

Bicycle Week

March 27th to April 1st.

Everybody must own a Bicycle by the 1st of April.

Why?

This year every person must be economical. You save money by riding a bicycle—the faithful old animal that is always ready to serve you.

We will be mad at you if you don't ride a Massey, because more people will tell you they get more satisfaction out of MASSEY BICYCLES than any other wheel. Costs a little more on the start, but less on the finish, and it is the finish that counts.

You can buy one now for \$5.00 cash, \$1.00 per week, then by the time the roads are nice you will have it nearly paid for.

Many Military Matters

(Continued from page 5.)

The militia officers are tired of having job hunters applying for positions to go over to paymasters, quartermasters or chaplains. So many people who refuse to qualify themselves for any other branch try to work in for these positions. The following order, issued by Col. T. D. R. Hemming, D.O.C., should in some way stop the flow of these applications to the waste-paper basket:

"It is published for the information of all concerned that the number of applications for appointments as paymasters, quartermasters and chaplains of the C.E.F. is so large as to render it unnecessary that further applications should be made. Applications for these appointments are not to be made direct to Militia Headquarters nor will such applications be considered. Only recommendations from officers commanding divisions and districts, for such appointments, are to be sent to Militia Headquarters and are the only ones which will be considered."

Below is given the list of officers of the 3rd Division who passed the seventh course at the Royal School of Artillery which terminated on March 4th. All are professional lieutenants and the number refers to the C.F.A., Battery in which they have their militia commission:

- G. Alexander, 2nd, Ottawa.
- W. J. Boyd, 8th, Ottawa.
- J. F. P. Birnie, 24th, Peterboro.
- C. L. B. Boyd, 5th, Kingston.
- E. O. Curry, 2nd, Ottawa.
- D. L. Dwyer, 8th, Gananoque.
- R. J. E. Graham, 34th, Belleville.
- S. M. Goodeve, 2nd, Ottawa.
- H. H. Garland, 2nd, Ottawa.
- E. F. Hinch, 14th, Cobourg.
- J. R. Hanlon, 5th, Kingston.
- J. W. Johnson, 34th, Belleville.
- N. O. Kilpatrick, 8th, Gananoque.
- W. M. Knowlson, 5th, Kingston.
- V. M. Knowlson, 5th, Kingston.
- P. M. Little, 14th, Cobourg.
- R. Livingston, 5th, Kingston.
- W. E. Lawson, 23rd, Ottawa.

The 146th Battalion Sportsmen's Platoon made a ten-strike when it arranged its big boxing contest for Saturday next, at the Willard and Moran battle at Madison Square Garden, New York, is on the same night. The sportsmen have made arrangements with the telegraph people to run in a special wire for this occasion so that those who attend may have the news from the world's championship heavy weight contest, round by round, direct from the ringside as each occur.

The best talent obtainable will take part in the different boxing, wrestling and fencing contests. Ex-Alderman James Bews has this part of the affair in charge and that in itself is a guarantee that everything will be first class.

Everybody is pulling for the affair to be the best yet and a large crowd is expected to be present.

Colonel G. Hunter Ogilvie, A. G. O., 3rd Division left on a tour of inspection of C. E. F., units on Monday.

Lieut.-Col. W. J. Brown, G. S. O., 3rd Division, proceeded to Ottawa on Monday.

Major G. H. Gillespie, I & O. of C. 3rd Division, proceeded to Alexandria, on duty, on Monday.

Capt. Campbell Laidlaw, A. M. C., is detailed for duty (temporarily) in connection with laboratory work at Ottawa, Ont.

Capt. L. L. Stauffer who has been in the office at the A. D. M. S., at the Armouries is going overseas in the near future to the Canadian Army Medical Corps.

Ptes. Seaton, Tucker and Dunstan, 93rd Battalion have arrived in the city for medical treatment, the former going into the Elmhurst Convalescent Home and Ptes. Tucker and Dunstan to the General Hospital for treatment by Lieut.-Col. J. C. Connell.

George Tidman, T. A. Reynolds and L. H. Bryant have been taken on the strength of the 146th Battalion.

W. H. Thompson is the latest

transfer from the 14th Regiment to the 146th Battalion.

Pte. G. L. Hewitt has been appointed an acting sergeant in the 146th and Ptes. V. Francis and E. Moulton have been appointed corporals provisionally.

Lieut. W. M. Mackenzie transferred from the 146th to the 156th Battalion at Brockville and is taking the machine-gun course here.

The 80th Battalion, Belleville, secured 44 recruits, March 1st-15th and has 34 appointed officers, nine attached officers and a total strength of 1,127.

The 155th Battalion, Belleville, secured 96 recruits during the period March 1st-15th, and has a total of 821 men.

Young lady, would you not rather see that young man of yours in khaki? Encourage him.

If you can go and do hot go your position after the war and for your life-time will be a serious one. You think people will forget, but not so. They will remember and you will remember because beside you and at every turn you will meet the man who did go. The brand will be upon you. Why not avoid it and apply the remedy now?

The following have registered this week for the first course at Infantry School of Instruction:

- C. N. Asselstine, 155th.
- S. A. Blakey, 146th.
- J. H. Braddon, 156th.
- H. Burke, 155th.
- W. G. Butson, 136th.

Larry Schaaf will manage Bradford, Pa., playing first himself.

The remaining New York Giant holdout, Rousch, has surrendered and reported yesterday.

The edict has gone out that there is to be no racing in France, "so long as the Germans are at Noyon."

A baseball bat for punting, having strips of non-resilient material set into the end, has been patented by a sailor.

The military hockey championship of Eastern Ontario will be at stake when the team representing the 154th Battalion of Cornwall, and the 77th Battalion of Ottawa, clash at the Ottawa Arena this evening.

Louis Schettler with Peterboro in the Canadian League in 1914, and with Youngstown in the Central League last season, will be with Terre Haute in the same league this season.

On his way to Cincinnati a few days ago Ty Cobb dropped a \$600 diamond ring into the Pullman wash basin and it went through the pipes to some place on the road.

Lieut. Lou March, Toronto, is becoming a strong advocate of prohibition. He officiated in the game at London on Friday night, and during the battle two whisky bottles were thrown at him. The disappointing part of it was that they both were empty.

Manager Frank Shaughnessy and members of the Ottawa Baseball Club's squad, who have been declared free agents for this year, are already in demand. Shaughnessy himself has several offers on his desk and may decide this week which one to accept.

Ottawa Journal: The N.H.A. will not stand the racket of being run another season in the happy-go-lucky way it has this past season. A general overhauling is necessary at once to get it away from the bush organization it is. Outside of Ottawa and Quebec, none of the N.H.A. clubs appear to be on a very strong basis.

Under the new tennis amateur rule, should it be adopted at the annual meeting as recommended, players will be barred from competing in tournaments, either open or invitation, in team matches or champion-

ships while engaged in the sporting goods business, after the provision goes into effect. The date set for the provision to become effective is April 1st, 1918.

Bud Alkens, a well known Ottawa athlete, who has enlisted with the 51st Battery, of Kingston, for overseas service, was the guest of honor at a banquet in the Hotel Cecil, being dined by the Ottawa Basketball club, of which he has been a popular member. A handsome wrist watch presented by the club to Gunner Alkens.

The Toledo Baseball Company, with Roger Bresnahan president, is organized. The capitalization is \$60,000, with all stock paid in. Bresnahan holds \$25,000 worth of it and

the balance has been made up largely by local business men. The company will conduct the affairs of the Toledo American Association club.

An Ottawa despatch says: The Ottawa Hockey Club has completed arrangements for an exhibition game with Portland, Pacific Coast League champions, which will likely take place here early next week.

Frank Nighbor of the Ottawa has been chosen a member of the All-Star N.H.A. and P.C.H.L. team, which plays Toronto at Etobicoke and Pittsburgh this week. Nighbor left yesterday, having secured permission from the Ottawa club. He will return in time for the exhibition game against Portland.

Manager Livingston of the Toronto pro hockey team denies that he played Foyston and Holmes, the coast players, in Saturday's game with the Canadiens without notifying President Quinn of his intention. He declares that they were never suspended and that he does not fear the result of any action President Quinn may take.

With peace prevailing, a higher calibre of baseball will be displayed in the major and minor leagues next season. The ball players will have to give their entire attention to playing the game in order to hold their jobs, and they will not be disgruntled by tempting offers from the Feds. The athletes will have to hustle every step of the way during the campaign, for it will mean a lot to them to deliver.

Club owners of the International Baseball League met Monday and ratified the 1916 playing schedule with out change. The season will open April 26th, with Buffalo playing at Richmond and Montreal at Baltimore. On April 27th, Toronto will open at Newark and Rochester at Providence. The sale of the Jersey City franchise to James R. Price and Fred Tenney and its transfer to Newark were ratified.

President Edward G. Barrow stated that the question of the employment of former Federal League players by International clubs was not discussed at the meeting. He said, however, that the club owners had the right to employ Federal League players if they desired.

The league adopted a resolution of condolence on the death in Toronto, last Saturday, of Remy Burger, vice-president of the Toronto club.

Goalkeeper of the Berlin Union Jacks, who has been selected on the All-Star Junior O.H.A. team of the West for the third year in succession. No other player ever had that distinction.

Thin Men and Women Can Put on Flesh by Getting 100% Efficiency from Their Food

Failure to Absorb Food Making Nutrients in Daily Meals Keeps Weight Down. How To Make The Food Work and Satisfy Most thin people eat from 400 to 600 pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and gain weight all the time. It seems all both to say that this is the nature of the individual it isn't Nature's way at all. Most thin people stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. A great part of the fat-producing elements of their food just stay there in the intestines until they pass from the body as waste. What such people seemingly need is something that will act upon these fatty food elements that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power. There is a preparation known to reliable druggists almost everywhere which was designed to aid in supplying the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and it aims through regeneration, re-education and restorative powers to coax the stomach and intestines to literally soak up the fat-making elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as with increased weight, the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. Leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every large package. If you find a druggist who is unable to supply you send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine St., Montreal, and a complete ten days' treatment will be sent you postpaid, in plain wrapper. Why not make this test. First weigh yourself. Then take Sargol—just one tablet at every meal and before you go to bed—for two weeks—then weigh again and note the difference. Let the scales tell the story. The tablets are small, easily swallowed, produce no disagreeable effects, contain no habit drugs, and are not at all expensive as compared with results obtained.

A Discovery.

A merchant in a Canadian city once made a discovery. He had purchased some goods that did not turn out as he thought they would. Instead of advertising "Enormous Bargains" he simply said, "I bought them to sell at \$10.00, but they are not worth it; in fact I cannot recommend them at all, but you will find them worth \$4.60." He sold them all and made some new customers, who were convinced of his sincerity. Nothing new about it. Truth is as old as the hills and he simply told the truth. He discovered that honesty is the best policy, and fortunately very many advertisers are making the same discovery.
