MORE ABOUT WEBBER.  
Who is Charged With Defrauding Farmers.

An Oswego, N.Y., despatch says: Charles Webber, a former resident of Cape Vincent and a well-known northern New York cattle buyer, who was arrested by Government authorities on a charge of being a fugitive from justice, lived in this city for some time after leaving Cape Vincent, residing with his family at No. 75 East First street. It is claimed he purchased cattle extensively in the vicinity of Kingston. Farmers

there state they were defrauded of upward of \$35,000. After placing the cattle aboard cars and shipping them to the United States, it is claimed he paid the farmers by cheque drawn on his account in a Cape Vincent bank. The cheques were afterward returned because of lack of funds on deposit.

The Canadian authorities had been searching for Webber several months.

Children Don't Well.

John Macdonald, secretary of the Board of Education, has had handed him the sum of \$512, the amount collected by the pupils of the public schools in the last three months for Red Cross work. The sum of \$171.16 goes for Trafalgar Day and the remainder to the Red Cross work of Queen's University. This is certainly a good showing on the part of the scholars.

VOICE OF THE PULPIT

REV. A. H. SCOTT, PERTH, PREACHED IN CHALMERS.

Dealt With Predestination—Rev. E. LeRoy Rice's Sermon on the Life and Character of Peter.

Rev. A. H. Scott, Perth, preached on Sunday in Chalmers Church. In the evening his text was Romans viii, 29, 30: "Whom God did foreknow he did also predestinate to be conformed to the image of his Son; whom he did predestinate them he also called, and whom he called them he also justified, and whom he justified them he also glorified."

The preacher said that man proposes and God disposes, as God has predestinated the course of every individual born into this world. We suffer with Christ now, but the glory and Holy Spirit will help our infirmities, for we like Paul, will be able to say, all things work together with God to accomplish his good.

The people whom God foreknows he predestinates. If God know a people he chooses out a plan for them that if they so choose they may be heirs to the kingdom.

First Congregational.

At the First Congregational Church on Sunday morning Rev. E. LeRoy Rice preached an interesting sermon on the life and character of Peter from the standpoint of the man who attempted to walk upon the waters when he saw Christ. Mr. Rice said we must not judge a man by a single act in life, but this one act better than any other reveals the character of Peter. Peter's life is as open as a book, plain and frank. He often on the spur of the moment did those things which none of the other disciples had courage to do. Peter had his faults, like many others. When in the upper chamber with Christ and the disciples, pride took hold of him when he refused to let Christ wash his feet, and again when he betrayed Christ it was selfishness that pulled him down. How fitting an example this is to our lives. How many times the waves have pulled us down just because we took our eyes away from Christ to accomplish some selfish little thing.

THE HALLS OF QUEEN'S.

Some Notes Taken From the University Journal.

Dean Cappon will lecture on "Art" before the Levana Society next Wednesday.

Another Science student has decided to build bridges at the front. Paul Laframboise left last Monday to join the Engineers at Ottawa.

Lieut. F. G. Bird (Sc. '14), is visiting the University, recruiting a section of Queen's men for the 8th F.C.C.E., which will shortly go overseas under Major Wilgar.

The members of Science '17 who left for overseas with Queen's Battery were each presented with a pipe by the members of the year.

With the departure of A. Jackson with the 8th F.C.C.E. and D. G. Ludgate with Queen's Battery the Engineering Society is left without either a secretary or assistant secretary so that election for that office will necessarily be held shortly.

The results of the Y.W.C.A. elections, are as follows:—Hon. President, Mrs. J. Matheson; president, Miss Elizabeth MacArthur; corresponding secretary, Miss Audrey Arnott; recording secretary, Miss Winnifred Hay; treasurer, Miss Jean Cormac.

On Monday evening the Faculty and students of Theology met at the home of Dr. and Mrs. Scott. The occasion was the informal leave-taking of six members of the first and second years, going overseas with the 46th Battery. Messrs. Barry, Corhill, Caverhill, McArthur, McIntosh and Rose were each presented with a pocket-Bible and an address. Mr. Corhill spoke feelingly on behalf of his comrades.

ASK FOR DISMISSAL OF ALIEN ENEMIES.

Locomotive Works Employees To Present Petition to Management.

One of the results of the burning of the Parliament buildings at Ottawa is the circulation of a petition among the employees of the Canadian Locomotive Works asking the management to dismiss or retire thirty-six Germans, Austrians and Hungarians who are employed in the works. The petition is being signed by practically every other man in the works, in which there are about 1,200 men engaged.

Donates \$50.

The Edith Cavell Society of the Collegiate Institute has donated \$50 towards the furnishing of the Richardson Convalescent Home.

People are happy again over the abundance of snow.

BRIGHTER CHILDREN

Children are probably brighter to-day than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feeling make us wonder if they will ever grow into robust, healthy men and women.

If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body-forces to healthy action.

Scott's Emulsion is used in private schools. It is not a "patent medicine," simply a highly concentrated oil-food, free from harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes.

PATRONS OF CREAMERY

OF EASTERN DAIRY SCHOOL HELD ANNUAL MEETING.

In Future Cream Is To Be Graded And Paid For According To Its Quality.

The patrons of the Eastern Dairy School Creamery held their annual meeting at the School on Thursday the 3rd inst. The auditors, Messrs. Henderson and Stewart, submitted a very favorably report on the year's business, the following being a short summary:

Total pounds of butter manufactured, 99,444.

Average price per pound received for same, 32.3c.

Total amount received by patrons, \$26,894.89.

Average price paid per pound of fat to patrons for the year, 37c.

Average price paid per pound of fat for the season from April to October, 36c.

Taking the average percent of fat in milk for the twelve months to be 3.6 per cent, and for the seven months corresponding to the cheese season to be 3.4 per cent, the above prices would be equivalent to 11.33, and 11.22 1/2 per cent, of milk respectively.

A resolution was proposed and unanimously adopted that beginning the 1st of April next, all cream be graded and paid for in accordance with its quality. For this purpose it was decided to make two grades, No. 1, and No. 2, No. 1 to be paid a premium of 2c per pound of fat over that allowed for No. 2.

Cream, in order to grade No. 1, must be perfectly sweet and clean in flavor, No. 3 being sour or slightly sour. Any cream offered which can not be classified as either No. 1 or No. 2 to be either rejected or accepted at a price in accordance with its condition, at the discretion of the butter-maker.

The management of the Eastern Dairy School is desirous of setting an example to the rest of the creameries in Eastern Ontario, and hope to demonstrate the fact, that it is to the advantage of all creamery patrons to have provided, means where by each individual will be able to receive a direct reward for their individual efforts toward the production of a higher quality of raw material.

C.P.R. WINTER TOURS.

To Florida, Louisiana, Mississippi, California, Etc.

The Canadian Pacific Railway offers particularly good service to Detroit where direct connection is made for Florida, Jacksonville, and hope to demonstrate the fact, that it is to the advantage of all creamery patrons to have provided, means where by each individual will be able to receive a direct reward for their individual efforts toward the production of a higher quality of raw material.

The dining parlor and sleeping car service between Toronto, Detroit and Chicago is up-to-date in every particular. Connecting lines also operate through sleeping and dining cars. Those contemplating a trip of any nature will receive full information from any C.P.R. agent, or write W. B. Howard, District Passenger Agent, Toronto.

THE 33RD SIGNALLERS

Entertained by Mrs. H. Fowler, Rideau Street.

Before their departure for overseas, the signalling corps of the 33rd Battery were entertained at the home of Mrs. H. Fowler, 96 Rideau street, whose son, Arthur is sergeant of the same. Dinner was served at 6.30, with covers for twelve. The dining-room was decorated with festoons of red, white and blue bunting and flags. The table adornments were small flags and a large bouquet of red roses of the centre of the table. At dinner other guests arrived, and all enjoyed a game of progressive euchre, twenty-four games being played. The ladies' first prize was won by Mrs. J. H. McDonald, the gentleman's first prize by Robert Bennett; ladies' consolation prize, Miss Carmel Norris; gentleman's consolation prize, Victor Terraire. Light refreshments were served about two o'clock, after which the party broke up.

Before separating all joined in singing "Rule Britannia." "God Save the King," and best wishes were extended to the departing soldiers for a safe journey and a speedy return.

A Good Snowfall.

From Saturday afternoon off and on till Monday morning the city experienced a fall of snow, accompanied by a heavy wind. At times the temperature went up and it turned to almost sleet, but for the most part it was a fall of the beautiful and welcomed by every person. About four inches of snow covers the ground.

INCIDENTS OF THE DAY.

Local Notes and Items of General Interest.

Miss Irene Swift left Toronto on Saturday to visit her aunt, Mrs. J. W. Sullivan, Minneapolis, Minn.

Mr. and Mrs. James Crawford and George Nicol left on Friday for Florida to spend the next six weeks.

Quartermaster-Sergeant W. Elder, 59th Battalion, Brockville, spent the week-end at his home in the city.

Miss E. Kemp, Pembroke, has entered the Kingston General Hospital as a nurse-in-training. Her sister, Miss Leda Kemp, accompanied her to the city.

Henry W. King, supervisor of Inland Waters Division Examinations, was in the city last week, and examined J. Watson, 36 Livingston avenue, for mate's papers.

The condition of "Ulad" Murphy, the injured Argonaut football player, is reported at St. Michael's Hospital, Toronto, as being somewhat graver than usual. He is very weak.

"The Wayside Cross" was splendidly sung by Messrs. Lyons, Angrove, Pettigrew and Pound in Queen Street Methodist Church on Sunday morning. Mr. Pettigrew took the solo. The soldiers present in large numbers, enjoyed the quartette.

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.  
Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.  
Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

Ask Her.  
Ask the woman whose home is an ideal of homeliness, of good management and economy, how she keeps posted on the best methods of doing things, of the best things to wear and the most healthful and nutritious food to serve the family. She will tell you that she reads the advertisements. Her example is a good one to follow. The merchant who appreciates the custom of such thrifty prosperous housewives, will appeal to them through their source of information, the advertising columns of this paper.
