Lieut. Raby has been in the city for some months and while here made a large circle of friends by his pleasing personality. For two years Lieut. Raby was city tennis champion of Ottawa and later won the Dominion championship.

Lieut. Welch and Cooke are both Kingston boys, the former being a brother of Capt. J. Welch, now assistant to the A.D. of S. and T., in England. The latter is the son of J. B. Cooke and is a graduate of Queen's University.

Lieut. Hudson, A.S.C., Winter Services, Kingston, left on Friday night for Quebec where he will attend the Army Service Corps School.

Part of an Irish regiment at the front were manning a trench within a hundred yards of the German trenches. Notwithstanding their critical position, jokes were being freely exchanged, when a Jack Johnson shell exploded close by, burying one of their number in loose earth. The other made all haste to rescue him, and called to him to cheer up, as he would soon be free.

"Are you all right, Pat?" they enquired anxiously.

"Yes, but for hivin's sake get me out at wanst."

"We'll do that in next to no time, for Clancy is helping, and you know what he is."

"Sure, I do that. But ask him to step off the ruins. I've enough on top of me without him."

Why Support The Y. M. C. A.
Because—it is a "character factory"—not a fashionable club. It is not, and cannot be, self supporting because it sells membership privileges at a loss to both men and boys. This loss is made up by the subscriptions of public spirited citizens.

Because its doors are open to boys and men of all classes and creeds. Because of its wide open doors to the soldier and the stranger in the city.

Man Shot And Suicided.
Swift Current, Sask., March 4.—Mrs. Edward Hellman, aged fifty, of Port Reeve, north from here, shot and killed John Scott, aged thirty, a wealthy farmer bachelor, and then killed herself, Scott formerly lived at Kemptville, Ont.

March winds make rough hands and faces. Go to Gibson's Red Cross Drug Store for Almond Cream.

The doctor is often blamed because the patient fails to follow his directions.

It is discouraging when the man in the gutter is determined to stay there.

THEATRICAL NEWS

"The Winning of Barbara Worth."

One of the most popular successes of the past two seasons is "The Winning of Barbara Worth," by Harold Bell Wright, prepared for the stage by Mark E. Swan. As a book it is an extraordinary success, being the happiest of Mr. Wright's many excursions into the realm of fiction. Mr. Swan spent a year in preparing it for the stage, and the result is a great play. Many critics pronounce it the best book play ever written. Startlingly true to life, utterly unaffected, characters sharply contrasted, the story is told in a vivid, gripping manner. Last season, in spite of the general depression, the success of the play only seemed to emphasize the fact that the public will pay to see what they want regardless of conditions. The title suggests a series of happy incidents, with love and laughter, courage and enterprise, daring and danger admirably blended. "The Winning of Barbara Worth" will draw a packed house when it is presented at the Grand to-night.

At The Grand.

Mary Pickford in "Madame Butterfly," a magnificent photo-production, is the feature picture at the Grand Opera House for the first three days of next week, commencing with a Monday Matinee, but not on Monday night as the 80th Battalion have a concert that evening. However the usual good vaudeville and pictures will be given on Tuesday and Wednesday evenings with matinee daily commencing Monday. The programme includes as well as the idolized Mary Pickford, a Universal photoplay, a comedy film. The Pathe News, and the Paramount Topical Budget. The vaudeville consists of two headliner acts, a double, and a single, which together with the excellent quality of the pictures will make the best combination secured for the Grand this season in the vaudeville and picture line.

Coming, "Joe Quinney."

A charming, quaint comedy of antiquities and lore is "Joe Quinney" which duplicated in New York the success it met with in the English capital where it played at the Haymarket Theatre. It is played by an all-English company from that theatre. The role of Joe Quinney is played by Clifford Brooke, with humor and distinction. Others in the cast are Lucy Beaumont, Bessy Dainty, Arthur Granville and Cecil Fletcher. Quinneys plays a return engagement at the Grand on Saturday, March 11th, matinee and night.

At the Strand.

Edward Connelly, the illustrious character actor, will be seen at the Strand Theatre on Monday, Tuesday and Wednesday in the film production of George Ade's famous southern story, "Marse Covington."

Mr. Connelly plays the role of the lovable old southerner, and gives the part a piquancy and attractiveness that made the role stand out in the stage production as one of the big character hits of the 1913 New York season.

"Marse Covington" will be seen on the screen in five acts of picturesque photoplay, and will afford lovers of the silent drama their first opportunity of seeing this eminent character actor, Edward Connelly, in a role he made famous. Other good photo-plays will also be screened.

Notice to the Public.

The management of the Wonderland Theatre has sold the Wonderland to Peter Lee, who will conduct a first class restaurant, and has purchased the Ideal Theatre from Mr. Nugent, and will open up Monday night with a first class programme: Marian Leonard in "The Rose of Yesterday," in three parts; "Told in the Rockies," two parts, featuring Lillian Hamilton and William Mong.

In the future we will show the best three four, five and six reel features and comedies money can get. We thank our patrons for past favors, and hope to see them in our new place of business.

J. Ashworth, Manager and Proprietor.

Gilson Concert.

Particular interest is centered in the numbers to be contributed by the R. C. M. A. band at the concert to be held in Grant Hall on Tuesday, March 7th. This organization has been brought to its present high state of efficiency through the untiring efforts of Lieut. Alfred Light, who is a graduate of Kneller Hall, Royal Military School of Music, England. Mr. Light came to Canada some eight years ago and was appointed bandmaster of this band. Through his energy and musical knowledge the organization has been placed on an equal footing with the famous English Guards and other celebrated bands which have visited this country from time to time. This one item alone assures of an enjoyable evening.

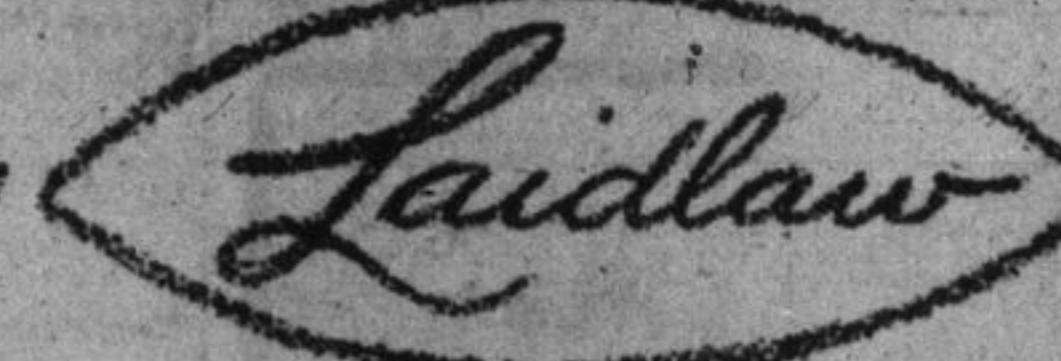

Action Should be Taken.

A citizen writes commending the Whig for drawing attention to the removal of snow from sidewalks, and thinks a few examples in the way of fines are needed. It would be very easy for the police to summon people, for the by-law is very explicit. Snow must be removed six hours after a storm. The citizen also calls attention to the danger of snow and ice on roofs. Household should be brought to time for falling to clear their roofs. If accidents should occur they will be responsible for damages.

Closing the Series.

Belleville curlers senior and junior defeated Napanee on Thursday night. Belleville Juniors have won the western group of the C.O.C.L. and will play Brockville, the eastern winners early next week in Kingston. Belleville seniors are tie with Napanee and this will likely be decided early next week at Napanee, the winners of which will play the winners of the eastern group at Kingston.
