NEW PASTOR INDUCTED

REV. E. R. McLEAN TAKES CHARGE OF COOKE'S CHURCH

Induction Took Place On Wednesday Evening Before Large Congregation—Rev. Dr. Morgan Declared Ministry Was No Place For Lazy Man.

Before a large congregation, Rev. E. R. McLean, former pastor of Bonar Church, Toronto, was on Wednesday inducted as pastor of Cooke's Church, this city. The Moderator of the Kingston Presbytery, Rev. A. S. Kerr, Belleville, conducted the induction ceremony, the members of Presbytery being present to extend the right hand of fellowship to the newly-inducted pastor. Rev. J. A. Wilson, Napanee, a graduate of Queen's University, preached the sermon. Rev. Dr. William Morgan of Queen's delivered the charge of the new minister and Rev. Dr. W. G. Jordan who has been acting as interim moderator of Cooke's Church during the vacancy, delivered the charge to the congregation. Rev. Mr. McLean will preach his first sermon on Sunday next.

In his sermon, Rev. Mr. Wilson spoke of the life of Isaiah, and the good work he accomplished. He declared that true greatness was found in the character and stand-

REV. E. R. McLEAN

fastness of the people. There was great danger of measuring greatness by the wrong standard. It was righteousness which exalted a man. He who would be the greatest must be the servant of all. His discourse was a most thoughtful one.

In delivering his charge to the new minister, Rev. Dr. Morgan congratulated Rev. Mr. McLean, on having reached the stage where he had a congregation under his sole charge. Such a position was one of God's best gifts, and an opportunity would call for his best activities. What more could a man desire than to have a man's work to do? "You have come among people who will give you love for love," added the speaker. "They will appreciate your work and stand loyally behind you in all your efforts to build up God's Kingdom. It is your task, and it will also be your pleasure, to be a true friend to your people. You will get to know them individually and have intimate relationship with them. A true Christian minister, as he works with his people, is doing a work the importance of which is never perhaps fully realized.

"It will be your duty to be a leader in every movement which has for its aim the advancement of God's claim. You have a message to deliver that is of momentous importance. I would urge you to magnify your office. Keep ever before you all the lofty ideals. You are a messenger of God to your people. You are an ambassador of Christ. Your task will not be an easy one. It is no office for a lazy man. I would advise you to keep up your reading and study. The pulpit is one of the greatest institutions of the Presbyterian Church. A minister should not be run off his feet so that he has no time or energy for pulpit preparation."

Rev. Dr. Jordan, before delivering the charge to the people, of the congregation, congratulated the congregation on their choice for a new pastor, and at the same time congratulated Cooke's Church on its continued prosperity. He also took occasion to return thanks to Rev. Dr. Torrance and D. A. Shaw, for the assistance they had given him in his position of interim moderator. He referred to the good work the many organizations of the church were going, and appealed for the loyal co-operation of every member in helping the new minister. "By loyalty I mean something that is wide and deep and strong, in the spirit of friendship and co-operation between pastor and people."

Rev. Mr. Kerr, as Moderator of the Presbytery, congratulated the congregation on having been able to fill the vacancy. He had been personally acquainted with Mr. McLean for some time. Cooke's Church had many splendid men in the past, but he felt sure that the newly-elected minister would not lower the standard.

During the evening, Mr. Shaw read a letter from Rev. J. W. McIntosh, the former pastor, now located at Prince Albert, Sask., in which he extended greetings to the new pastor and members of the congregation at the same time expressing best wishes for success in the work.

At the close of the service, Messrs. D. A. Shaw and H. W. Newman introduced Mr. McLean to members of the congregation.

Rev. W. T. Wilkins, Trenton, clerk of the Presbytery, was present, and was called upon by the Moderator of Presbytery to review the steps taken by the congregation to fill the charge. The proceedings closed with the benediction pronounced by Rev. Dr. M. Macgillivray.

THE SPORT REVIEW

Having an eye on the possibility of breaking into the international professional hockey league, Ottawa people are planning an artificial ice arena for the capital next winter, says The Ottawa Free Press.

The Montreal A.A.A. and McGill University are both represented by professional hockey teams that are under fire for disregard of amateur qualification and club affiliation.

From the O.H.A. viewpoint the question of gate receipts is not material, but it is a fact that the sold-out team of the 40th Battery drew down more money last Saturday than has been taken by the pro team at any game this season, says the Toronto Globe.

All the outlaws, outcasts, suspects and illegals find their way to Pittsburgh to earn a few dollars for the rink proprietors either as regulars or visitors. The Ottawa Aberdeen are followed by the Hull team, with Sudbury and Creighton Mine next on the list.

Jack Adams of Fort William, is the latest recruit to join the Calumet team, following the migration of Harry Nicholson and John Murray of Port Arthur to the same place. Alexander Wellington, also of Port Arthur, is one of the hired men of the Minneapolis team. He was with Cleveland one season.

At Revelstoke, B. C., Neil Nelson, who last week broke the Canadian record for long distance ski jumping by two feet, on Monday jumped one hundred and fifty-one feet, six inches, the official Canadian record there being exceeded by twenty-seven feet, six inches.

"Jack" Darragh, the clever Ottawa centre player, who was captain of the team, and one of the most brilliant performers of the Capital sextette that won the championship a year ago, has quit the club, and will likely retire from the game. After the game with Toronto he was fined by the directors on the recommendation of Manager Shaughnessy and Coach Smith. He refused to go to Montreal on Saturday, and declares he will never play for the Senators again.

Rev. John D. Morrow, "the Athletes' Parson," who held the intercollegiate and national championships for the 220 and 440-yard runs when a student at McGill University twenty years ago, wants to serve the colors with the Sportmen's Battalion being recruited in Toronto. Mr. Morrow is willing to take out a commission or be attached to the regiment of athletes, in the capacity of chaplain.

THE BLOCKADE NIPS CRAFTY YANKEE GAME

Cargoes Seized Will Be Confiscated And Not Paid For.

New York Jan. 20.—A Washington dispatch to the Herald says: Seized as the tentative proposal of the Allies to establish a formal blockade of the central powers is understood here, there will be one conspicuous result as affecting Americans, namely, that those crafty persons who thought to ship cargoes to Germany to obtain the war market prices of Hamburg, on the theory that if the British seized them they would be paid anyway, will find their goods hereafter confiscated by the Allies.

As to the fact that goods are getting into Germany from the United States no opinion needs to be expressed upon that point. The export figures of the United States speak for themselves. Imports into the neutral countries in many articles have increased many times their amount and value since the outbreak of the war.

WAR BULLETINS

Reports of the Allied ultimatum to Greece are officially denied.

British airmen scored a great victory over the enemy's airships on the west front.

It is officially denied that Montenegro has yielded to Austria.

Sweden is greatly annoyed over Great Britain's seizure of provisions on the Swedish-American liners.

An order has been issued by the commander of the German forces in Russia to confiscate everything they come across.

Senator Riley Dead

Victoria, B. C., Jan. 20.—Senator George Riley, Liberal, died at Victoria on Wednesday morning at the age of seventy-three. George Riley was born at St. Catharines, Ont., in 1842, and came to British Columbia in 1885. He was appointed to the Senate in March, 1906.

Catarrahal Deafness Cannot Be Cured

by local applications, as they cannot reach the lining of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give one hundred dollars for any case of Catarrhal Deafness that can be cured by Hall's Catarrh Cure. Circulars free. All Druggists, etc. E. J. CHEWY & CO., Toledo, O.

A COLLEGIATE VICTORY

OVER THE FRONTENAC JUNIOR HOCKEY TEAM.

Principal Slicer's Ice Lads Won by 9 Goals to 5 in An Exciting Match On Wednesday Night.

In one of the best hockey exhibitions seen here this year, on Wednesday night the Kingston Collegiate team defeated the Junior Frontenacs by a score of 9 to 5, giving them both games. In spite of the fact that the students won by a margin of four goals at no time during the game was the result sure. At the end of the first period the score was a tie.

Due to the evenness of the two teams, the excitement was intense from the start at 8.40 until the close at 10.40, and the game consisted of two hours of good back checking and wonderful individual playing by both sides. The students have since their last game developed much more combination, and though neither side preferred the working-in-close method to that of chance and long shots, the players work together speedily and kept both goalkeepers very busy warding off the bombardment of the rubber.

The first two periods were the fastest of the three, and during these two the game was illuminated by flashes of speed seldom seen in junior games. This speed, however, was confined strictly to the forward players, though the defense of both teams is quite good.

The crowd went wild for Frontenacs when Millan made the first goal, but when Paul passed and Stewart evened the score the Collegiate supporters had their chance to give inspiration by their noise. The lead was given to the Collegiate when Toland passed to Ferguson who scored.

The second period opened even faster than the first, and it was only after five minutes that Paul was able to tally another. The goal judge gave his decision that a score was made when Millan from behind in some way got the rubber into the net from in front. The count was in dispute for some minutes but it was counted. The next goal was scored when Stinson was able to knock the puck in after having fallen some few feet from the nets.

In the third period the tenth score made by Paul was by a long shot through the defense, and Holeman went up in the air. The referee finally sent him for a rest on the bench, and White had to tend goal for a few minutes. Before Holeman went off, however, Paul Stewart (twice) Toland each sent the score up. Stinson closed the incident by putting one over in a scrimmage near the nets.

The penalties, considering the rivalry between the teams, were very light, and for minor offenses players went off in the following order: First period, White, Carroll and Grattan; second period, Carroll, Toland, Millan and Hall; third period, Grattan, Carroll, Holeman and Ferguson.

The line-up was: K. C. I.—Goal, S. Toland; defense, Carroll and Ferguson; rover, Paul; centre, Stewart; wings, C. Toland and Millan.

Frontenacs—Goal, Holeman; defense, Hall and White; rover, Millan; centre, Stinson; wings, Elmer and Shewell.

E. Laing, Belleville, refereed very satisfactorily.

Table with 3 columns: Period, Player, Goals. First Period: Millan 3, Stewart 6, Ferguson 17. Second Period: Paul 5, Millan 7, Stinson 11. Third Period: Paul 3, Millan 7, Stewart 9, Paul 13, Toland 14, Stewart 15, Stewart 17, Stinson 18.

WHY CANADA WILL RAISE 500,000 MEN.

The Reasons Set Forth in the Order-in-Council.

Ottawa, Jan. 20.—The order-in-council authorizing the increase in the strength of the Canadian forces to a maximum of half a million, was brought down in the House of Commons. It bears the date of January 12th, and contains the statement that "developments in the various theatres of war indicate the need of vigorous and united efforts on the part of all His Majesty's Dominions to bring to the present conflict which involves the power, integrity and welfare of the Empire, and constitutes a menace to its existence."

The increase is authorized for these reasons, the five hundred thousand being, of course, inclusive of those already enlisted. Among the orders-in-council brought down by the Prime Minister is one which makes provision for the treatment and care of those returned soldiers whose experiences in battle have resulted in mental disorders of various kinds. Such cases are to be treated in the provincial asylums, the Dominion Government paying all charges. In cases of permanent insanity, if the sufferers are married men or the sons of widowed mothers, they will be granted at assigned pay rates during the period of treatment. On the permanency of the affliction being established the soldier will be discharged from the force, the right being reserved to his dependents to apply for a pension.

Another order-in-council provides for the punishment of deserters under the Criminal Code, the deserter being liable to imprisonment for two years.

Easy & Practical Home Dress Making Lessons Prepared Especially For This Newspaper by Pictorial Review

Attractive dress for growing girls, acceptably developed in blue serge.

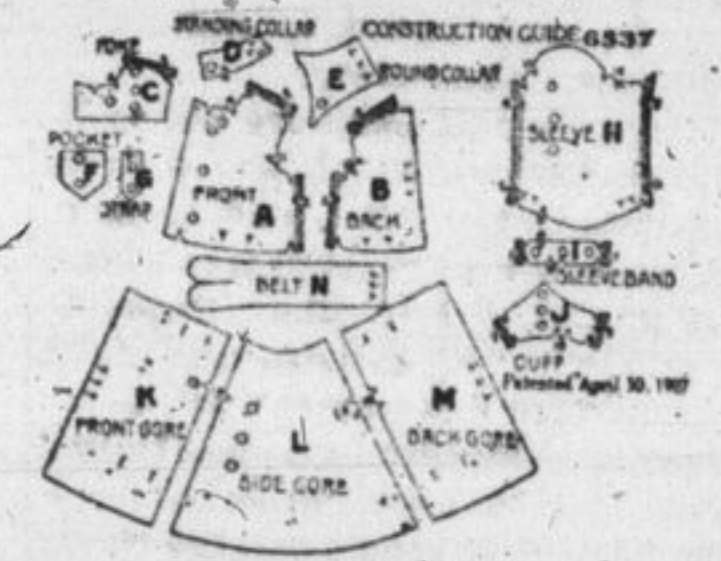

Although it is carried out in blue serge of a becoming shade, this little frock can be duplicated in various fashionable materials. It is trimmed with a yoke and pockets, all of which may be omitted, if desired, and the neck may have a turn-down or high collar. The skirt is a four-piece model, pleated, and is attached to the waist under wide belt. In medium size the dress requires 2 1/2 yards 44-inch material.

If pockets are used, and they are extremely smart, first stitch on the front of the waist, upper edges along cross-line of small "o" perforations. See Pictorial Review Dress No. 6527. Sizes 4, 6, 8, 10 and 12 years. Price, 15 cents.

It is stated in the order—that many deserters turn up after their units have left for the front, and when evidence of their desertion is difficult to obtain. It is provided that attestation papers are to be accepted as evidence for his absence from his unit being thrown upon the deserter in each case.

Natty Little Suit In Blue Serge. Strap to lower edge of yoke, notches and small "o" perforations even. Adjust yoke to position on front, corresponding edges even, and fasten with a button and buttonhole. Close under-arm and shoulder seams as notched. Turn hem in front at notches. Pleat lower edge of front and back, placing "T" on corresponding small "o" perforations. Adjust 1 inch belting to position underpeath lower edge of waist for a stay.

Between double "T" perforations. Close seam of sleeveband as notched, sew to sleeve, notches and seams even. Close seam of cuff as notched, line and sew to sleeveband as notched, small "o" perforation in cuff at seam of sleeveband. Sew sleeve in armhole as notched, small "o" perforation at shoulder seam, easing any fullness.

For the skirt, slash front gore to the left of center-front along double "oo" perforations for opening. Join gorges on small "o" perforations. Form box pleats, creasing on slot perforations, bring folded edges to corresponding small "o" perforations and press. Sew to lower edge of front and back, center-fronts and center-backs even. Adjust the belt to position, upper edge of belt about 1 1/2 inch above the upper edge of skirt, center-backs even; cross the ends in front as illustrated and finish with buttons of self or contrasting material.

At Toronto the Duke of Connaught made a statement that he only wore socks knitted by his wife. The Duchess is busy now knitting for the soldiers.

The Great King has doubted his personal bodyguard.
