Lieut.-Col. C. A. Low and Capt. C. Kane were present at a recruiting meeting at Sydenham on Wednesday evening where Lieut. F. James is in command of the 146th Battalion detachment.

School of Instruction is a graduate of Yale.

The next units to be raised here is the 4th Divisional Brigade Ammunition Column, C.E.F. which has just been christened.

Belts have been issued to "A" and "B" companies of the 146th Battalion. They are part of the new equipment that soldiers of the Canadian expeditionary force will receive.

Lieut. B. S. Aml, Ottawa, who was signalling officer of the Drydock Barracks for some time was in the city on Wednesday.

Col. T. D. R. Hemming, D.O.C., accompanied by Lieut.-Col. W. J. Brown, G.S.O., made an inspection of "C" Battery, R.C.H.A., draft on Wednesday.

No. 4 Divisional Army Service Corps has been authorized, with Lieut.-Col. E. C. Dean, of Halifax, as commanding officer and Major Allen, of Toronto, as second in command. Col. Dean was formerly City Editor of the British Whig.

Lieut. McKim is recruiting here for cyclists for the 4th Canadian Division. The platoon when secured will go to Toronto for training.

The Whig has received an invitation to a "Smoker and Concert" that is being held by the men of the 146th Battalion in Ontario Hall on Saturday evening. The entertainment is the first of its kind to be held. A splendid programme will be given.

Lieut.-Col. C. A. Low in adopting this arrangement said that he was doing it solely for the benefit of his men and hopes to create an "esprit de corps" that will build up the battalion as a unit. Two comedians of Toronto have been secured.

Col. T. D. R. Hemming, D.O.C., Lieut.-Col. W. J. Brown, G.S.O., and Major J. Hamilton, A. D. of S. and T., were in Brockville on Wednesday night.

Lieut. C. F. Johnston, 5th Montreal Battery, reported at headquarters on Wednesday.

Major R. D. Ponton, Instructional Cadre, was in Perth on Wednesday.

Toronto battalions are adopting names as identification marks. There is now the "American Legion," "Sportsmen's" "Buffs" and others.

The 146th Battalion is raised in Frontenac and Lennox and Addington counties.

The Whig would like to receive suggestions for a name for the local battalion.

George Grigue, a six-foot-two Swede came in to the city from Sharbot Lake on Wednesday and enlisted in the 146th Battalion. He is one of the best men that has enlisted and that is saying a great deal in the 146th.

The following have been taken on the strength of the 146th Battalion: J. F. Ramsay, E. Johnston, J. W. Wood, J. H. Bertram, John Ardern, John Prothoe, James Murphy, F. Roberts.

Q. M. S. Boss, Central Registry at the Armouries gave a lecture on "Conduct Sheets" to the probationers attending the Infantry School of Instruction on Wednesday afternoon.

Major R. J. Gardiner, A.D.M.S., states that he expects to have the new Cunningham Military Hospital opened in a week or ten days. The Daughters of the Empire will likely conduct a formal opening.

H. J. Wiser, 207th Ottawa Battalion, who is attending the Infantry

into the theatre unobserved. Moran's face is now almost without a blemish.

An Ottawa despatch says: The A. A. U. of C. will govern a big basketball tournament to be held this week in Montreal for the championship of Eastern Canada. Capt. Jess Abelson announced yesterday morning that the Ottawa club, which has been given the bye, will go to the Metropolis on Saturday to saw-off. Efforts are now being made to bring Bud Alken from Kingston here for the game, but it is likely that the locals will play, even though they are unsuccessful in bringing Alken here.

Fred. A. Wenck, chairman of the New York State Athletic Commission, is not deeply impressed at the ability of Jess Willard and Frank Moran as heavyweight boxers.

When he was asked what he thought about Saturday night's bout, Chairman Wenck, said that it was a pretty fair bout for a heavyweight affair, but in his opinion, Sam Langford or Sam McFay, the negro heavyweights, could beat either of them.

Ottawa Citizen: Why pay \$50 per seat to see Willard hammer Moran when world's series hockey tickets may be purchased at \$1 per throw. Spectators at the Montreal Arena Saturday night saw more battling than those at Madison Square Garden. They had variety too, as a white hopes in the audience managed to make things warm after the players had cooled down.

With the hockey season at an end, and the Canadian league practically out of operation, there is a distinct lull in local sporting circles, that will probably continue through the year says the Hamilton Herald. With no organized baseball during the summer and rugby also tabooed in the fall the prospects are indeed not very bright. What Sherman said about this game of war is quite correct.

Writs to attach gate receipts of games Portland, Pacific Coast Hockey League winners, may play in Ottawa and Quebec have been secured

by Sam Lichtenhein, President of the Wanderers.

He has already attached the receipts of the Stanley Cup series in Montreal to compensate him for the \$2,000 damages and costs he secured in an action he brought against Bruce Johnson, of the Portland team, for jumping a contract he signed with the Wanderers team.

Lichtenhein says he is gratified

# In the World of Sport

The death of the famous Crescus, 2.02 1/2, is reported from Russia. The story that he was drafted with the Russian army is denied.

Walter Johnson, the great pitcher of the Washington Club, will compete in the National bowling tournament next week. Many American League players would be glad if he used the same ball in pitching.

Under the defence of the realm act several English shooters have been fined as high as £10 for killing herring gulls which were being trained under the supervision of the War Office.

Hamilton Spectator: It has been decided that the local hockey season is over, the club management failing to discover any more leagues to enter teams in. Perhaps next year there'll be a couple of new leagues and the season will be longer.

Pittsburg will have its strongest backstopping corps in history this season. George Gibson, Arthur Wilson and Schmidt, the coast recruit, will make up the trio. Fred. Blackwell and Bill Wagner, however, have shown rare form.

Here is one way to encourage baseball in your home town. Down in Waco, Texas, the club of that place needed a new stand badly, but was not in a financial position to build one. The fans, however, came to the rescue and built one themselves. It cost \$3,500 to do it too.

If Frank Moran was a twenty-round scrap with Jess Willard, he can get it provided the promoters will put up sufficient coin. The champion made this announcement in Chicago yesterday.

"I'm not going to retire," said Willard. "After my circus engagement of forty weeks, I'll take on the scrappers."

Several free fights have marred the N. H. A. games in Montreal this winter, and would have done the same thing in Toronto, only the players realized that the police would not stand for it. This is all brought about by

the present system, and if the professional magnates desire public support they will quickly make a change.

If present plans materialize, the good old game of soccer football will boom in Hamilton this spring and summer. The officers of the Tiger battalion are taking up the game, and it is their intention to place a team in the military league.

Within the past few days the Toronto club has received two offers for Pitcher Fred Herbert. One was from an American League club and the other from a National League manager. One of the clubs offered \$4,000 and the other \$2,500. Herbert is on the market, according to Manager Birmingham.

New York papers are advertising the games of April 4th and 5th there between the Canadians and Portland as being for the Stanley Cup and the world's championship.

The veteran player and referee, Harvey Pulford, believes the Coast penalty system superior to that in vogue in the East, and that the N. H. A. and P. C. H. L. should adopt uniform rules, viz.: the six-man game with the Coast penalty rules. This he believes would eliminate the rough work.

Toronto News: Between the six and seven men style we have very little to say. The six-men style opens up the play and makes it faster, and while the O. H. A. advocates claim that it stops combination and the good checking, but as most of the O. H. A. games this winter in this vicinity have been played with six men after the first ten minutes, it is hard to discover how they know.

The most interested spectator at the first showing of the pictures of the Willard-Moran fight in New York was Frank Moran. He watched the mill on the screen without betraying either approval or disapproval until the seventh round. It depicted him in a sensational rally after Willard had battered him around the ring. The crowd cheered. Moran looked pleased. He and his party slipped
