THE BUDGET FOR 1916 GET IT FIRST—NOT LAST

When a cold grips your system it is convincing proof that your condition is weakened—remember that. It is risky indeed to simply trust your strength to throw it off, because neglected colds have brought more serious sickness than any other one thing, while weakening cathartics and stimulating syrups are often depressing and dangerous.

The one best treatment for any cold—the one so often relied on when others fail, is the powerful blood-nourishment in Scott's Emulsion, which feeds the very sources of bodily strength to suppress the present cold and generate strength to thwart further sickness. Get Scott's first, not last—and insist on the genuine—always free from injurious drugs. No advanced prices.

Left Arm Became Powerless Saved From Paralytic Stroke

By the Timely Use of Dr. Chase's Nerve Food—Has Built Up Nervous System Wonderfully.

Paralysis is not a pleasant thing to contemplate. Even nervous prostration and locomotor ataxia are among the most dreaded conditions. It is always better to avoid these results of neglected nervous troubles by keeping the nerves in health and vigor. Dr. Chase's Nerve Food has done wonders for people suffering from the more severe forms of nervous disease, but we prefer to recommend it as a means of preventing such conditions. This letter from Mrs. Nichols well represents what we mean, for she was undoubtedly on the verge of more serious trouble when she heard of Dr. Chase's Nerve Food and sought its aid. It is best to be warned by nervous headaches, sleeplessness, nervousness and irritability and to apply the remedy in time. Mrs. Merritt Nichols, R. R. No. 3, Dundalk, Ont., writes: "I take pleasure in writing to tell you the great benefit I have derived from the use of Dr. Chase's Nerve Food. I was so nervous I could not sleep and found it hard to get my work done at all, but having no help at the time, had to do the best I could. Finally my left arm became powerless and cold and this continued to get worse until my whole side was affected, head and all. I decided to try Dr. Chase's Nerve Food, and the first box helped me so much that I used several and believe that this treatment saved me from having a paralytic stroke. It has built me up wonderfully, and I can recommend it most heartily, believing that if more Nerve Food were used, there would be much less sickness." There is no lack of evidence as to the great work of restoration being carried on by Dr. Chase's Nerve Food. The sales of this great nerve tonic are rapidly increasing as its virtues are being found out. But this will not help you unless you put it to the test in your own particular case. It is well worth trying, and will not disappoint you. Fifty cents a box, six for \$2.50 all dealers, or Edmanston, Bates & Co., Ltd., Toronto.
