"They're mighty strict about getting your hair cut" said a private of the 146th Battalion to the Whig. For sanitary reasons as well as the fact that a military hair cut is the most sensible of any the order is strictly enforced. About once a week a parade of the 146th Battalion is held and every man who has too heavy a crop is told to fall out and get some trimmed off.

Lieut. W. G. Balley formerly of the C.M.S.C., at the Armouries, now assistant adjutant of the 156th Battalion, passed through the city on Tuesday afternoon on his way to Toronto. He did not stop off.

The attention of commanding officers is directed to the large numbers of men to be seen walking about the streets during drill hours. Steps are to be taken to eliminate this irregularity, which reflects on the administration of the units concerned.

The Long Service and Good Conduct Medal has been conferred on Sergt. W. Bramah, "C" Battery, R.C.H.A.

Several fine airs have been added to the collection of player rolls at the Militia Y.M.C.A. piano. This instrument has proved a most popular feature in the recreation here.

A consignment of special paper has been unduly delayed but is now promised at once. In the meantime the Y.M.C.A. is depending on the kindness of the city for the use of some of their pads.

At a recruiting meeting recently the speaker, having got his audience in a high state of enthusiasm by telling them of the many brave deeds of the British soldiers in France, suddenly espied a big, strongly built man at the back of the hall. "My man," he cried, "how is it that you are not at the front?" "Oh, it is all right," replied the burly yokel. "I can hear every word you say from here."

In the World of Sport

"On to Berlin" is the cry of both Riversides and Aura Lee. Incidentally, both Toronto teams should be returned champions, says the Mail and Empire.

The St. Nicholas' team of New York defeated the Harvard club seven of Boston in a game in the Amateur Hockey League series by a score of 4 to 1.

The northern division of the Saskatchewan Amateur Hockey Association has been won by the Saskatoon Pilgrims, who, in the final game with the Prince Albert Mintos, won by 6 to 5.

The Calgary Victorias won the championship of the Calgary section of the Alberta Amateur Hockey Association when they defeated the Calgary Cubs by 7 to 2 in the deciding game.

"Cyclone" Taylor leads the goal-getters of the Pacific Coast League with 21 goals to his credit. Lester Patrick, manager of the Victoria team, leads the defence men with a total of 13 goals, and, incidentally, is fourth on the list.

An Englishman who has invented a machine to register the motions made by muscular efforts claims it is useful in identifying criminals by their walk.

"Newy" Lalonde and Pire, of the Canadiens, are leading the N. H. A. scorers, with 23 goals each, or one goal ahead of "Joe" Malone, of Quebec. Cy Denny, of the Torontos, had 19. Corbett Denny 18, and Keats 17, to their credit.

The action of the police this season in taking into custody rowdy hockey players has done much to eliminate rough-house tactics in the games. The players are well aware of the conditions, as was proven on Saturday night, when a Quebec bulldog was heard to remark: "We know the police will arrest you if you start anything around here."

Hockey Club are still fighting to retain the Allan Cup, and they have now figured out a scheme which they hope will enable them to do so. Their latest scheme to keep hold of the world's amateur hockey trophy, however, is very thin.

Here is the scheme: Monarchs are claiming that the Patriotic Hockey League championship did not carry with it the Allan Cup, but that the Winnipeg Amateur Hockey League did, and since, the Winnipeg League was not in action this winter, that last year's champions should again defend the cup.

The American National Hockey Association, with Roy D. Schooley, of Pittsburgh, as president, and Julius T. Fitzgerald, of Chicago, as secretary, has been organized in New York. It was explained that the new association planned to conduct a league along the lines of organized baseball, with teams in New York, Chicago, St. Paul, Pittsburgh, Philadelphia, Detroit, and Milwaukee, the winner of the championship to play the winner of the Canadian championship for all-American honors. A meeting of the new association will be held in Pittsburgh on March 17th.

It is said that the tax on race tracks in Ontario will be increased from \$500 per day to \$1,500 per day at the present session of the Legislature.

This is said to be the Government bill, instead of taking a percentage of gross receipts, or a share of the mutual investments, or a slice of the profits of the ring that prevails on the half-mile. This would ensure an income of \$125,000 to the Government.

Toronto, News: Before the senior finals are played it would be well for the Ontario Hockey Association to carefully scrutinize the records of all the players on the Berlin and Riverside teams. It is alleged that at least one or more of the participants are ineligible to play according to the rules of the O. H. A. It is said that a player connected with the Berlin team was given a trial by the lo-

Tremendous Possibilities.
Do you, Mr. Merchant, realize the potency of advertising? It is like gunpowder. If it is your own it may open up a gold mine for you. If it is your competitor's, it may result disastrously to you, unless you have cut the fuse with the sharp scissors of your own publicity. If your competitor is advertising, you cannot afford to neglect it; if he is not, you have a beautiful opportunity of which you should take full advantage.
