J. Hamilton, A. D. S. and T., is on the sick-list, with an attack of grippe. Lieut. Raby is acting in his place.

Major W. Alan Stroud, Squadron C.M.R., was in the city on Monday in conference with W. F. Nickle, M. P., in regard to an improvement in the sanitation of the quarters of the squadron in Hamilton.

Leave until midnight was granted to every man in the garrison in the last day of the year.

"C" Battery was authorized in June of last year and since then 411 men have been sent overseas from this unit. This is a splendid record and a tribute to Capt. W. E. Steacy and his staff when one considers that there are now 303 men in the battery doing the fatigues work for Tete de Pont Barracks and being used in the training of the officers and N. C. O.'s of the Royal School of Artillery.

Over 200 officers and N. C. O.'s will attend the next Royal School of Artillery here.

Recruiting for the Imperial Mechanical Transport is proceeding rapidly in all the military divisions under the direction of the Canadian authorities. To join the corps man must be able to drive an automobile and to attend to minor road troubles. He must have a sufficient knowledge of the engine to be able to learn more. The work is desirable and pay attractive. Separation allowance is paid. This transport is part of the British Army Service Corps which is probably the best organized and most efficient part of the British Army. Full particulars can be obtained by writing to the office commanding Imperial Mechanical Transport Depot, Armouring, Colborne, Ont.

When writing state age, qualifications, address and phone number (if any) and if possible give some local men as a reference as to character, experience and mechanical qualifications. Also mention the nearest centre where recruiting is proceeding for the local battalion of the Canadian Expeditionary Force. Applicants for this Mechanical Transport will be given their medical and mechanical examinations at these centres, or as may be arranged. Men enlisted in Eastern Ontario are mobilizing at Colborne. Pay starts on enlistment.

Lieut. E. C. Butler, 59th Battalion, is in hospital in Kingston.

Major J. F. Goodwin, 14th Regiment, is detailed temporarily for duty in the branch of the Master General of Ordnance.

The big recruiting meeting to-night was all that could be circled in the way of news in militia circles on Monday and it seems as if Lieut. Col. C. A. Low and his staff have been making such extensive arrangements that every person in the city will be at the City Hall this evening. Major-General Hodgins, Adjutant-General of Canada, will be the principal speaker. He has been through many campaigns and was recently promoted from the rank of brigadier-general to that of major-general.

Col. Low and Prof. L. W. Mulloy will also speak and impress the new recruits on those present. The concert for the meeting will be a splendid one as Geoffrey O'Hara and Miss Juanita L. Fletcher, two noted artists, have volunteered their services. Mr. O'Hara is well known as the Kingston author of the famous "Highlanders," "Fix Bayonets." He will preside at the piano this evening while Miss Fletcher will sing his song. He will sing "Are You On?" Miss Fletcher first, visited Kingston with "The Chocolate Soldier" company some time ago, and with her soprano voice of wonderful quality she won the hearts of Kingstonians. After many requests Mr. Branigan was able to secure her services for the Grand Opera House, and for this reason she will be present at the meeting to-night.

Lieut. Col. McCammon, Brockville, was in the city on Monday.

Lieut. Col. Belton, Canadian Pensions Board, was in the city over the holiday. In an interview with The Whig he stated that the Pensions Board last month handled over 70 cases.

Major Andrew Gray, 49th Lindsay Battalion, was in the city on Monday looking for recruits.

In the 3rd Division between December 15th and December 31st, 115 men, or the strength of a battalion, were recruited. This makes two battalions recruited in this division in December.

Lieut. J. T. C. Tindle, A.M.C., has been detailed for recruits in Flinton.

The 146th Battalion is parading as a unit at the City Hall this evening.

Lieut. Col. Mills, Inspector of Supplies and Transports in the 2nd Division, was in the city on Monday. Col. Mills was at the front with the 2nd Battalion and in an interview with The Whig spoke of the splendid work of the late Lieut. Calvin Day and the late Allan Davidson, and also of Capt. Richardson. The 2nd Battalion men have been doing their share at the front and deserve all the credit received. In regard to the need of men, Col. Mills said that when the battalion first went to the front, guns and munitions were lacking, but now all that was wanted was men to relieve those now on duty and make the work easier for every person.

Lieut. Col. Wilkinson and Capt. Gill, 150th Batt., Brockville, were in the city on Monday.

Major H. R. Wilson, D.A.A., and Q.M.G., is in Ottawa.

In the orders by the A.A.G., appears the following: "The colonel commanding 3rd Division desires to extend to all ranks under his command his sincere wishes that all may enjoy a happy and healthy year during 1916."

Capt. William Connell, New York, a former resident of Pittsburg township, was in the district over the holiday. In an interview with the Whig, Capt. Connell stated that in the discharge of his duties as inspector of cargoes he discovered a few weeks ago a quantity of explosives in a cargo of sugar.

## THE PENDING CRISIS

AN ADDRESS, GIVEN BY F. W. MANTON.

Of the International Bible Students Association, Brooklyn, N.Y. In Griffin's Theatre Sunday Afternoon.

F. W. Manton, Toronto, a member of the International Bible Students Association, Brooklyn, N.Y., gave an interesting lecture Sunday afternoon in the Griffin Theatre to a fairly good audience. The speaker took as his subject, "The Pending Crisis" and in dealing with it he went back to the time of Adam and Eve. A crisis came when they ate the forbidden fruit thus bringing the curse of death on all mankind. Another crisis occurred when Noah was building the ark and preaching the flood to the people. They had never seen rain and could not understand Noah's actions, but when the flood came then was the great turning point.

In the same way today with all the experience that mankind has witnessed they are fairly baffled to know just how to handle the present day trouble. "We are facing a great crisis," said the speaker, and it is the falling of Satan's kingdom. When this crisis comes, then will Christ come to rule over earth. Proof of his statements the speaker referred to Daniel and Matthew, xxiv, 21-23.

The speaker claimed that in spite of all the work that missionaries are doing, to-day there are twice as many heathens in the world as there were one hundred years ago, and not only are the heathen increasing but the popular church goes is not up to the Christ standard. If he is not perfect, then God is displeased with him professing.

## KINGSTON TEAM WON AGAINST BELLEVILLE.

Basketball Game Resulted, 26 to 25—Belleville Led at Half Time.

The intermediate basketball team of the local Y. M. C. A. won an uphill game from the Belleville Y. M. C. A. intermediates in Belleville on last Saturday night by 26 to 25. The Belleville Y. M. C. A. has been turning out last basketball teams for the past few years, and the game on Saturday night is the first intermediate game that the Belleville Association has ever lost on its home floor to an outside team.

At the end of the first half the score was 16-5 in Belleville's favor, and the Kingston boys had their work set out for them when they started out to catch up in the second half. That they succeeded in catching up and then passing Belleville shows what a kind of a game they played. The whole team played a strong game all the time, with "Red" Wilson and John McLaughlin doing most of the scoring for Kingston. The following is the line up: Kingston—"Red" Wilson (captain), center; John McLaughlin and "Bob" Irwin, forwards; George Clark and Gordon Savage, defence; Belleville—Max Herity, centre; Harry Holland and Albert Duesberry, forwards; Gordon Chute and Lorne Deacon, defence.

## Tragic New Year's Eve.

New York, Jan. 3.—A tragic touch was added to New Year's Eve in this city by a murder in a saloon, by the explosion of a dynamite bomb in an Italian tenement house, and by the shooting of two policemen, one of whom was dangerously wounded, while they were walking along a street in Brooklyn. The bomb did little damage, but caused much excitement. No trace has been found of the person who fired at the officer and the purpose of the attack is a mystery.

## Rich Patrimony Found.

Matheson, Jan. 3.—Native platinum in paying quantities has been found on the Burton-Quinn-Harston claims in Munro Township at a spot one mile east of the Leyson-Dobie mine, where the richest gold ore in Canada is being mined. Assays of which five were made, run \$189 to \$1,800 a ton.

## Salvini Is Dead.

London, Jan. 3.—News has reached here of the death at Florence, Italy, of Tomaso Salvini, the Italian tragedian. Salvini was well known in the United States having made several tours of America. He scored his greatest success in the role of "Othello."

On the western front a small British party seized a portion of German front lines south-east of Arras.

## THEATRICAL NEWS

### Three Acts At The Grand.

Victor Moore, the inimitable comedian, in a picturization of the world-famous Irish-American comedy "Chimmie Fadden" is the feature picture to be shown at the Grand Opera House on Monday, Tuesday and Wednesday. A two-reel Universal photoplay, a comedy picture by the Pathe News with interesting scenes of the war, will also be shown. The vaudeville includes Miss Juanita L. Fletcher, singing classic and patriotic songs; Pearl Stevens in a high-class singing and musical act and McClintock and Sutton in a comedy bar act.

### At The Strand.

Francis X. Bushman and Beverly Bayne, long the idols of motion picture patrons, will be seen, on the screen at The Strand Theatre, to-night, Tuesday and Wednesday in the Metro production of "Pennington's Choice," a five act romantic photo-drama of vigorous life in the Canadian Northwest. The action of the picture begins in New York and a series of thrilling events and dramatic situations carry it to its culmination in the fastnesses of the Northern woods. Both Mr. Bushman and Miss Bayne have parts admirably suited to their marvelous talents and are seen at their best in this production.

In addition to these two screen favorites, the cast contains half a score of noted dramatic actors including Helen Dunbar, Lester Cuneo, Wellington Playter, William Farris and Morris Cytron. An interesting feature is Mr. Bushman's training with J. J. Jeffries, ex-champion boxer of the world. Other good photo-plays will also be shown.

### DIVINE AID AGAIN INVOKED BY KAISER.

Another Remarkable Message Delivered To His Army And Navy.

London, Jan. 3.—The Amsterdam correspondent of Reuters' Telegram Company says that Emperor William, according to a despatch from Berlin, has sent the following New Year's address to the army, the navy and the colonial troops: "Comrades: Another year of severe fighting has elapsed. Wherever a superior number of enemies has stormed our lines, they have failed before your loyalty and bravery. Wherever I have sent you into battle you have gained a glorious victory. Thankfully, we remember to-day, above all, our brethren who joyfully gave their blood in order to gain security for our beloved and imperishable glory for the fatherland. What they have begun we shall accomplish with God's gracious help.

In impotent madness enemies from the west and east, from the north and south, still seek to deprive us of all that makes life worth living. They long ago buried the hope to conquer us in honest fighting. On the weight of their masses, on the starvation of our entire people, on the influence of their campaign of calumniation, which is as mischievous as it is malicious, they believe they can still reckon. Their plans will not succeed. Before the spirit of determination, which imperturbably unites the army and those at home, their hopes will be miserably disappointed. With a will to discharge the duty to the fatherland to the last breath and determination to secure victory, we enter the new year with God for the protection of the fatherland and for Germany's greatness."

### Are Difficult Targets.

Petrograd, Jan. 3.—Two German aviators just captured describe the new German aeroplanes recently put into commission. They are of the albatross type, fitted with transparent wings, which are impregnated with a secret composition. While the planes are not entirely invisible, they make difficult targets, as they always appear to be flying much higher than they really are.

### Announcements

Notices of any character relating to future events, where an admission fee is charged, are charged in the advertising columns at 10c a line for each consecutive insertion; at 5c a line each insertion, if reading matter.

Announcements for societies, clubs, or other organizations of future events, where no admission fee is charged, may be inserted in this column at one cent per word, with a minimum of 25c for one insertion.
