THE LIBERALS OF FRONTENAC

(Continued from Page 1.) would not be fair for any public man to make any attacks, as yet. The paramount duty of to-day, he declared, was for the people of Canada to do everything in their power to bring the war to a successful conclusion. It was the duty of the Government to see that the men fighting our battles in the trenches were properly equipped and it was the duty of the people to provide the necessary money. Those who could not go to the front, should be willing to pay all they could. Proper judgment should be used in securing the men. There were some places recruiting more men than their share, while there were other places where the proper contribution had not been made.

The speaker made reference to the argument that men could not be spared off the farm. Perhaps so, if the war was to be a long one. He referred to the action of the Legislature, in appointing a special committee which will consider the question of how to further assist in recruiting, and at the same time to promote thrift and economy among the people. On great question that had to be given attention was that of reconstruction after the war. It was up to the people to see that the men conducting the affairs of the country were living up to the principles for which they should stand for and to see that they were seized with their responsibility. It was the duty of the people to turn out a Government if they were not giving the very best legislation. Under ordinary circumstances, the speaker might forgive a man if he were tempted to take a little graft, but in a time like the present, when the country was engaged in a death struggle, he could not. A person who would be a party to any grafting in such a time as this, was not worthy of being a citizen, no matter how high a position he held.

Deal With All Alike. "It is to the private that I give the highest honor," added the speaker. "He is fighting for his King and Country, and it cannot be said that he is out for the money. I say that if a private is disabled in the war he should be looked after as well as the Colonel. A colonel might get a pension of \$2,000 or \$3,000 a year, and a private \$400. They both should be treated alike for one man's life is as good as another's." (Loud Applause.)

Mr. Parliament described himself as a "working farmer," and said he was proud of his calling. He had been in the Legislature two years, and was moving to have better legislation for the farmer. His idea was along the line of co-operation in buying and selling. Then the question of keeping the boys and girls on the farm had to be considered. How can we hold the boys and girls on the farm? Some claimed that this was impossible, but the speaker claimed it was not impossible. He held that the boys and girls left the farm because they could not get an education in the rural school. They went to the county seat to attend school, and then eventually turned away from farm life. It was very necessary that their very souls be "rooted to the ground." There was a cry, "back to the land," but we could not lead them to stay there unless they made money. The boys and girls should be taught that the farm was the better place to live, and instead of the farmers just making three per cent. on their investment, they should be making six per cent.

"We need leaders in agriculture. The present Minister of Agriculture in Ontario is not a leader, I have great respect for him, but I do not think he is the man for this position."

There was great need for cheap power in Eastern Ontario, and it was the duty of the Government to see that the people got it. It was a great assistance to the farmers in Western Ontario, and would also be of great assistance to the farmers in Eastern Ontario. It had been estimated that just now there was but one man to every hundred acres of land in Ontario, and if such were the case, the cheap power would be of great assistance to the farmers.

War taxes should be distributed, so that the man with millions should contribute the largest share.

The Officers Elected. The election of officers was proceeded with following the address of Mr. Parliament, on motion of William Pillar, James Halliday was by a unanimous vote, chosen as president.

Mr. Halliday, in a neat speech, returned thanks for the honor. He

PARALYSED AND HELPLESS

Prominent Merchant Restored to Health by "Fruit-a-lives"

Bursco, N.B., July 25th, 1914. "I had a stroke of Paralysis in March, and this left me unable to walk or help myself and the Constipation was terrible. Finally, I took 'Fruit-a-lives' for the Constipation. This fruit medicine gradually toned up the nerves and actually relieved the paralysis. By the use of 'Fruit-a-lives' I grew stronger until all the palsy left me. I am now well and attend my store every day." ALVA PHILLIPS.

Fruit juice is nature's own remedy and 'Fruit-a-lives' is made from fruit juices. 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

took occasion to compliment Mr. Parliament for his excellent address, stating that Prince Edward County had a farmer representative in the Legislature, and one whom the people of his constituency might well be proud of. Following is a list of the officers elected: President—James Halliday, Portmouth. First Vice-President—Andrew McCallum, Sunbury. Second Vice-President—W. J. Franklin, Pittsburg township. Secretary-Treasurer—J. D. Ellerbeck, Glenvale (re-elected).

The following were elected township chairmen: Kingston, A. E. Weller; Pittsburg, Alfred Franklin; Storrington, George Holder; Loughboro, R. G. Guess; Forestburg, E. L. Amey; Bedford, J. A. Fitzgerald; Wolfe Island, Edward Payne; Howe Island, L. P. Lachance; Simcoe Island, George Sudds; Hinchinbrooke, G. A. Smith; Olden, A. A. Foster; Oso, Jerome Thompson; Kennebec, B. Newton; Clarendon and Miller, Gilbert Osier; Palmerston, Roy Allen; Garden Island Capt. John Ferguson.

The following resolution was moved by A. E. Weller, seconded by John H. Hughson, and carried by a standing vote: "That the Liberals of Frontenac County, in annual convention assembled, desire to place on record their hearty approval of the policy of Sir Wilfrid Laurier, in strictly observing the truce, and supporting the Government in all honest war expenditure, but demanding a full and wide open parliamentary investigation where dishonesty is charged."

Stirring address on organization work were given by Ald. Samuel Corbett, and by E. L. Amey, of Verona, Mr. Amey eulogized the work of N. W. Rowell, leader of the opposition in the Ontario Legislature, and moved a resolution, which was seconded by John O'Reilly and adopted, expressing approval of the work of Mr. Rowell and his followers.

On motion of R. J. Vair, a hearty vote of thanks was tendered to Mr. Parliament, for his able address, and after the usual cheers, the meeting was adjourned to the next meeting, that it was one of the best meetings the County Liberals have ever held.

G. W. Kye, the "man of the hour," at Ottawa, who made the sensational charges in the House last Tuesday night, concerning graft in the contracts for war munitions, was to have addressed the meeting, but at the last minute business at Ottawa prevented him coming to Kingston. Saturday morning Mr. Halliday received a telegram from Mr. Kye, in which he stated that he was very sorry he was unable to attend the meeting.

HAS BEEN IDENTIFIED

Judge Lavell Gone to Chicago to Meet His Brother.

A Colorado Springs, Col., despatch says Prof. C. F. Lavell has now regained his memory, and has been joined by his wife. On Saturday night word came to Kingston that Prof. Lavell's identity had been established by Prof. Donald McFayden of Boulder University, Colorado, a cousin of Mrs. Lavell's. Prof. McFayden was to leave Colorado Springs yesterday for Chicago, where Prof. Lavell would be met by Judge Lavell, who would accompany him eastward. The professor will be carefully nursed back to complete health.

Former Provincial Constable Delaney was acquitted of the charge of fabricating evidence.

Spent Countless Nights Unable to Rest or Sleep

Was Run Down and in Terribly Nervous Condition — By Using Dr. Chase's Nerve Food Gained Regularly.

In this letter is told once more the story which comes from many thousands of women. It is the story of exhausted nerves, of a run-down system and of all the accompanying misery of sleeplessness, headaches and loss of energy and vigor. But there is a silver lining to this cloud. There is the light of new hope and courage which comes with the use of Dr. Chase's Nerve Food.

This letter is so representative of the kind we are daily receiving that you can judge from it what you might expect from this treatment under similar circumstances. Mrs. Conrad Schmidt, R. R. No. 1, Milverton, Ont., writes, "Two years ago last spring I was run down, had nervous prostration, and was in a terribly nervous condition. I could not sleep or eat. Could scarcely count the nights that I passed without sleep, and if I did eat, had sick headaches and vomiting spells. My limbs would swell so badly that it hurt me to walk. I would jump up

in bed, awakened by bad dreams; in fact, I was so bad I thought I could not live, and started to use Dr. Chase's Nerve Food without much hope.

"It was not long before I began to improve under this treatment, and I can truthfully say it has done me a world of good. It took some time to get the nervous system restored, but I kept right on using the Nerve Food regularly, and gradually gained in health and strength. I have a fine baby boy now. He weighed 13 lbs. at birth, and though my friends were anxious after the condition I was in, I got over that fine, and now weigh 120 lbs. Before using the Nerve Food I was a mere skeleton."

You are not asked to expect miracles from Dr. Chase's Nerve Food. But if you are willing to feed back your exhausted nerves to health and strength you can depend absolutely on this great food cure to produce the desired results. 50c a box, 6 for \$2.50, all dealers, or Edmansons, Bates & Co., Ltd., Toronto.
