FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapespin" ends all stomach distress in five minutes.

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps, head dizzy and aches; belch gases and acids and uric acid undigested food; breath foul, tongue coated—just take a little Pape's Diapespin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapespin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapespin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

CHILDREN NEGLECTED

THE FATHER WAS SENT TO JAIL FOR SIX MONTHS.

Such Case Was Investigated By Inspector Wylie, of the Children's Aid Society on Saturday—Children Sent to Orphan's Home.

On a charge of neglecting his two children, Charles Bedore of the township of Kennebec was on Saturday sentenced by Magistrate Smith of Sharbot Lake to six months in the county jail. The case was investigated by Inspector W. H. Wylie of the Children's Aid Society, who placed the two children, a boy aged two years and a girl aged three, in the Orphan's Home, Kingston.

Mr. Wylie was asked to investigate the case, and made a special trip to Sharbot Lake for this purpose. He found the two children very scantily clothed and the evidence went to show that they had been deserted by the father. One night, it is stated, that they stayed in the railway station, at Sharbot Lake.

It is stated that both the father and mother of the children are weak-minded. When Mr. Wylie was handing Bedore over to the authorities at the jail, he shook hands with the inspector and said: "I am pleased to have met you." The two children appear to be very bright and with proper care, which will be given them at the Orphan's Home, are sure to make good citizens.
