J. E. MORTIMER, Manager. CAN SEE PRISONERS NOW. Electric Lights in Police Station For First Time.

The much-needed electric lights at the police station, were turned on for the first time on Monday night, and were a great improvement, thanks to Ald. J. M. Hughes, the energetic chairman of the Civic Property Committee. These new lights were talked about for three or four years, but it remained for Ald. Hughes to see that they were installed. He got an electrician busy on Monday morning and as a result there was a great ray of light in the station at night. The men are now able to see the prisoners they bring into the "lock-up." With the old gas jets, which have been in service for the last century, it was almost impossible to see the men who were brought in.
