would die and took him to the doc- Mr. II. J. Mahaffy, druggist, Port An Address At Queen's By Prof. John Watson

Prof. John Watson addressed the Queen's Y. M. C. A. meeting in Convocation Hall, Wednesday afternoon, He spoke on "Evolution and the War," and stated that German thinkers to-day see "they must conquer or lie down, and the fits continued, Edmanson, Bates & Co., Lth.: 'Tor- the world or come to utter defeat. During the last forty years the Germans accomplished tremendous financial and materialistic prosperity which told that war is elevating and uplifting because it is a struggle in which the weak are gotten rid of and the strong are left to rule the world; therefore "might is right," which is just the opposite to the British thinker who holds "right is might." As there is a struggle in the different grades of the animal kingdom for a higher grade, German thinks, according to the evolution theory that man sprung from a lower class of animal than he is at the present time. "But," said Dr. Watson, "we be-

lieve man is not subject to the laws of the earlier period of his stage: We believe he is living under a new law, in his new environment."
