PREPARE FOR WAR!

The continuance of war demands preparation for war times. This year will be a trying one to secure enough to wear that is of any use.

Our advice is, buy all you can of last year's goods and you will save at least 50 per cent. on your purchases.

ANNIVERSARY IS OVER

SOME HAPPY REMARKS FROM OTHER CHURCHES.

Rev. C. E. Cragg, Napoleon, Took the Place of Rev. Mr. Neal, Prevented From Coming Owing to Illness.

The services in connection with the fifty-fourth anniversary of Queen Street Methodist Church came to a very successful conclusion with a meeting in the auditorium of the church last evening.

The Pastor, Rev. G. I. Campbell, acted as chairman. In his opening remarks he explained the absence of Rev. Thomas Neal, former very popular pastor of Sydenham Street Methodist Church, who had promised to be present and deliver the address of the evening.

The first to be called upon to address the gathering was Rev. Alfred Brown, who brought the greetings of Sydenham street Church. Mr. Brown's first remarks were humorous, and helped to chase away the disappointment of any who had come to hear Mr. Neal.

Rev. R. G. Peever, pastor of George Street Church, Peterboro, in the city visiting his son, who is in khaki, was present, and, pressed to say a few words, his address was of a reminiscent nature. He stated among other things, that he was ordained in Sydenham Street Church the year in which Rev. Dr. Ryckman was president of the Montreal Conference.

Dr. Nash, in a few encouraging remarks, brought the greetings of Brook Street Church in place of Rev. J. E. Glendinning, who was suddenly called to Toronto, and was thus prevented from being present.

Rev. Mr. Cragg delivered a carefully prepared address, which he stated he had delivered on a former occasion, the subject of which was "War and Prophecy," in the course of which he quoted extensively from Scripture to confirm his opinion that as has been claimed by others, the Anglo-Saxons are none other than the lost ten tribes.

A most interesting feature of the musical part of the programme was an organ solo by Mrs. Birch, of Winnipeg, daughter of Mr. and Mrs. Robert Meek, which was heartily enjoyed.

The choir sang two anthems in good style, showing the careful training they are receiving under the leadership of Mr. Chase.

The trustees of the church asked for an offering of \$500. Of this amount the pastor announced that over \$400 had already been contributed or promised.

The services concluded with the singing of the National Anthem.

BOWLES CRITICIZES GREY.

Says He Still Hampers Fleet in Blockade Work.

London, Jan. 18. Thomas Gibson Bowles, well-known, as an authority on maritime law, in a speech here yesterday severely criticized what he termed the ineffectual methods of the Foreign Office against Germany.

Low spirits, discouragement, the blues usually result from an exhausted nervous system. Start the uplifting process to-day by beginning the use of the greatest of nerve restoratives.

THE STAMPEDE HAS BEGUN

be needed, and then you will have the doubtful satisfaction of knowing that you were afraid to go when you were asked.

The citizens should give every possible assistance to Lieut.-Col. Low and his officers for this stampede. It is absolutely necessary that 700 men be secured in two weeks, and it is up to Kingston that the stampede has never fallen down when the need came to be answered.

Col. Low said he had been asked to co-operate with regard to the holding of a winter carnival here. He thought a carnival held last winter, would be a good thing in helping to recruit the 14th.

D. G. Laidlaw also spoke with regard to the proposed carnival, and pointed out that the merchants could not get a heavy railway rate. Application had to be made by either the City Council or the military authorities.

On motion of Aids, Fair and Gibson, the Council pledged its support to Col. Low in his recruiting campaign.

FOUND SOMETHING LARGE AND ROUND.

It Proved To Be an Air Bomb, and Suddenly Exploded.

Cologne, Jan. 18.—Ten children who were playing in a gravel pit near the local aviation grounds were killed yesterday by an air bomb. The children found the unexploded bomb and were playing with it when it exploded.

NOTE FROM THE CZAR.

Expresses Gratitude For Good Wishes From Canadian Government.

Ottawa, Jan. 18.—The Canadian Government has received from Czar Nicholas of Russia an acknowledgment of the New Year's greetings sent by the Dominion to Russia. The message is a personal one from the Emperor which follows: "To H.R.H. the Duke of Connaught: I beg your Royal Highness to extend to the Government of Canada my deep gratitude for their New Year's good wishes and kind appreciation of the services rendered by the Russian armies. We all follow with a feeling of greatest admiration the splendid part which the gallant Canadian troops are taking in this historic war."

The thanks of the Russian Government for Canada's recent gift of \$50,000 towards a hospital for Russian soldiers have been received by the Canadian authorities. Mr. Sazonov, Minister of Foreign Affairs, in his communication refers to the generous gift made by the Canadian Government and the profound appreciation of the Imperial Russian Government therefor.

Blockade Must Be Relentless.

Toronto World.—The London Spectator crystallizes the public opinion of the empire when it says the blockade of Germany must be relentless, governed neither by diplomatic discussion as to what the international meaning of terms may be, nor as to what was a blockade in other wars. Simply that no supplies of any kind must be allowed into Germany from any country, neutral or otherwise. What use of our naval power if we do not use it to the full? We cannot allow anything to go into Holland, Denmark, Scandinavia, because it will find a way from there to Germany. Germany has been absolutely relentless in the war. And the United States must abide by this decision of Britain, no matter what it may cost us or them ultimately.

LORDS AND COMMONS TO DEBATE BLOCKADE.

Lord Portsmouth and Sir Henry Dalziel to Raise Question.

London, Jan. 18.—In the course of the present week there probably will be debates in both Houses of Parliament on the question of a blockade of Germany. Lord Portsmouth will raise the question in the House of Lords Wednesday, and Sir Henry James Dalziel in the House of Commons.

"There is a growing feeling in both Houses," says the Times to-day, "that the navy should be given a freer hand in tightening the blockade. At the present we have a notorious division of work between the Admiralty, the Foreign Office, the Board of Trade, and numerous committees. They are trying to juggle them to carry out a policy which only lately has taken any coherent form, and they are obviously carrying it out with much friction and many conspicuous failures."

The Daily Telegraph urges immediate measures "to prevent commodities of any kind from reaching Germany." "What is required," the Daily Telegraph adds, "is a joint specific declaration by all the powers concerned that the measures at sea against Germany have behind them the united and firm will of the Allied nations. While England wants every honorable consideration shown to neutral traders, it wants the navy to prevent juridical niceties from interfering with the work of the fleet. The fleet must be employed remorselessly, ruthlessly, relentlessly."

GOLD OUTPUT A RECORD.

Transvaal Figures Give Satisfaction To London.

London, Jan. 18.—The Transvaal gold production in 1915 was £38,600,999. This was a record output, exceeding the 1914 figure by £3,900,000. The total for 1915 was £100,000 higher but this included accumulated reserves of £368,000.

The increase in gold yield is giving much satisfaction, having regard to the heavy demand on the stocks of gold here.

The unseasonable inquiry for gold for Egypt is arousing comment. The explanation probably is that the large number of troops in the protectorate is causing increased demand for notes, which must be covered partially by gold.

War Tidings.

King Gustav of Sweden, at the opening of parliament on Monday delivered warning aimed at Britain, that Sweden would not tolerate the blockade of her commerce to Germany.

An unconfirmed report from Zurich states that Prince Eitel Friedrich, second son of Emperor William, has visited his uncle (by marriage), King Constantine, of Greece, on a special mission from the German Government.

Two Danes, named Franzen and Lassen, have been convicted of espionage in German harbors extending over a period of months. They were sentenced to twelve years' imprisonment at hard labor.

BURNED TO DEATH.

(Special to the Whig.)

Toronto, Jan. 18.—A cable received here to-day says Flight Lieutenant Ross, supposed to be Gordon Ross, aged twenty-one, Toronto, was burned to death, when the tank burst in his machine yesterday. His parents here have had no official word.

THE HATCHET BURIED.

Gen. Hutton, Sir Sam Admits, Has "Outflanked Him."

Ottawa, Jan. 18.—"At last and for the only time General Hutton has outflanked me," was Sir Sam Hughes' comment on the cabled despatch from London, quoting General Hutton as declining to enter into any further controversy with Gen. Hutton, the alleged "apology" letter of the latter, which Sir Sam says was a forgery and was written probably by some well-meaning friend who wanted to smooth things over and put it on the militia files without consulting the warrior from Lindsay.

General Hutton is quoted as paying tribute to the "valuable services to the Empire performed in this present crisis" by General Hughes. In view of this tribute from his willom enemy General Hughes must also make the return courteous.
