Many Military Matters

(Continued from page 12.)
On Thursday Sir George E. Foster furnished the information to the House of Commons that the population of Canada was 7,200,643. The total number of males is 3,821,995, and the total number of males between the ages of 19 years to 40 years was 1,344,563. He added that if 500,000 men were taken out of the country for military purposes there would be left 82 per cent. of the men of military age.
If comparing the work of the 3rd Military Division Area with what has been done and what is being done in other divisions, Col. T. D. R. Hemming's "acresage" stands up highly. The population of the division is approximately 870,000 people. Of this number, on the percentage of the Dominion statistics given out by Sir George Foster, the number of males in the division would be 382,200 and the number of males of military age (between 19 years and 40 years) would be about 125,000. When the whole of Canada is asked for 500,000 men for the battle front this division is being asked to supply 47,000.
In an interview Col. T. D. R. Hemming announced that the 3rd Division had already secured 26,000 recruits for the Canadian Expeditionary Force. This means that whereas all over Canada people are putting up their hands and crying that it can't be done, this division has already secured over half of the required number.
The big cities have received much publicity because they are sending men to the front in large numbers. Proportionately, the cities are now doing as well as they should.

It is absolutely impossible to secure the exact number of Kingston men who have volunteered for overseas service. There is no doubt, however, that as much as places like Montreal and Toronto may shout as to what they are doing, the smooth-running methods of the 3rd Division and of the military authorities of Kingston are doing more than their share.
The orderly officer is he who daily sees that there is order everywhere. No position carries with it so many opportunities for unpopularity. The officer who glances around a barrack and notes that the floor has been well swept, the equipment are in their proper places, the bread cupboard is clean and the blankets folded properly, and then, compliments the orderly, wins the approval of the men. He may say that every barrack he visits is the best. Very good. The men like him. They do their best for him. If he has them on parade or on fatigue, they will work hard.
But if the orderly officer has the housewifely instinct highly developed, if he makes the circuit of the barracks with but one object, to try to find something left undone, then the men know that as a general rule,

on a march he will forget to "change arms," or will not give the order "step short" when the column starts up a hill. And it is these things, as a senior officer told a subaltern the other day, "that have the men damning you under their breath."
An officer of this stamp will always have trouble with the men. They will try to put something over, whenever, the opportunity presents itself.
The Brockville Times speaks highly of the concert rendered by the band of the 80th Battalion, C.E.F., assisted by Miss Victoria Stares at that town on Wednesday night.
Bandmaster Stares has a splendid organization of which he may be justly proud. He is a musical director of marked ability, and led the band through the most intricate passages with mastery skill.
Miss Victoria Stares, soprano, of Hamilton, was the assisting artist and she won the hearts of everyone by her beautiful songs. Miss Stares has a sweet clear voice, and gave thorough interpretation of the most difficult solos.
Lieut. Dettlor of the 80th Battalion, Belleville, has been transferred to the 155th Battalion.
Major Gray, 146th Battalion is still on the sick list.
Lieut.-Col. H. B. Smith, General Staff Officer of the 1st (London) Division, was in the city on Friday visiting his son, who is a cadet at the Royal Military College.
Capt. Kane, Brawley, Campbell, 146th Battalion, were examined at the Provisional School of Infantry on captain's qualifications.
Sergt. Herbert Kelly, Orderly Room Staff 146th Battalion, is on the sick list.
Major H. R. Wilson, D.A.A., and Q.M.G., was expected to return from Ottawa on Saturday.
Capt. G. G. Mills, No. 1, D. A. C., is field officer on Saturday and Capt. Henderson, No. 5, P. C. E., is field officer on Sunday.
Staff-Sergeant P. A. Munise, P.A. M.C., is detailed for instructional duty in connection with the A.M.C. school at Ottawa.
Lieut. J. F. Harte, A.M.C., is detailed for duty with recruits stationed at Athens.
Lieut. R. E. Vallin, A. M. C. is detailed for duty at Water Street General (Base) Hospital, Ottawa.
Lieut. F. C. Hambrook 47th Regiment, is attached to the 136th Port Hope Battalion.
Lieut. W. G. Ryan, 19th Regiment,

is attached to the 155th Belleville Battalion, C.E.F.
Lieut. S. E. Goodeve, 8th Brigade C.F.A., is attached to the 51st Depot Battery, C.F.A.
Lieut. J. B. Finley, 45th Regiment is attached to the 109th Battalion, C.E.F.
It is published for the information of all concerned that examination of damaged rifles has, in many cases, seemed to show that the damage was caused by neglect on the part of the user. Commanding officers should ensure that all ranks are well versed in "the care of arms" and that rifles are not subjected to unnecessary rough usage.
F. S. Shepard, Y. M. C. A., secretary, Toronto, left at noon on Friday for Toronto. In an interview relative to the placing of Y. M. C. A. workers in the internment camps, Mr. Shepard stated that the association had no intention of taking over the running of the canteens.
F. W. Little, well known here as the Military Y. M. C. A., secretary at Barriedfield camp, is now in charge of the work for the 91st Battalion at St. Thomas.
Frederick Smith has been transferred from the 146th Battalion to the 59th Battalion.
Pte. J. E. Freeman has been provisionally appointed a corporal in the 146th Battalion.
The following have been taken on the strength of the 146th Battalion: C. McCabe, B. Brown, D. Huyck, F. Piper, J. H. T. Lamb, J. E. Freeman.
Capt. E. J. Kyle is leaving Merrickville, for Kingston to take up a further course of instruction.
The following Brockville boys are stationed at Kingston with the 3rd Division Ammunition Column: Drivers R. Richard, E. Inman, H. Inman, W. Chilcott, Gunners, Thomas Sheridan and E. Sheridan.
The ladies of a certain Ontario county sent over a supply of pyjamas to a regiment that went overseas with the First Contingent. This regiment was commanded by a genial old colonel, who was also a politician. The ladies, having received no reply of their getting them, sent a cable to the colonel, saying: "Anxious to know if you got pyjamas last month? Answer."
The colonel had never heard of pyjamas. The old-fashioned nightie had always done duty for him. He called back: "Story is a lie made out by enemies to injure me politically. Admit I am not a teetotaler, but never had pyjamas last month, or any other time."

In the World of Sport

Detroit has purchased Pitcher George Kaiserling, last year with the Newark Federals.
-Tris Speaker, who was credited with a salary of \$16,000 last season, is reported to be willing to earn \$8,500 this year.
Joseph Devine of Albany, N. Y., a catcher, has been released by the Boston Red Sox to the Montreal Internationals under an optional agreement.
Belleville Intermediates are said to have a great defence player in Eymac. This is the player that Manager Boon, of the Montreal Wanderers, tried to secure a month ago.
C. H. Thomas, former president of the Chicago Cubs, now admits that he and Hodger Rosenbath are trying to buy the Cleveland American Association team for the purpose of shifting the club to Toledo.
Dr. Robert Hanley of Kingston won the second race at Havana with Lamb's Tail. His partner was unplaced in the last race. They are very short of horses at the Cuban capital.
Toronto News: The O. H. A. referees must be better judges of off-side than they are of hockey players, if they were of the opinion that Frontenacs of Kingston were in a class with the Riversides at Kingston last night it was a procession with the east enders always in front.

Sam Ross, the young South-paw of the Ottawa Canadian League team who is now with the New York Yankees at their training camp, and who was wanted by the Toronto Club, is not available for the Leafs. Manager Joe Birmingham has been informed that Ross has already been "placed."
If the Ottawa Hockey Club wins out in the National Association championship race this season, the Stanley Cup series against Portland, Pacific Coast finalists, will take place in Ottawa, or not at all. This decision was reached at a meeting of the Ottawa directors.
One of Toronto Aura Lee's trick plays is for a defence man to start a rush at full speed behind his own goal. Naturally the opposing forwards go after him. When the puck-carrier gets behind his goal, however, one of his own players come from the opposite direction, takes the puck while going at full speed, and thus has one side of the rink clear to make his rush. It is a clever play and the Auras have it perfected.
Tyrus Raymond Cobb is the lar-

gest salaried baseball player in the game. With the cut in the salary of Tris Speaker by President Lanning of the Red Sox the annual sum of \$5,000 paid to Cobb is larger by \$2,500 than the amount paid any other player. Walter Johnson, the Washington pitcher, ranks near to Cobb, with an annual income from baseball of \$12,500.
Frank Bissonnette, known as one of Canada's greatest lacrosse players in the palmy days of the Capital Club, died in Ottawa Thursday following two weeks' illness of typhoid pneumonia. Bissonnette, who was employed in the Northwest Mounted Police Department, went to Ottawa from Kingston in 1889. For many years he played on the Capital team when they held the championship of the world.
An Ottawa despatch says: Ernie Butterworth received a telegram from Harry Shannon, of Cleveland, yesterday, stating that they had closed arrangements there for the playing of two games. They will likely take place on March 15th and 14th. The contesting teams will be the Ottawa All Stars and the Cornwall Victorias. The Vics will also come to Ottawa on the night of March 11th and play a game here against the Ottawa girls. Before they leave for Cleveland, these clubs may also play two games at Pittsburgh. Bimby Shore will act as coach for the Ottawa team, which will be chosen from the best available hockey players in the city. It is understood that Miss Muriel Lee, Miss T. Turner, Miss Eva Ault and Miss Edith Anderson have been nominated for positions on the Ottawa sextet. About eight players will be chosen. Later on the teams will be taken to Boston and New York. The ladies' hockey craze has hit Cleveland, Pittsburgh and many other cities, and good guarantees have been offered for the appearance of the Canadian girls.
Capt. "Tom" Flanagan of the Sportsmen's (180th) Battalion has been offered the post of Physical Director of No. 2 Military Division, involving the supervision of more than 20,000 enlisted men of the Canadian Expeditionary Forces, and will accept the appointment.
An enormous scheme of athletics has been evolved by the army authorities to condition the men physically for services overseas. All seasonal sports will be thoroughly organized and inter-unit and inter-divisional contests arranged. Divisional area No. 2 comprises Toronto, Hamilton and all the principal cities and towns of central and northern Ontario.
The future of Cy Falkenberg, once with Toronto, one of the highest paid players in the Federal League, is being watched by baseball men. Thus

LITTLE THINGS THAT COUNT

Even in a match you should consider the "Little Things." The wood, the composition, the strike-ability, the flame.

Eddy's Matches

Are made of strong, dry pine stems, with a secret perfected composition that guarantees "every match a lighter." Sixty-five years of knowing how—that's the reason. All Eddy products are dependable—always.

Its a Treat

To chew King George Navy Plug. Made from pure, rich tobacco, every ounce of which is carefully selected, then blended according to our process.

King George's NAVY PLUG

Has a delicious, non-irritating sweet taste—and it is universally recognized that sweetened tobacco is much more healthful than the old fashion "strong", unswetened plug.
It leaves a long, lingering flavor and guards the teeth from the ravages of "acid mouth", the cause of nearly all tooth decay.
