An Important Saving

The large and increasing policy dividends of the **Canada Life** are to a material extent an outcome of the very favorable mortality experience it has always enjoyed. Since its inception in 1847, the **Canada Life's** mortality has been only 60% of what might properly be expected.

The **Canada Life** has been called on to pay only \$240,000 in war losses, this being less than 10% of the amount known to be at risk.

The judgment and care which produced these excellent results have been exercised in other departments as well, and have been largely responsible for the splendid dividends, totalling over \$2,800,000, paid to policyholders in 1915.

The full Report will gladly be sent you.

Many Military Matters

(Continued from page 8.)

There must be 526 medically fit men come forward and volunteer their services for the 146th Battalion to bring that unit up to strength and keep the record of the city of Kingston at as high a standard as that of other places similar in size throughout the Dominion. When the Militia authorities decided that Kingston should be granted a battalion for overseas service, that battalion to be made up of men from the city and the counties of Frontenac, Lennox and Addington the move was not made until after careful consideration had been made. Facts were laid before the authorities of what other places of a similar size were doing and before the request was granted it had to be shown that there were the necessary number of men who would volunteer. These men who most certainly do exist in the city and counties have not yet come forward, and Kitchener's declaration that "Your Country Needs You" will apply to every one until the 146th Battalion is able to march through the streets of Kingston at full strength. The need has been advertised, the citizens have shown their support but the results have not been shown yet in the suits of uniform issued by Capt. James T. Sutherland, quartermaster. There is uniform for 526 men ready to be issued and a great effort will be made from now on.

There were on Monday exactly 627 men in the 146th Battalion under Lieut.-Col. Charles A. Low. These men are stationed in all parts of the city and counties. In the city there are 356 men. The remainder are divided as follows:

Arden, under Lieut. D. L. Bennett, 36 men.

Sharbot Lake, under Lieut. S. D. Wagar, 45 men.

Flinton, under Lieut. G. H. Patton, 61 men.

Tamworth, under Capt. J. Hannah, 4 men.

Verona, under Lieut. W. A. Mouck, 19 men.

Plevna, under Lieut. H. S. Wilson, 28 men.

Sydenham, under Capt. G. H. S. Campbell, 31 men.

Mountain Grove, under Lieut. H. W. Bromwich, 9 men.

The following are the latest to be taken on the strength of the 146th Battalion:

H. Cassell, A. Quinn, W. D. Shaw, N. S. Cassell.

On Tuesday afternoon J. Baker, a servant at the Royal Military College, took the oath from Col. Low. A large number of the servants from the R. M. C. have joined the C. E. F. and they have all proved to be good men. Pte. Baker wears an East African service medal and has completed over twelve years service with the Imperial Army.

Stanley R. Byron has been taken on the strength of "C" Battery, R.C. H.A.

The men of "C" Battery are receiving elementary drill until more recruits are taken on.

The guns are being used now by the officers and N.C.O.'s attending the Royal School of Artillery.

Major J. Hamilton, A. D. of S. and T., is making a test of the new tunnel rations.

Certificates of qualification at the School of Cookery have been granted to the following:

Pte. H. H. Smith, 139th Battalion.

Pte. W. Proctor, 139th Battalion.

Sergt. Wilkinson, 33rd Battery.

Pte. J. Barton, 146th Battalion.

L. Corpl. J. Bath, 93rd Battalion.

Sergt. H. W. Wride, 93rd Battalion.

Sergt. W. J. Brown, 109th Battalion.

Pte. K. R. Stewart, 146th Battalion.

Gnr. S. Norton "C" Battery, R.C. H.A.

Sergt. H. Orr, 146th Battalion.

Corpl. Walker, 146th Battalion.

Pte. R. Beattie, 136th Battalion.

Pte. B. Humphreys, 136th Battalion.

Sergt. Polkinghorne, 32nd Battery.

Pte. S. Anderson, 30th Battalion.

Gnr. J. Warren, 32nd Battery.

Gnr. J. Moore, 33rd Battery.

Corpl. Todd, 80th Battalion.

Mrs. Atkinson of the Patriotic League of Brockville was in the city on Tuesday afternoon and was shown through the Richardson and Elmhurst Convalescent Homes by Major R. J. Gardiner, A.D.M.S. The ladies of Brockville are very anxious to do something for the invalided soldiers in the Kingston homes and have already collected \$100 for the purpose. The visit of Mrs. Atkinson will show her exactly what is needed for the increased comfort of the soldiers who have come back from England and the front.

Three invalided soldiers arrived in the city on Wednesday afternoon.

Col. T. D. R. Hemming, D.O.C., is in Lindsay visiting the carnival and inspecting the 109th Lindsay Battalion. He will return on Thursday.

The following appears in orders: Lieut.-Col. W. B. King, D.S.O., has been granted colonial auxiliary forces officers decoration.

In the World of Sport

The National League baseball park at St. Louis is to be sold for building sites, and the games will be played at the American League grounds.

The recent six-day, twenty-four-hour-per-day bike race in Chicago was a financial failure. It appears that Chicagoans prefer to do their sleeping in bed.

"Bud" Courchesne of Cochrane is in New Liskeard Hospital with a broken hip, the result of a collision with a goal-post in a practice game.

The English Jockey Club is forwarding food for the racing people who are prisoners of war in Germany. At Rulleben Camp there are about 120 prisoners out of racing stables.

Jess Willard has called off his best with Frank Moran, which was to have taken place March 8th. The title holder is too ill to continue training, and rather than take any chances cancelled the match.

Catcher Pratt, who was with the Boston Red Sox for a little while last spring and later with the Feds, has been signed by the Salt Lake Coast League team.

The capital stock of the St. Louis American League Club has been raised to \$400,000, whereas it used to be \$80,000. Phil Ball has the lion's share of stock, with 2350 shares.

When Charlie Stewart, the Toronto Argonaut goalkeeper, was banished for going to his knees at a critical moment in the third period it marked his second offence against the rule during his career between the posts. Stewart was formerly with the Kingston Collegiate.

If the National League had voted to cut the bleacher seats down to 2500 in each park next season it would have been a tough blow for the Cardinals in St. Louis, for most of the patronage at their park is in the bleachers.

Charley White, the Chicagoan, whose left hand knockouts won him a 20-round match with Freddie Welsh, will meet Harry Pierce on Feb. 24. The White-Welsh backers are still looking for some wealthy club to stage the match at Welsh's price.

A Chicago despatch says: Home-Run Baker is still a White Sox possibility. It was learned to-day, when Manager Ravert announced that he had renewed efforts to land the star third-sacker. A statement by Connie Mack that Baker has not been promised to any club leads to the belief that he will make a deal if Conkley will offer enough.

Dominick Tortorich, a boxing promoter, announced last night that he had offered Freddie Welsh \$10,000 guarantee and \$500 training expenses to meet the winner of the Dundee-Mandot match, to be held March 4th for the lightweight championship.

Willie Hoppe, billiard champion, says his success is due to steadiness, which he attributes to clean living and good physical condition. Hoppe maintains a rigid system of exercise, and when getting ready for an important match he runs on the road like a boxer preparing for a long bout. Hoppe earns many thousands of dollars per year. He leaves shortly for Honolulu to play a series with Yamada, the Japanese expert.

Boxing (disguised under the name of physical education is the latest instructive innovation at Columbia University. Students who pass this course will get two points credit toward the degree. Gerald Weeman is the instructor in the basic art. It is rumored that Willie Ritchie, former lightweight champion, and now Columbia student, will take the course.

H. A. Hauser, of San Francisco, an official of the Lower California Jockey Club, has received word from his brother at El Paso containing the information that General Carranza, Provisional President of Mexico, has re-appointed Estaban Contu Governor of Lower California and had approved of all the concessions granted. This is considered good news by the Jockey Club, as it does away with any possibility of Carranza stopping the races at Tijuana, as was reported from time to time he would do.

Foxhall J. Keene's venture is sending Puss in Boots to England to meet her engagements in the Oaks is true sportsmanship and will please English turfmen. It is no certainty that the Oaks will be run, and if it is, it will probably be such a substitute race as was that of last year. The Oaks of this year closes with 317 entries of which some of the twenty-year-old fillies of last year were of extraordinary brilliancy in racing. Puss in Boots will find the endeavor to repeat the feat of Cap and Bells a tough task.

Hamilton Herald: Down at Toronto the baseball writers are inclined to think that the Hon. J. Franklin Shaughnessy, of Ottawa, has not got the necessary baseball knowledge stored in his think tank to take charge of the Leafs. James J. McCaffrey believes that Shaughnessy has, and James Jay is the man who does the hiring and firing. Shaughnessy proved the peer of all leaders in the Canadian League although he was aided in his pennant-grabbing by a healthy bank roll. If Shaughnessy had remained as close to the salary limit as the other teams each year, he would not be carrying the glory of winning four pennants for Ottawa. If McCaffrey's bank roll is not glued to the cash register, Shaughnessy will win a pennant for him the first time, even if he has been in a minor league for four years.

Ottawa Free Press: Last year at the completion of the 20-game schedule of the National Hockey Association, the Ottawa Senators and Wanderers were tied with 14 wins and 6 losses each. In sixteen games played by Wanderers to date they have lost one more contest than they suffered at the completion of the schedule a year ago, and they are tied for first place. It is hoped that the team competing the championship this season will not get by with less than nine or ten defeats. At this stage of the race in 1915, Ottawa had 12 wins and 4 losses, while Wanderers were running second with 10 wins and 5 defeats. The goal records have also shown a great change. Wanderers having counted 106 goals against their opponents in fifteen games against 70 in sixteen games this year. Ottawa had bagged 65 counters against 47 this season. The Senators' defence record is better this year, however, 38 having been registered against the team to date as against 55 a year ago.

On Thursday, Feb. 10th, the Excelsior hockey team played the South Crosby seven on the King Edward rink. Battersea and won a very close game by the score of 8 to 6. The Excelsiors are a new team, which Battersea is proud of, as they are all juniors, and in a year or two will make a good team. As this was the first game for the Excelsiors, there was a large crowd out to see them play. They have uniforms of black and yellow. The manager would like to hear from any country junior team for a game. The line-up: Battersea Excelsiors—A. Turner, goal; D. Williams and J. VanVolkenburg, defence; L. Patterson, centre; B. Rutian, rover; L. Knoble, right wing; E. Wales, left wing. South Crosby—N. Baxter, goal; S. Baxter and D. Hutchings, defence; E. Steward, rover; S. Hutchings, centre; R. Sly, right wing; T. Wales, left wing. W. Jackson, of the Battersea Beavers, was referee.

George Kennedy's Canadians, by virtue of their two victories over the Ottawa champions, must be considered in the hunt for N. H. A. honors. Their win over the Senators at Montreal was not unexpected, but few fans conceded them a chance to repeat right back in Ottawa. The four leading clubs are now closely bunched, and the Toronto Argonauts, who are practically at home, will have a great deal to say in regard to the disposition of the pennant. The blue shirts have been showing improved form of late, and should just about win all their remaining local fixtures.

Toronto Telegram: The Canadian Athletic Union some time ago called the attention of its Quebec branch to the scandalous state of affairs in the Montreal City League. What has been done to remedy it has not appeared. However, it is an indication that the Union is active. Ottawa Aberdeens and others in the east here played at Pittsburgh and Cleveland. The Ottawa team since then played with Queen's through a misunderstanding, but Belleville refused them a game. Argonauts will not play New Edinburgh, who have Tobin barred from the O. H. A. for touring tendencies. Pretty soon something will break for these eastern go-as-you-please gentlemen.

Toronto News: There is a possibility that a play-off will be necessary in the Toronto senior group. The Argonauts, though they did not account themselves, must be considered champions against the T. R. A. on Saturday, and in some respects were fortunate to win-are still in the running. If they take the measure of the Riverbides in the next game they will have an edge on the east enders, who have still another contest to play. Argos felt the absence of Gilbert Kennedy on Saturday, and but for the heavy work of Lafamme might have been beaten. It was not good hockey, and there are many good judges who believe that either the Victorias, or St. Michaels of last year, would have walked away from either Argos or Riverbides.

Pepin of Blind River is playing with the Soo team of the American "Amateur" association. McMan, the former Orillia player of Hamilton Alert fame, and of recent years with Fort William, is playing for the St. Paul, Minn., outfit, also members of the "Free and Easy League." In fact, most of the hockey players of Fort William and Fort Arthur have moved over to St. Paul or Houghton. According to advice from Houghton the Blind River player who has figured on that team has been released and returned to his home.

It can be authoritatively announced that Frank Gotch, the king of the wrestlers, has decided to come out of retirement and meet "Joe" Stecher, the sensational Nebraska wrestler, just as soon as the right offer presents itself.

Rather, Gotch has contracted to go touring with a circus, starting out the last week in April and showing for 200 days if business proves good. The arrangement is to have Gotch meet all comers from day to day, forfeiting "big" money whenever he fails to throw his opponent. It is said Gotch will receive in the neighborhood of \$1,000 a day.

Jess Willard, the heavyweight champion, has signed to go out with the same show. The owners of the circus have given Willard permission to engage in two fights, one in New York and one in the south or west, but they must take place before April 15th.

Appeals to Everybody.

Many people overlook the advantage of newspaper advertising. If the farmer has stock to sell, he can find buyers, if he wants to buy, he can have the sellers come to him. When anything is lost or found, when help is wanted, or a position is sought; when any article from a baby carriage to a pet fox could be exchanged to advantage, a small advertisement in the newspaper will accomplish the desired result.

Nearly everybody can use the advertising columns to advantage at some time, and every person will profit by reading the advertisements regularly.
