Allan M. Reid,

111 PRINCESS STREET KINGSTON

Your business methods tell stronger
than words whether you are honest
or not.

From the church point of view the
moral man and sinner are sometimes
one.

We owe something to society and
good principle, that money will not
settle.

Figures may not lie, but the liar
makes them do his business to his
profit.

**News of Troops
in the City**

Word received here states that
Lieut. T. Irving Findley has arrived
in England aboard the S. S. Missis-
sable in command of a draft from
Lethbridge. On the completion of
his first year in Toronto Varsity he
enlisted last March as a private in
the 26th Battery here. After serving
two months he was given his com-
mission in the 32nd Battery, here.
He attended previous to enlisting St.
Andrew's College, and is the son of
Thomas Findley, vice-president of
the Massey-Harris Co., Toronto.

When a battery of the Drydock
Barracks is "duty battery" for the
week and on one of those days has
to supply guard on the Locomotive
works, over 100 men of the battery
are engaged in guard duty. This
leaves a very few men for the regul-
ar work on that day, but some-one
must do the guard-work. The 100
men on guard duty for the 32nd Bat-
tery on Wednesday were on guard
of the Drydock Barracks, on the Lo-
comotive works, on the stables, cook-
house and doing fatigue work, so
that only a very few men were avail-
able for drill-work.

Lieut. Booth, 32nd Battery re-
turned on Thursday from Ottawa
where he has been on sick-leave.

There are now 133 men in the
Ammunition column under Capt. G.
G. Mills, and they are all at the Dry-
dock Barracks. The column is made
of the following details: R.C.H.A.,
fifty-one men; 33rd Battery, forty-two
men; 32nd Battery, thirty-six men,
33rd Battery, four men. The men are
being given foot and physical drill,
gun drill and fire-drill.

The following provision appoint-
ments were announced in the 33rd
Battery orders on Thursday: Lieut.
W. Boyd to be acting vice Capt.
Hamilton, overseas; Lieut. W. W.
Stevenson taken on the strength
vice Lieut. Boyd; Lieut. McAnulty
taken on strength vice Lieut. Huy-
cke; Lieut. Elliott taken on the
strength.

Sergeant A. Thompson, 33rd Bat-
tery has been promoted to the rank
of sergeant-major.

Lieut.-Col. E. C. Arnold, super-
visor of artillery training, is in the
General Hospital with a severe cold.

The 32nd Battery hockey team
play this evening. The team has a
practise on the Governed Rink on Fri-
day morning. Red and White uni-
form have been secured.

W. E. Harrison has enlisted in the
32nd Battery.

Twenty-five recruits are expected
from Ottawa for the 32nd Battery.

Lieut. Cantell, Montreal, is at-
tached to the 33rd Battery.

There are 132 men in the 33rd
Battery.

A letter received states that Lieut.
W. Clarke, A.M.C., who left the city
last year with Queen's dressers, is
leaving in the near future for Ser-
bia. He is the 59th Field Ambu-
lance.

It is understood that the follow-
ing doctors have applied for com-
missions with the re-inforcements for
No. 5 Stationary Hospital (Queen's):
Dr. Waite, city; Dr. Ferguson,
Smith's Falls; Drs. Cruikshanks, Kane
and Fisher, New York city; Dr. Boyd,
who has been engaged in lecture
work at the university.

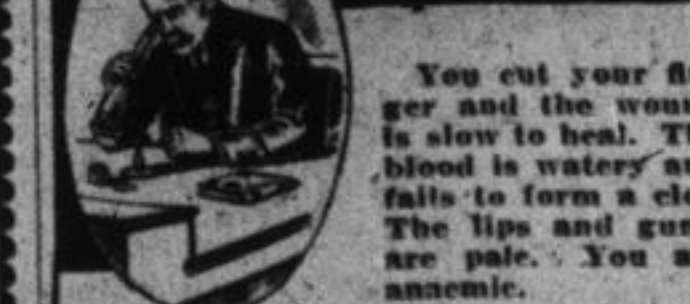

Some members of the 146th Bat-
talion want to join Queen's Station-
ary Hospital reinforcements.

HAD A CLOSE CALL

GERMAN SHELL BURST OVER
HEAD OF PTE. GEORGE WILLIS

Several Limbs Off Tree Fell On His
Head And Shoulders But He Es-
caped Strapped—Have To Stand
In Deep Water.

"I had a very close shave to-day.
A German shell burst just over my
head, and several limbs from a tree
fell upon my head and shoulders. I
thought my time was near, but I es-
caped the shrapnel all right."

Thus writes Pte. George Willis,
of Kingston, in a letter to George
Eccles, of this city, written "some-
where in Belgium," under date of
December 6th.

Pte. Willis states that at the time
of writing all his companions were
well.

A very amusing part of the letter
reads as follows: "Both my feet are
asleep. I thought they were frozen,
so one of the boys took a candle and
put it to my big toe. I felt it pre-
tily quick, so I guess they are all
right." "My boots were torn down
the back, and this let the water in
which is up to our knees."

New Catholic School Bonds.

A. E. Ames & Company, invest-
ment bankers, Toronto and Montreal,
are making a new offering of City
of Montreal five per cent. Catholic
School Bonds on a basis which, in
view of the well-known wealth of the
School Commission, and its compara-
tively small debt, appears to be es-
pecially attractive. Under the con-
ditions of the issuing statute the
bonds are virtually and in effect a
Montreal City bond. The price is
a rate to yield the investor over 5.40
per cent. Montreal being the largest
and wealthiest city of the Domini-
on, the bonds, in point of merit, rank
as one of Canada's highest grade se-
curities.

A Big Skating Rink.

Weather conditions has made the
Cricket Field a vast skating rink and
hundreds of children are enjoying
the open air exercises. The slope

by the children, some of whom can
course well into the park. Hockey is
played in some parts by the boys.

**The Easiest Way
To End Dandruff**

There is one sure way that never
fails to remove dandruff completely
and that is to dissolve it. This des-
troys it entirely. To do this, just
get about four ounces of plain, or-
dinary liquid arvon; apply it at night
when retiring; use enough to moist-
en the scalp and rub it in gently
with the finger tips.

By morning, most if not all, of
your dandruff will be gone, and
three or four more applications will
completely dissolve and entirely des-
troy every single, sign and trace of
it, no matter how much dandruff
you may have.

You will find, too, that all itching
and digging of the scalp will stop
instantly, and your hair will be suf-
ficiently lustrous, glossy, silky and soft,
and look and feel a hundred times
better.

You can get liquid arvon at any
drug store. It is inexpensive, and
four ounces is all you will need. This
simple remedy has never been
known to fail.
