KILLED FIVE TURKS Lusitonia:

New Bedford, Mass., Jan. 7 .-James Cooper, a former mill overseer in this city, who joined the British army after the loss of his wife's child on the Lusitania, has written friends in this city that in a fight on the Gallipoli Peninsula he jumped out of the trench, rushed to the opposing lines and killed five of the enemy without receiving a wound. Cooper said that his act was inspired by the remembrance of what happened on the Lusitania.
