

THE BOARD OF WORKS

WANTS GOVERNMENT TO FIX ROAD TO MILITARY CAMP.

As It Owns the Roadway—Cablemen Have Right to Stand on Clarence Street Below King.

The Board of Works will consult W. F. Nickle, M.P., with regard to the Barrfield road to the military camp ground. It is desired that this roadway should either be oilled as it was last year by the city or rebuilt. As it is owned by the Dominion Government, the Board of Works thinks that the Government might rebuild it with something of a permanent pavement. The traffic on it is tremendous, and it is essential that the road be improved.

The Board of Education wrote asking for a crossing west of Victoria school to make traffic more safe for the children. The City Engineer was instructed to construct an asphalt crossing near the school.

The Engineer reported that the cablemen were within their rights in standing on Clarence street, between King and Ontario. F. W. Cooke had registered a protest against the cablemen standing in front of his store, as he claimed it was detrimental to his business. It was found that this block was included in the cab stand area.

Authority was given the City Engineer to purchase the necessary tarvia for the roads. All those treated last year will require another dose this year.

The street watering area was fixed as the same as last year. Some additions may be made as applications are received.

R. E. Genge applied for permission to build an extension to his verandah on Clergy street. The Engineer reported that his present verandah encroached on the street, and that he could not grant the permission. The Board concurred with the Engineer.

Lawrence Joyce, Charles street, asked permission to erect a verandah over the street line. The Engineer will make a report.

General Manager Folger of the Utilities advised the Board to buy a 550-volt motor for the road-paving plant instead of one of 2,200 volts, as the latter would be dangerous to unskilled workmen. The Board decided to accept Mr. Folger's advice. The contract was awarded to W. J. Moore & Sons.

The Property Committee will be asked for permission to place the Board's road-paving plant in the fair grounds.

In attendance were Alds. Peters (chairman), Couper, Litton, White, and Wormwith.

FRENCH PUT GREEKS

IN THEIR PLACE, WRITES LIEUT. W. A. SMITH.

Who is With the R.A.M.C. at Salonika—Troops Continue to Arrive at That Mediterranean Port.

Writing from Salonika, Greece, Lieut. W. A. Smith, formerly of Kingston, who is with the Royal Army Medical Corps, says that on March 5th the Greeks had not fully evacuated that place although they were there in insignificant numbers. The French seemed to be the leaders in putting the Greeks in their place, although they did not move along with alacrity. About a month previous, the French took Karaburun, a fort, overlooking Salonika harbor, not however without a show of force. A few guns were fired over the fort. The Greeks rushed out, and the French rushed in and took possession.

There is the best of spirit between the French and the English, and the cheerfulness of both is remarkable, Lieut. Smith says. The British Tommy says, "the more you put down the more there is to pick up." The men in Lieut. Smith's unit, however, say while this may be generally true, they do not find it so. For instance, one may not put down a broom for a minute and expect to find it when he returns.

The writer says the weather is great at Salonika; in fact the camp ground is strewn with wild flowers a variety of crocus. A month or so ago it was bad, while not very cold, yet quite damp. Some of the troops were encamped in old cemeteries a mile or so out from town. During the damp time the Tommies would sleep on nice, soft, overthrown tombstones to be out of the wet.

There was little doing there just now and duty work was monotonous, quite different from what Lieut. Smith had in France. "The troops keep moving Salonika way; what is I do not know."

Recruits Wanted. Major Allan Stroud, of the Mounted Rifles, Hamilton, is in the city until Friday to secure recruits to replace the men who are going overseas. Apply at 376 Baggot street.

The Kingston General Hospital is full of patients. The institution has been doing big business all winter on a modest income.

H. G. Macpherson has gone to Renfrew and it is probable he will join the staff of one of the big industries there.

CROSS ON EXHIBITION

IN THE WINDOW OF RODGER'S JEWELRY STORE.

The French Cross of the Legion of Honor Presented in Recognition of the Valor of the Late Capt. George T. Richardson.

The chevalier of the Legion of Honor bestowed on the late Capt. George T. Richardson, or as the French say, "Legion D'Honneur," has arrived in the city for the family of the deceased Kingston officer, and is on view at Rodger's jewelry store on Princess street. The cross is a most beautiful piece of work, and is a ten-pointed star of solid silver with hard white enamel on each of the points. It is surrounded by a wreath, and another wreath forms the circle from which the cross is suspended. In the centre of the front is the raised figure of a woman's head, and in the garter is written "Republique Francaise—1870." On the reverse side, the motto is written "Honneur et Patrie." The design is of the crossed flags of the French Republic.

Besides the cross and a picture of the late captain is a card bearing the following words: "Presented to the late Capt. George T. Richardson by the French Republic, 1916," and the motto, "For His Country's Sake, Not For His Own."

THE CALL GOES FORTH

FOR THE CITY BASEBALL FANS TO COME TOGETHER

To Re-Organize the City League—Queen's Students Almost Sure to Enter a Team.

Stanley Trotter, president of the City Baseball League, has called the annual meeting for Tuesday evening in the Y.M.C.A. parlors. At this meeting the election of officers will take place. Stanley Trotter has been the moving spirit of city baseball for the past three years and the members of the executive are hoping that he will still continue to hold office.

On account of it being so early in the season, it is almost impossible to say what teams will enter the series, but it is expected that Victorias, Ponies, Athletics and Queen's may enter teams. There was some talk of the soldiers entering the series but nothing definite is known.

John Dawson, secretary of Queen's Athletic Committee when speaking to the Whig on Thursday morning, stated that it was almost impossible to say what would be done, but he was almost sure the university students would enter the league. A meeting of the Athletic Committee will be held on Friday when the matter is to be considered.

JUST EIGHTEEN WORDS

Were Spoken in the Police Court on Thursday Morning.

Magistrate Farrell had the shortest session of the week on Thursday morning. Just seventeen words were spoken, and the Cad had fifteen of these to John Shanahan, the only offender, made up the eighteen.

"You are charged with being drunk, John Shanahan," said the Magistrate.

"Yes, Your Honor," replied Shanahan. "Three dollars and costs or twenty days," said the Magistrate.

Shanahan has been making police court history this week, for it was only on Tuesday that he appeared before the Court, but on his occasion the charge against him was dismissed.

Gave a Pleasing Entertainment. The entertainment given on Wednesday evening at the Y. M. C. A. hall by Lottie L. Tillotson for the Daughters of the Empire was frantically in every detail.

Lottie Tillotson is a globe traveller and a pleasing speaker. Every word that she says is instructive. She is versatile, has a cultivated, well understood voice, is graceful and at home on the platform. A vote of thanks was given her by an appreciative audience. The musical numbers were excellent.

Late John Holmes, Inverary. The funeral of the late John Holmes, Inverary, took place on Wednesday afternoon to the Methodist Church there. Rev. Mr. Shorten conducted the service, assisted by Rev. Mr. Jarvis. The pall-bearers were Thomas Thompson, Iro Darling, W. H. Clough, John Simpson, Sheldon Perry and William Johnston. The remains were placed in the vault at Sand Hill cemetery.

Thanks Are Extended. T. M. Asseltine, honorary secretary of the Kingston Curling Club writes the Whig, Expressing the cordial thanks of the club for the extensive and correct manner in which the paper had published reports of games played at home and abroad during the past season. The Whig is gratified to know the club is satisfied.

Farmers Up Against It. Immigration Officer George Hunter has been waiting upon this week by numerous farmers who are anxious to get some help for farms. In almost every case the men state that they are "right up against it," and unless they get help they will be unable to sow as large a crop as they intended to do.

Remnant Sale of White Flannelette. We have on sale 1,800 yards of extra quality white flannelette, worth to-day 18c yd. of the piece. Remnants run from 2 to 12 yards. Special price, 12 1/2 c yd. Corrigan's.

Felix Orb, who through over study contracted mental disability has been able to leave Rockwood Hospital and returned to Port Henry. Before being taken to the hospital Orb was the librarian.

Premier Borden stated in the Commons on Wednesday that Sir Sam Hughes really sailed from England that morning.

COSTING MUCH MONEY

TO CREMATE THE GARBAGE OF KINGSTON.

Toronto Foreman To Be Brought Here To See If the Garbage Can Be Burned Without Using Wood.

"I am ashamed to be a member of a committee that has anything to do with the burning of so much wood in the incinerator, but still one must do his duty," said Ald. H. W. Newman at a meeting of the Garbage Committee on Wednesday evening. Ald. G. Wright, the chairman, was also present at the meeting.

The question of burning wood came up for discussion after the inspector had submitted his report. It was decided, on Ald. Newman's suggestion, that Mr. Basley, a foreman at Toronto west end incinerator, be brought to the city next week and explain how to run the civic garbage crematory without fuel expense. "It is being done in Toronto," said Ald. Newman.

On motion of Ald. Newman, the salary of John Doolan, the Bagot street dump trimmer, was increased from \$1.25 to \$1.50 a day. The report of Inspector Timmerman was as follows:

"During March there has been collected and taken to the incinerator 502 loads of garbage and 81 loads of rubbish. There was one load of garbage and four loads of rubbish less collected than in the previous month. To consume this amount of garbage we have used 27 cords of wood.

"I beg to draw your attention to this wood question. The incinerator burns day and night. The 27 cords of wood amounts to \$124, so the cost of burning the garbage is \$2.03 for 12 hours, or 22 1/2 cents a load. The average weight per load is 1,000 pounds, taking into consideration the condition of the garbage during the winter months up to the present time.

"We have cremated since January last 29 dogs and 35 cats and hens. The bob-sleighs belonging to the iron garbage wagons have been dispensed with for the summer and stored away in one of the cattle stalls in the fair grounds.

"I have visited the collectors twice every day, and I have found them all working and in their proper places. The behaviour of the collectors has been very satisfactory, notwithstanding the fact that many obstacles have been placed in their way during the winter. I received no complaint of any account during March."

GOOD ROADS HELPING

In The Sale of Bicycles This Season.

That there will be a revival in the use of the bicycle this season is the general opinion. Dealers do not only in Kingston but all over Ontario are looking for record sales. Good roads are helping along the sales. Already a large number of bicycles have appeared in the streets of Kingston, and those who are in a position to know state that it looks like a banner year for the wheels. In some places bicycle racing has been the means of stimulating interest in the wheel.

Taken To London. Detective Harry Dawn, of London, arrived in the city on Wednesday afternoon, and returned to London, with the young man who was arrested in a charge of stealing \$426 of the funds of the Orient Club there. The accused acted as treasurer of the club, and says that he will make good the shortage.

The young man taking the course at the Royal School of Artillery, who has never been in trouble before. He only came to the city a few days ago.

ISAAC ZACKS, 271 PRINCESS STREET.

NAVY GASOLINE MAKING SUBJECT OF STUDY.

Secretary Asks For \$1,500 To Investigate Feasibility Of Project.

Washington, April 6.—Gasoline once more held the attention of Congress yesterday, when Mr. Daniels, Secretary of the Navy, asked the House Committee on Naval Affairs for a special appropriation to investigate the feasibility of the manufacture of gasoline by the Navy Department as a by-product from the refinement of crude oil used in oil burning warships.

A firm of oil engineers has submitted figures indicating that with an expenditure of \$400,000 the government can erect a plant which could refine sufficient oil for the navy's use at the cost now paid for refined oil, and at the same time, without further cost, produce enough gasoline for the navy and 2,000,000 barrels of kerosene for the lighthouse service.

Advances in the cost of oil and gasoline present a serious problem to the navy, which made it questionable whether the fleet could be placed entirely upon an oil burning basis. Charles H. Randall, of California, informed the House Committee that the Standard Oil Company had acquired a large amount of oil lands in China, and these were being withheld from development and the price thus boosted. He said the company was not trying to produce as much oil as it might from its holdings in the United States.

Warren North Bailey, of Pennsylvania, introduced a bill calling upon the Secretary of the Interior to develop the oil in government reservations through government operation. If these products are sold in the open market the price of gasoline will be forced down. The Bailey bill appropriates the sum of \$10,000,000 to bring these about.

DIDN'T SELL TO ALLISON. Col. Allison Wanted to Buy Winchester Rifles.

Toronto, April 6.—When Mayor Church was in New York a year ago, Col. J. Wesley Allison wanted to buy 3,500 Winchester rifles from the city for \$3 or \$4 each. Allison was purchasing for the French Government. The city had paid \$1; Allison didn't get the guns.

The Racking Pains of Sciatic Rheumatism

Were Well-nigh Unbearable—After Five Years of Suffering Cure Was Effected by Dr. Chase's Medicines.

For downright excruciating pain few ailments can be compared to sciatic rheumatism. Since this condition of the sciatic nerve denotes exhaustion of the nervous system, the logical cure is found in the use of Dr. Chase's Nerve Food to nourish the starved nerves back to health and vigor.

Reports are continually coming in to us regarding the splendid results obtained in the treatment of sciatic rheumatism by using Dr. Chase's Nerve Food after each meal and Dr. Chase's Kidney-Liver Pills occasionally as a means of arousing the action of the liver, kidneys and bowels and thereby keeping the system freed of pain causing poisonous impurities.

W. J. Talbot, Edenwood, Sask., writes: "It is a great pleasure for me to recommend Dr. Chase's Kidney-Liver Pills and Nerve Food as a

cure for Sciatic Rheumatism. The pain I have suffered has been well-nigh unbearable. It would start in the hips and run down the legs to the toes, gradually getting worse. The nerves contract until one is practically useless. My doctor tried many different treatments, but could only afford relief for a time.

"For about five years I was subject to this trouble with severe attacks which would last about two months. The last attack I had was shortened to two weeks by the use of Dr. Chase's Kidney-Liver Pills and Nerve Food. This treatment was continued until I was satisfied that the cure was lasting."

This statement is endorsed by H. E. Woolley, J.P. Dr. Chase's Nerve Food, 50 cents a box, six for \$2.50. Dr. Chase's Kidney-Liver Pills 25 cents a box, all dealers, or Edmondson, Bates & Company, Limited, Toronto.

Mazda Tungsten Lamps. All sizes up to 60 watt, 25c. Halliday's Electric Shop, 845 King Street. Phone 94.

BEST FOR LIVER, BOWELS, STOMACH HEADACHE, COLDS. They lighten the liver and bowels and straighten you right up. Don't be bilious, constipated, sick, with breath bad and stomach sour.

CASCARET. WORK WHILE YOU SLEEP. To-night sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath right and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colds. Clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel because they don't shock the liver or grip the bowels or cause inconvenience all the next day. Mothers should give Cascarets, bilious, feverish children a whole Cascarets anytime as they can not injure the thirty feet of tender bowels.
