

COLLEGIATES DOWNED

BELLEVILLE WON WEDNESDAY NIGHT, BY 8 TO 2

And Took the Round by 12 to 6—The Collegiates Were Completely Outplayed in the Deciding Game.

By outplaying K. C. I. at every point of the game, Belleville won the Junior O. H. A. match Wednesday evening at the covered rink by a score of 8 to 2. They win the round by 12 to 6, as both teams scored four goals in Belleville on Monday evening. Belleville now enters the fifth round of the Junior O. H. A. with Arna Lee of Toronto.

The Belleville boys deserved to win as they outplayed the local team at almost every point of the game. The winners played combination and were able to bore in on the K. C. I. nets whereas K. C. I. appeared to be away off color. People who saw the game in Belleville on Monday evening say that they could hardly believe that K. C. I. was the same team as played such poor hockey on Wednesday evening. "Bob" Ferguson of K. C. I. appeared to be the only student who was playing his best for the local favored boys.

When the Belleville team got the puck they would come down the ice, passing it from one to another and in several cases got scores, whereas the K. C. I. boys did not seem to be able to get together for any combination rushes. Ferguson, who scored both "banks" got both of them on lone rushes.

W. R. Hewitson, Toronto, although only about twenty years of age, certainly knows how to handle a game. When he referees there is no fear of any rough play. He allowed a little lagging to go but caught all the off-sides and rough stuff.

The game commenced at 8.28 o'clock. Both teams started out to play very fast hockey with Belleville showing up a little the better. After eight and a half minutes Armstrong planted the first score. Time and time again the K. C. I. boys would get right in on the Belleville nets and shoot but the shots would either go wild or else hit the goal post. The strain of playing thirteen minutes without a score was too much for "Bob" Ferguson so he made one of his lightning rushes which resulted in a tally.

When the second period opened it found Belleville pushing the local team very hard so much so that it was only 45 seconds before Whalen scored for his team, only to be followed in three minutes by Armstrong. Stewart broke through for one that looked like a sure one but Nurse batted it off at leisure. G. Arnot made the score 4 to 1.

K. C. I. came back thinking that they could pull down the victor's lead but they could not get through for scores. Armstrong made the score 5 to 1 after three and one half minutes of play. K. C. I. got together for a minute which resulted in "Bob" Ferguson slipping in the puck for Collegiates' second score.

With the score standing 5 to 2, Belleville got some great combination going which resulted in three more points before time was called.

For the winners Green and Armstrong played great hockey. Green and Linnon, the defence, stopped many which might have resulted in scores. The most sensational man for Belleville was Nurse who tends the nets. He is simply a wonder.

The teams lined up as follows: Belleville—Goal, Nurse; left defence, Linnon; right defence, L. Arnot; rover, Whalen; centre, G. Arnot; left wing, Green; right wing, Armstrong.

K. C. I.—Goal, Toland; right defence, Evans; left defence, Ferguson; rover, Paul; centre, Stewart; left wing, Gratten; right wing, Spooner.

Referee—W. R. Hewitson.

First Period: 1 Armstrong—Belleville 8.30 mins. 2 Ferguson—K. C. I. 5.30 mins.

Second Period: 3 Whalen—Belleville 45 secs. 4 Armstrong—Belleville 3.50 mins. 5 G. Arnot—Belleville 7.05 mins.

Third Period: 6 Armstrong—Belleville 3.50 mins. 7 Ferguson—K. C. I. 1.00 mins. 8 Arnot—Belleville 6.30 mins. 9 Armstrong—Belleville 3.00 mins. 10 Whalen—Belleville 6.00 mins.

A Tie at Toronto.

It is not known when the semi-finals of the senior O. H. A. will be played owing to the fact that Riversides and Argonauts are now tied for the championship of the Toronto group. Argos won from Riversides on Wednesday evening by a score of 2 to 1. It had been expected that Riversides and Argonauts would have played off immediately, as the former were looked upon as winners in last evening's game.

A great deal of interest is taken by local followers of the games in the Argos on account of two Kingston boys, "Jimmie" and "Charlie" Stewart, playing on the team. At the first of the season Victor Gilbert, another Kingston player, was tending the nets, but on account of him going to hospital suffering from an attack of appendicitis, he is out of the game for the rest of the season, so "Charlie" Stewart took his place.

Stanley Trotter, secretary of the Frontenac hockey club, expects that the first game of the semi-finals will be played on Wednesday evening in Kingston providing that Riversides and Argonauts are able to play home and home games in the meantime. The return game will likely be played in Toronto on Friday next.

Curling Games.

Six club games were played at the curling rink on Wednesday afternoon and evening. The rinks skipped by R. N. F. Macfarlane won from J. A. McRae by 12 to 10. J. E. Cooke won from J. H. Birkett by 15 to 1. A. W. McLean won from R. J. McKelvey by 12 to 8. W. H. Montgomery won from W. R. Sills by 12 to 4. Dr. Watson won from a. Strachan by 14 to 9. J. M. Elliott won from J. H. Birkett by 12 to 0.

GERMAN GOES INSANE

DECLARED THAT THERE WAS A PLOT TO TAKE HIS LIFE

Has Been Drinking Heavily And His Mind Has Become Unbalanced—Ban Out of Boarding House During Night Scantily Attired.

Crying out that a man was going to murder him, Henry Pollex, a German, employed at the Locomotive Works, ran out of his boarding house, on Ontario street, about 3 o'clock on Thursday morning, very scantily clothed, and minus his boots, and caused great excitement. He was rounded up by Constables Arniel and Cotter and locked up in a cell at the police station. Vagrancy was the charge put against him in the Police Court, and Magistrate Farrell remanded him, in order that he might undergo medical examination.

He has been drinking very heavily, and it is believed that his mind has become unbalanced. Although drinking, he has lost no time at his work. He worked on Wednesday night until 10 o'clock but shortly after his arrival at the boarding house he commenced to talk strangely and declare that there was a plot on foot to murder him. He is married, but his wife is at present visiting in Montreal.

The accused had a long story to tell Magistrate Farrell about the plot to kill him, and the man's sad plight was most pitiable. "I heard two men talking and they said that they were going to hang me," said Pollex to the Magistrate. "That was the reason why I ran out of the house. I ran to save my life and I was just in time. I want to be put in a lunatic asylum as I have been working steadily since December 1st."

Pollex, according to one of the boarders at the house, where he has been staying was all right, when he came from work on Wednesday night, but that shortly afterwards he went suddenly insane. After getting into bed he got up and put the bed against the door, stating that men were coming in to kill him. Afterwards he ran out of the house.

After being placed in a cell at the police station, the prisoner still kept saying that men were going to shoot him. He said that one man who was implicated in the plot owed him \$11, and he made the request that this amount be collected so as his burial expenses could be met. It is believed that apart from drink, worry over the plot, has caused the German's downfall.

Poultry Association.

The annual meeting of the Central Ontario Poultry and Pet Stock Association was held on Tuesday evening. The election of officers resulted:

Honorary members, Dr. A. E. Ross, M.P.P., W. F. Nickle, M.P., Dr. J. W. Edwards, M. P., A. Rankin, M. P., P. R. E. Kent, G. H. Ogilvie, L. Col. Low, B. W. Robertson, Mayor Richardson, George Nicol. President, R. Coffey; 1st vice-president, A. B. Wilson; 2nd vice-president, T. A. Clugston; treasurer, James Holland; corresponding secretary, W. A. Patterson; show secretary, P. D. Brien; superintendent, R. Sinclair. Executive board, Messrs. Marlin, Williams, Walsh, Munsie, Thurlby, Dixon, Reese, Purcell; auditors, T. M. Asselstine, F. Crozier; judges (scoring), R. Sinclair, J. Martin, J. Holland, T. Clugston, N. Munsie and W. H. Reid.

Methodist Societies May Secede.

A meeting of representatives from each of the Epworth League Societies of the four Methodist churches was held on Wednesday evening. It was decided to hold a meeting of the four Methodist societies of the city on the last Monday evening in March. It is expected that at this meeting it will be decided to have a separate union of the four Methodist societies. There appears to be feeling among some of the members that if these four societies could get together more would be accomplished than at the present time.

The Late Corp. R. W. Fox.

The late Corp. Robert Willis Fox, who passed away at the General Hospital, was laid to rest with military honors on Wednesday afternoon in-law, Mrs. C. Dixon, 64 Cherry street. The funeral was conducted by Ensign Smith of the Salvation Army. The pall-bearers were six men of the 14th Battalion of which deceased was a member.

A wise man knows that he must learn to play second fiddle well before he can hope to be promoted to first.

TO ALASKA BY FAST SHIPS.

Grand Trunk Railway To Inaugurate New System.

Tourists this year will have an opportunity of visiting Alaska on the fastest and best appointed steamships that have ever sailed through the scenic glories of the North Pacific Coast.

The Grand Trunk Pacific, it is announced here, has placed in this service its big oil burning steamships, including the "Prince George" and the "Prince Rupert" and they will provide service from Seattle, Victoria, Vancouver and Prince Rupert to the Alaskan points at Ketchikan, Wrangell, Juneau and Skagway.

An important feature of this new service lies in the manner in which it will link up with the Grand Trunk Pacific's transcontinental railway connections. The Grand Trunk Pacific has its western terminal at Prince Rupert, within forty miles of the Alaskan boundary, and by using this route for their transcontinental journey passengers will be able to save at least two days on the Alaskan trip.

It is also anticipated that with the inauguration of this steamship service from Prince Rupert a very large amount of commercial business will move by the new Canadian route to the Alaskan territory which is rapidly developing. No country in the world is arousing more interest than Alaska at the present time.

IS THIS HAGEN?

Who Has Been Missing Since Battle Of Langemark?

Mrs. Kate Hagen, No. 6 Orchard street, has received a telegram from the Adjutant-General which states that George Hagen (No. 59404) has been wounded. Her son George Thomas Hagen of the above number was at the front with the 2nd Battalion but has not been heard of since the battle of Langemark. Her husband, George Hagen, 21st Battalion, according to a private message just received, has just been released from the hospital at Newcastle. She is making enquiries to ascertain the facts.

Annual Fur Sale. An event where generous price concessions, elegant styles and desirable selection make a wonderful buying opportunity. Discounts that are genuine. Now is the time for bargains in fine Furs at Campbell Bros. 84 Princess St.

LIBERAL PRESS. Budget a Blow to Mining. Montreal Herald. John Bain, in his address at the Reform Club on Saturday, indicated another anomaly in the working out of the new budget taxes. He claimed that a big blow had been struck at the mining industry by taking one-quarter of all the net profits over seven per cent. Undoubtedly he is right. A mining industry's dividends have to pay for both interest on capital and return of capital, since the mine gets poorer every day it is worked. Thus a much higher interest is necessary on a mining industry than on any other, and people will be much more reluctant to put capital into this most necessary industry if they have not the prospect of considerably higher dividends than other industries give.

COMMERCIAL PRESS. The New Tariff Bill. Journal of Commerce. The Minister has endeavored to define what is "capital" for the purposes of his scheme, but the definition, as it stands, will not work out equitably. The holder of a watered stock, which has now become profitable, will escape the tax, because his dividend is less than seven per cent. on the par value of the shares, but on the price he paid—if there was originally any price—his dividend is fifteen or twenty per cent. on the real capital investment. While this lucky fellow escapes, the holder of shares of a more substantial character, purchased at a high premium, is taxed, because his dividend on the par value is eight or ten per cent., though in reality it is only four or five per cent. on his investment. This is one of the most vulnerable parts of the Minister's plan.

CONSERVATIVE PRESS. A Portfolio Famine. Toronto Telegram. Ontario does not need a municipal department, a labor department, or any other department as badly as this province needs a Department of Common Sense. A Minister of Respect for Ontario's Money might be placed at the head of a department whose duty it would be to prevent the creation of Unnecessary Departments. Ontario's present supply of Cabinet Ministers is deficient in quality in quality rather than in quantity. Huge Potash Deposits. Washington, Feb. 24.—Senator Smoot is endeavoring to allay the fears of southern senators that cotton production will be seriously curtailed through exhaustion of the fertilizer supply. The Senator from Utah told the Senate that enough potash could be extracted from Great Salt Lake to supply the whole United States for 375 years.

Home-Made Candy and Chocolates Fresh Made Every Day. SAKELL'S. Next Opera House. Phone 640. FOR 1916. Thin Men and Women Can Put on Flesh by Getting 100% Efficiency from Their Food. Failure to Absorb Flesh Making Material in Daily Meals Keeps Weight Down. How to Make the Food Work and Satisfy. Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky fellows eat very lightly and keep gaining all the time. It seems all about this that this is the nature of the individual. It isn't Nature's way at all. Most thin people stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single pound. A great part of the fat-producing elements of their food just stay there in the intestines until they pass from the body as waste. Why not make this test. First weigh yourself. Then take Sargol—just one tablet at every meal and before you go to bed—for two weeks—then weigh again and note the difference. Let about the body—something too, that will multiply their red blood corpuscles and increase their blood-carrying power. There is a preparation known to reliable druggists almost everywhere which was designed to aid in supplying the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and it aims through regenerative, reconstructive powers to coax the stomach and intestines to literally soak up the fat-making elements of their food, where they folks eat very lightly and keep gaining all the time. You can readily picture what result this amazing transformation should produce as with increased weight, the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. Leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee until they pass from the body as waste. What such people seemingly need is a single food element that their blood can absorb them and deposit them all again and note the difference. Let about the body—something too, that will multiply their red blood corpuscles and increase their blood-carrying power. There is a preparation known to reliable druggists almost everywhere which was designed to aid in supplying the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and it aims through regenerative, reconstructive powers to coax the stomach and intestines to literally soak up the fat-making elements of their food, where they folks eat very lightly and keep gaining all the time. You can readily picture what result this amazing transformation should produce as with increased weight, the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. Leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee until they pass from the body as waste.

A Most Extraordinary Cure for Epileptic Fits. Mother Had Appealed to Three Doctors in Vain—Cured Four Months Ago by Use of Dr. Chase's Nerve Food. This letter from Mrs. Noxel is endorsed by Mr. H. J. Mahaffy, druggist, Port Colborne, Ont., as being true and correct. While it reports a most remarkable cure of epileptic fits by use of Dr. Chase's Nerve Food, it only goes to corroborate similar cures reported by others. Mrs. Henrietta M. Noxel, R. R. No. 1, Humberton, Ont., writes: "I cannot help writing to you, as I want you to know what a blessing Dr. Chase's Nerve Food and Kidney-Liver Pills have been to my boy. He was taken with very violent fits, would twitch all over, his eyes would roll towards his nose, his jaws set and his lips turn almost purple. He would clench his fists tightly, become unconscious and then go into a long sleep. After several hours he would wake up sighing and so weak he could not stand. I was afraid he would die and took him to the doctor, who pronounced his case epileptic. As his medicine was not effective and the fits continued, I took him to another doctor at Fonthill but his medicine seemed to make him worse. "As the boy's nerves were in such a state that he could not sit down or lie down, and the fits continued, I took him to a third doctor, who onto said that he would not undertake to cure epilepsy, as no doctor could cure it. That night I went home very much discouraged, and when I took my dose of Dr. Chase's Nerve Food I gave my boy a dose, and that was the first night in weeks that he slept well. I kept on giving him the Nerve Food three times a day and occasionally a Kidney-Liver Pill to keep the kidneys and bowels active. I can, with a clear conscience, say that he has not had even one fit since beginning this treatment. I give him no other medicine. He looks and feels well, and as there have been no returns of the old trouble for four months, I believe he has been cured. I can never cease to be grateful to the manufacturers of these medicines, for I am sure I would have lost my boy if it had not been for Dr. Chase's Nerve Food." Mr. Chase's Nerve Food, Port Colborne, Ont., writes: "This is to certify that I am acquainted with Mrs. Henrietta M. Noxel, and believe that the statement she has made in regard to Dr. Chase's Nerve Food is true and correct. Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Febr'y Sales. Have been large—prices being large—customers are saving money—that is, the wise ones are. Rugs and Carpets are in this sale—as well as Furniture. Our way of showing is easy and our prices are even easier. Phone 90. Yours T. F. Harrison Co.

YOU'RE BILIOUS! CLEAN LIVER AND BOWELS TONIGHT. Don't stay headachy, sick, or have bad breath and sour stomach. Wake up feeling fine! Best laxative for men, women and children. CANDY CATHARTIC CASCAROLS 10¢ WORK WHILE YOU SLEEP. Enjoy life! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive, and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store and eat one or two to-night and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or sicken like salts, pills and calomel. They act so gently that you hardly realize you have taken a cathartic. Mothers should give cross, sick, bilious or feverish children a whole Cascaret any time—they act thoroughly and are harmless. A Lady's Advice. "Turn that wrapping the other side out," said a lady in a dry goods store in a neighboring town as the clerk was putting up her purchase in a printed wrapping paper. "I don't want to be a walking advertisement to your store. I read the papers, as all intelligent people ought to do, and I think in them is the place to advertise your business, instead of asking your customers to carry your sign around with each purchase of goods. Go and tell the people through the papers what you have to sell and how you sell it." Difficult Job. "Mamma," asked five-year-old Harry, "isn't there one single thing God can't do?" "Not one thing," answered his mother. "Well, then," said Harry excitedly, "I'd just like to see Him make a rock so heavy He couldn't lift it Himself!" The Eskimos are very keen domino players and sometimes beat their wives, even at times putting up their wives.
