# Many Military Matters

(Continued from page 8.)  
Four of the best musicians in the Ottawa Salvation Army band have joined as bandmen in the 146th Battalion, and left on Monday to join their unit. They are F. H. Austin, F. H. Moss, T. Fellowes and R. H. Johnson. All of them are able to play on different instruments and will add materially to the strength and efficiency of the 146th band, in which nearly all the musicians were members of the famous Kingston Salvation Army band. Mr. Moss was for some time a virtuoso soloist in the crack Kettering Rifles band in England, which a few years ago won the Crystal Palace cup in competition open to all bands in the Old Country. Lieut.-Col. Charles A. Low, commanding officer of the 146th Battalion, has purchased a set of 30 new instruments for the band in England, and these instruments will later be given as a present from the colonel to the individual bandmen. Band-Sergt. George Granger, conductor of the 146th band, and formerly leader of the Kingston S. A. band, who is in Ottawa, returned to Kingston on Monday with his new comrades.

Pte. Albert Duffy, "C" Battery, R.C.H.A., is one of two sons and a father of the one family to enlist for overseas service. Pte. Duffy of 190 Sumach street, Toronto, has enlisted with the 75th Battalion. His other son Edward is also in uniform with the Toronto Battalion.

The School of Signalling re-opened this (Tuesday) morning with 100 signallers from all over the Dominion, forty from local units in attendance. The men are for this course being given subsistence and all are boarding in places throughout the city. Major D. E. Mundell, Commandant, was in Ottawa over the week-end making an examination of the equipment of the signallers of the 77th Battalion.

Staff-Sergt. Reid, S. of S., is in Ottawa for a few days.  
Next Monday evening, March 6th, at the Opera House, the band of the 80th Battalion, Belleville, will give an entertainment which promises to be of a very high order indeed. Bandmaster H. A. Stares, M.B. Bac., who is the leader of this excellent organization, is known far and wide as probably the most accomplished bandman in Canada. For fifteen years before becoming attached to the 80th Mr. Stares was the leader of the 91st Highlanders Band of Hamilton, and organist and choir leader in Christ Church Cathedral in that city. When Mr. Stares accepted the leadership of the 80th Battalion Band he took with him twenty-five of his former bandmen, and these he augmented with twenty selected musicians, so that his present aggregation is as good if not better than the 91st Highlanders Band. A high class program will be presented at the concert, consisting of instrumental solos, quartettes and band numbers. The concert is under the auspices of the Daughters of the Empire.

Col. G. Hunter-Ogilvie, A.A.G., while in Petawawa arranged the transfer of the duties as Commandant of the camp from Lieut.-Col. de la Ronde to Lieut.-Col. MacGregor.  
Sergt-Major Bailey, W.O., C.M.S.C., has taken over the duties of assistant adjutant of the 156th Brockville Battalion with the rank of lieutenant. Lieut. Bailey is the senior C.M.S. Clerk in Canada and has been trying for a long time to go overseas. He went to the 33rd Battalion but

Ottawa positively refused to authorize the transfer. Constant applications however weakened their resistance and he has now been allowed to join the C. E. F. Owing to his extensive experience in the service he will undoubtedly prove as valuable to the 156th Battalion as he was to the 33rd Battalion at Peterboro'.  
Lieut.-Col. Ketcheson, O.C., 80th Battalion, was in the city on Monday afternoon on militia business. He reports that the 80th Battalion is with a very few of being up to strength and every man is now well enough trained to go overseas. He is commanding one of the best battalions of the C. E. F.  
G. Peters and A. M. Babcock have been taken on the strength of the 146th Battalion.

Capt. Watson, Gilroy, Locket and Ketcheson, 80th Battalion, will come to the city on March 7th and try their field officers' examinations.  
Lieuts. Caldwell, Harper and Nicol, 80th Battalion, are in the city trying their captaincy examinations at the Provisional School of Infantry. Congratulations to Capt. R. D. Ponton, who has just been promoted to the rank of major. Major Ponton was even with the 2nd Battalion and was invalided home. Since returning he has been on the 3rd Division staff and ably assisting Lieut.-Col. W. J. Brown, General Staff Officer.

A recruiting meeting for the 146th Battalion was held in Harrowsmith on Monday evening.  
Retreat is being sounded this week at 6.05 p.m.  
Capt. G. G. Stewart, A.M.C., is transferred No. 7 General Hospital [Queen's].  
Major R. J. Gardiner, A. D. M. S., is constantly receiving letters asking as to what training nurses for the Red Cross work at the front must have. Hundreds of these are coming in and it seems as if every girl and woman in the country wants to get overseas to help the Empire in this crisis.

Every nurse accepted for the Army Medical Corps must be fully trained with at least three years experience in a military or general hospital, of at least 100 beds. No appointments are being made to the Army Medical Corps unless a position for the applicant is vacant at the time. There are thousands of names on the waiting-list at Ottawa.  
No. N. C. O. or man of the 146th Battalion is permitted to go down street any day before 2 p.m., except on passes or in possession of a written order authorizing him to do so.

Nothing but regulation swagger sticks will be carried by private soldiers and corporals and no one below the rank of sergeant will carry a crooked handle cane.  
No one but N.C.O.'s will wear whistle cords.  
W. B. Thorpe and G. B. Van Luven have been taken on the strength of "C" Battery, R.C.H.A.  
Lieut. E. B. Savage, recruiting in Montreal for "C" Battery, R.C.H.A., has already signed up fifty-three men for the very best type. Twenty men

## In the World of Sport

Owners of baseball clubs in both National and American leagues are said to have agreed that no player who has been offered a contract and refused to sign it shall be permitted in the training camps of any of the clubs. Almost every club in the two leagues has a few players who have not signed for the coming season.

Ottawa Citizen: That suggestion that the N. H. A. show its "firmness" by refusing to meet the Pacific Coast champions for the Stanley Cup, may sound all right to the managers, but not to the players. A sixty per cent. split on the receipts for three games would certainly be welcomed by Ottawas, Canadians, Wanderers or Quebec. This is war time.

Honus Wagner on Friday last celebrated the forty-second anniversary of his birth. "Fighting Dutchman" of the Pittsburgh team is one of the athletic marvels of the age. In all his many years in the National League he has hit below the .300 but twice. He retains practically all of his speed of other years, and his fielding and throwing are still sensational.

Montreal Herald: The "Dirty Ottawa" cry, which used to be a slogan at the Arena every time the Ottawa appeared in Montreal, has never been less deserved than this year. Ottawa's penalties, according to the official compilation, are considerably outnumbered by the penalties handed out to each of the other four clubs in the league.

Joseph L. Birmingham, the new manager of the Toronto baseball team, is engaged signing players for the 1916 season. Birmingham will have the able assistance of Arthur Irwin, now business manager of the Toronto club, and former scout for the New York Americans. Irwin has his eye on a number of young players, several of whom will go into training with the Leafs. The location of the training camp will be announced in a day or two. Birmingham will play centre field for the Leafs. His work in the American League was sufficiently good to war-

rant the expectation that he will lead the International outfielders.  
"Ted" Edwards, sporting editor of the Montreal News, picks Canadians for the N. H. A. championship. He believes their physical strength and splendid string of reserves will pull the "Flying Frenchmen" through on top.  
Now that the Western professional league have all the players they need they are again looking for peace with the N. H. A. Portland want a trip East to play for the Stanley Cup, and it is very likely that the N. H. A. will fall for the advance from the West. If peace is declared again it will likely last until they need some new players in the West and then we will have another little war.  
Montreal Gazette:—The weakness of the penalty system used by the National Hockey Association is best shown by the time spent on the bench by some of the players, and yet the teams are well bunched, showing that the ruling a player off does not weaken a team to any great extent, as a fresh, and in many cases equally as good a man is permitted to replace the player. The average attendance at the professional hockey games this season has been far below the standard of previous years showing a lack of interest in the sport, although the local teams are leading at the top of the standing for the championship. If peace is declared again it will likely last until they need some new players in the West and then we will have another little war.

According to advices from England it is likely that the English amateur track and field championship meet will be revived this summer. The games were dropped last year, owing to the war, but the English athletic authorities are of the opinion that conditions are favorable for the holding of the championship during the coming season. Naturally, if the meeting is held, the entries will be practically entirely military.  
Germany is also said to be con-

"I respect the professional hockey player of the N. H. A. He is honestly engaged in what is as legitimate as any other business. The bogus amateur is a thief and a cheat, and he and his 'managers' objects of contempt to every man of decent sensibility. Indeed, I am sure he despises himself."

**H. Jennings, King Street**
