#### Electric Lights Installed in Many Homes.

W. J. Moore & Son, electrical contractors and fixture suppliers, have done a record-breaking business in electrical contracting work during the winter, consisting of about forty residences and business places in Sydenham for wiring and fixtures, which comprised all the principal residences and stores. Great credit is due W. J. Moore & Son for the able manner in which the work was executed. All the work was inspected by an electrical inspector and found up to a high standard, and Sydenham can now boast of having an excellent electrical lighting system.

W. J. Moore & Son have also been very busy on the Gananoque road between Gananoque and Kingston Mills, on J. M. Campbell's new line, and have installed electric light and fixtures in a large number of residences and barns. Besides the above contracts, they have a considerable amount of work on hand at present in the city, consisting of several residences, the new cafe in old Wonderland Theatre building and have just completed the electrical installation of the Hope-Jones organ in the Strand Theatre. A wide range of electrical fixtures and appliances are always on hand in the spacious show-rooms on Wellington street, which with the moderate prices of wiring, command a large share of the electrical business of the city and district.

American Consul F. S. S. Johnson will send the next consignment of goods to the Kingston men who are prisoners-of-war in Germany, on March 20th. He extends an invitation to all citizens interested to call at the consulate and inspect the packing of the parcels. He has been receiving contributions quite regularly and if they continue for the next few days the parcels can be sent full weight.

#### Should Advertise Kingston.

American Consul F. S. S. Johnson has suggested to the Whig that Kingston should be advertised throughout the United States now, so that tourists could be attracted here in the summer.

The United States was never as prosperous as now, and every person, despite the fact that this is President Harding's year, has an abundance of money laid aside for the summer vacation.

#### The Money Returned.

The Inland Revenue office found a black leather purse containing a sum of money, and advertised for its owner in the Whig. To-day they phoned to take out the advertisement, as it had been the means of discovering the owner. These little events are happening every day. Everybody reads the Whig.

#### TOOK FRENCH LEAVE.

Sergeant Rounded Up At His Home in This City.

It does not pay to take French leave when you are in the army. Sergt. James Hurley, of this city, is a member of one of the companies of the 59th Battalion, stationed at Brockville. He asked for a pass to pay a visit to his home here. The pass was not forthcoming, so Sergt. Hurley took French leave.

The Kingston police were asked to round up Sergt. Hurley, and he was taken in charge by Constables James Bateson and John Naylon, and is now awaiting a military escort from Brockville.

#### California Orange Day.

California Orange Day is to be observed this year on March 18th. The Grand Trunk Railway System announces that it will feature the golden fruit on its dining car menus, and also in the station restaurants along the line on that date. "Eat California Oranges" will be the slogan.
