TURKS IN ASIA REINFORCED

Thousands of German Motor Cars Give Aid.

FOOD SUPPLY SHORT

SHIPS CARRYING VICTUALS AND MATERIALS ARE SUNK.

The Russian Submarines Were Active And Successful In Their Work—Over One Hundred Vessels Were Destroyed During March.

London, April 10.—A special to the London Daily Telegraph from Rome says: According to information at the Russian Embassy the Turks have succeeded in getting important reinforcements to Trebizond and Sivas, said to number eighty or ninety battalions with artillery. The Germans supplied thousands of motor cars for the purpose of carrying them from railroad.

The arrival of these reinforcements explains the resistance of the Turks on the Asiatic front.

The feeding of the Turkish army continues a problem. Constant attempts are made to send food and material by sea, but few of the ships arrive, being sunk by Russian submarines and destroyers. Since the beginning of March the Russians have destroyed a hundred or more Turkish vessels.

According to the belief here the Turkish situation in Asia Minor is improved only for the moment, and the Russian advance soon will move irresistibly on.

COMPLAINT IS MADE

THAT HOME IS IN A VERY UNSANITARY CONDITION

Child Is Ill And Matter Has Been Reported to Mayor Richardson—Alleged Landlord Threatened to Put Family On Street For Non-Payment of Rent.

That the stand of Mayor Richardson to have an investigation regarding houses in Kingston, which are in an unsanitary condition, is well taken, was shown on Monday morning, in a case which was revealed.

The house complained of is situated on Queen street, and it is stated that the roof of the house is so badly in need of repairs, that it is unfit to live in. According to the report made on the street, the kitchen is the only room in the house that can be used, and it is not up to much at that. If the reports are true concerning the house, it should not be tenanted.

The home is occupied by a man and his wife and several children, the youngest a baby, six months old, and the saddest part of the story is that one member of the family is quite ill. It is further alleged that as a result of the man being behind one month in the payment of his rent, the landlord threatened to put the family out on the street.

It will be remembered that at the beginning of his term, Mayor Richardson referred to unsanitary houses in the city, and the matter was brought to the attention of the Board of Health. The Board of Health has the matter in hand, and is anxious to have action taken, and taken as quickly as possible, but owing to the fact that the Board has no sanitary inspector, the members are up against it. The question of the appointment of an inspector is now under discussion. The Board has asked the Council to provide for a man for this work.

Military Superintendent.

(Special to the Whig.) Ottawa, April 10.—Dr. Alfred Thompson, member for Yukon, has been gazetted as lieutenant-colonel of the Canadian A. M. C. and will be superintendent of military hospitals for soldiers invalided home, including that at St. Agathe and Kingston.

Colchester township farmers are struggling to save Christ Church and its cemetery from the encroaching waves of Lake Erie, which are eroding the shore and rolling over several graves now.

Jean Baptiste Bougie, aged thirty-five, was crushed to death beneath an auto truck in Montreal when he fell off the running board, where he had been riding unknown to the chauffeur.

Richard Reid, Agent-General for Ontario in London, Eng., has been appointed by Sir Sam Hughes, as Honorary Lieutenant-Colonel in the Canadian Expeditionary Force.

The Women's Emergency Corps, Toronto, has placed the ban on women speakers whose male relatives are "slacking."

Two hundred and sixty members of the 1st Battalion have been given furloughs to assist farmers in spring work.

THE CONSERVATIVES LOOKING TO SEA.

Will His coming Bring Peace or War, is the Issue Now.

(Special to the Whig.) Ottawa, April 10.—The week in parliament opens with all eyes turned toward the mid-Atlantic, where the vessel bringing Gen. Hughes from England is boring its way toward New York. Will his coming bring peace or war, is the question the government is asking itself to-day. And nobody has an answer at present. General Hughes is expected here on Thursday or Friday. It is not expected that he will waste much time before appearing in the House, though it is probable he will hold a lengthy conference with the Prime Minister before he does so. A Conservative caucus will be held on Tuesday, when there will be a heart-to-heart talk over the whole situation. The caucus will doubtless discuss the Hughes' situation as well as the proposed C. N. R. legislation.

SMASH GERMAN TRADE BY ALLIED OFFENSIVE.

Japan and Belgium Will Join Other Powers in Commercial Move.

London, April 10.—Japan and Belgium will join with Great Britain, France, Russia, and Italy in the great conference to take place shortly in Paris to decide on joint action for destroying German trade ambitions after the war. Serbia may also be represented.

The conference will also consider an immediate closer commercial and financial union between the Allies against Germany. Means are being sought to destroy still further German credit in all parts of the world.

HAD NARROW ESCAPE BY BEING UPSET.

The Wheels Caught Under the Box, And Upset the Conveyance.

Cornelius Hughson, Elginburg, and his daughter had a narrow escape from being seriously injured on Saturday when they were thrown out of their wagon at the corner of Barrie and Quebec streets. The wagon was in the act of turning when the wheels got caught under the box and threw the occupants on the road. They were taken to the General Hospital in James Reid's ambulance where Dr. J. F. Sparks attended to their injuries.

MAY BE ALIVE.

A Brockville Soldier Not Heard Of For A Year.

Brockville, April 10.—The friends of Sergt. Michael McMahon, who went overseas with the First Canadian contingent from Brockville, and was last seen on April 24th, 1915, fighting bravely in the great battle of St. Julien where the Canadians saved the day and rolled back from Ypres the mighty wave of German soldiers who thought they had opened a road to Calais. Since that time no definite tidings of Sergt. McMahon have been received although relatives have used every effort to trace him and enquiries have been made in German prison camps without avail. He was thirty-nine years of age, a member of the 11st Regiment for nine years, a fine soldier and genial good fellow who made friends everywhere and the uncertainty of his fate has caused much concern not only to his wife, family, and relatives but to his many friends generally.

A letter just received by Sergt. McMahon's daughter, Mrs. Roy Mullen, 20 Kincaid street, from a soldier friend of the family, is the most direct news yet received, and indicates that Sergt. McMahon was wounded and when last seen was bravely defending the Hun. There is still a chance that he may have been taken prisoner and through the nature of his injuries may be still unable to communicate with his friends.

Remembered the Day.

Have, April 10.—The birthday of King Albert of Belgium was officially celebrated by an imposing manifestation of the Belgian Minister of War.

King Albert was represented by General Jumbuth, chief of the Royal staff, who decorated 250 maimed Belgian soldiers who came from field hospitals to take part in the ceremony. The King spent the day at the front.

The President Is Ill.

(Special to the Whig.) Washington, April 10.—President Wilson suffering from a troublesome cold cancelled all his engagements to-day and remained in the White House. Yesterday found him very uncomfortable. It was reported at the White House, early to-day, however, that he was much improved.

Give Guarantees.

(Special to the Whig.) London, April 10.—Great Britain, Russia and France have agreed to guarantee to Belgium the integrity of the Belgian Congo similarly to the guarantee for the integrity of Belgium itself.

To Discuss Matters.

(Special to the Whig.) Washington, April 10.—The German ambassador, Von Bernstorff requested and was granted a conference with Secretary Lansing for this afternoon, presumably to discuss the Sussex case.

FINE PART OF LIBERALS

Played By Them in Fighting For Temperance.

N. W. ROWELL'S TRIBUTE

STOOD FIRM BELIEVING IT WAS IN PUBLIC INTEREST.

They Gave Their Political Lives That This Cause Might Triumph—No Finer Chapter in the History of the Provincial Liberal Party Than That Exhibited.

(Special to the Whig.) Toronto, April 10.—A tribute to the public spirit of his colleagues in the Legislature during the past few years, and their unflinching and now successful advocacy of radical temperance reform, was paid by N. W. Rowell, on Saturday afternoon, speaking at the annual meeting of the East York Liberal Association, held here.

"While the Temperance Bill was under consideration in the House," said Mr. Rowell, "The Premier and Provincial Secretary presented their views on the part taken by the Conservative party of this Province, in connection with legislative dealing with the liquor traffic, and reached did not find myself in entire agreement with these portions of the addresses I offered no criticism then, and I am offering none to-day. I realize the difficulties which the Premier Minister faced, and the efforts he has been making, and I am glad to see that he has succeeded in reconciling many members of his party to the course which he has pursued. I took advantage of the opportunity of congratulating the Prime Minister on the introduction of this legislation, and I endeavored to pay a tribute to the noble, disinterested and self-sacrificing services of thousands of the citizens of our Province who have toiled and struggled for years to secure this great reform. May I be pardoned this afternoon if I pause to pay a tribute to the worthy party which has done a great struggle by the aid of men who surround me in the Legislature."

"When my colleagues and I adopted our policy for the abolition of the bar, a number of the Liberal members who gave their hearty assent to the measure, and who stated that the adoption of such a policy would mean defeat for them at the ensuing election. Although these men recognized that they were taking their political lives in their hands, although they believed that the course proposed was a noble and courageous fighting for the cause which is to-day triumphant. They gave their political lives that this cause might triumph."

"My friends who sit around me adopted this policy, not at a time when almost all men were its advocates; not at a time when it was considered the proper and patriotic thing to do; but they adopted it at a time when some people, at least, were disposed to scoff and mock, and at a time when we were described by many as faddists and cranks."

"I venture to think," declared Mr. Rowell, "that there is no finer chapter in the history of the Liberal Party in this Province than the heroic efforts and sacrifices made by the party during the past four years in the interests of 1914, nobly and courageously fighting for the cause which is to-day triumphant. They gave their political lives that this cause might triumph."

"The Young Turks have asked Ertugrul Noraboumghian, former Turkish prime minister, to visit London and Paris to inquire into the possibilities of a separate peace for Turkey."

The board of the Presbyterian College, Montreal, has recommended the appointment of Rev. D. J. Fraser, D. D., as principal of the institution, to succeed the late Dr. Scrimgeour. Fraser was born in Prince Edward Island.

HOT FIGHTING STILL CONTINUES.

The French Were Able to Repulse Nearly All Violent Attacks.

(Special to the Whig.) Paris, April 10.—The French official communique says: In fighting west of the river for possession of Dead Man's Hill the Germans were repulsed except on a front of 500 yards near Hill No. 295. East of the river the German assaults gained no appreciable results. There were violent attacks east and west of the Meuse River over a front of nearly fifteen miles from Hill 304 to Fort Douaumont.

On the east bank of the Meuse, a violent struggle occurred east of Vacheraville, south of Douaumont. The French made some progress on German communicating trenches in that region.

In the Woerwa region and around the villages of the Meuse hills heavy bombardments occurred last night.

Heavy Loss Reported.

(Special to the Whig.) Berlin, April 10.—Silesian troops cut off and captured 714 French prisoners and fifteen machine guns in the French retreat from Bethincourt, the War Office stated to-day.

J. J. McNeil, a pioneer lumberman and former Mayor of Gravenhurst, died in Toronto.

BIG GUNS ARE IN USE

Against the Canadians in the Ypres Section.

FEARING THE CANUCKS

AND THUS MAINTAINING TERRIFIC ARTILLERY FIRE.

An Old Brick Barn is Held Jointly—Canadians at One End and Germans at the Other—The Job is Hard One But the Canadians Are Getting the Upper Hand.

London, April 10.—Ypres is bombarded night and day with shells of such calibre as to show that big guns have been brought back to this section. Tuesday, Wednesday, and Thursday night there was one continuous bombardment, the Germans thinking that we were to launch a big attack. It was following this that Germans regained a small section of trenches by a desperate night attack, which cost them heavily. During the day this section was blown up by our miners and we hold a remnant of the trenches. It is the closest fighting that Canadians have been in for many months.

At the north end of our section we hold one end of an old brick barn, while a battalion of Jaegers hold the other, a barricade of broken bricks being between, and each side having picked shots firing point blank at fifteen yards. Gradually we are getting the upper hand, but the job is a difficult one, because the Germans have established themselves so completely. Considering how fierce have been these fights and how terrific has been the artillery fire, our losses have been heavy. Every body is cheerful and confident, say experts arrived back, and everybody expects "something doing" the next six weeks.

The Canadian Eye-Witness writes: A patrol of our 21st Eastern Ontario Battalion, under Capt. Sheppard, entered an enemy front line trench and finding it unoccupied made an examination of the trench and of the ground beyond it for a hundred yards. A wiring party was heard at work and our patrol was fired on by sentries in the German second line, but suffered no casualties.

On the night of April 1st Lieut. Southey, with Ptes. Northey and Hind, of our 21st Eastern Ontario Battalion, entered an enemy trench and proceeded along it for 70 yards. Our patrol was then fired upon by the enemy but returned safely.

War Tidings.

The British have recaptured all positions lost at St. Eloi. Wurtemberg has issued cards to regulate the consumption of meat.

Berlin official statement on Sunday said: "No change in situation in any theatre of the war."

Considerable heavy fighting between the Turks and Russians; all attacks repulsed by the Russians. It is said the son-in-law of President Poincare, of France, is a prisoner of war at Erzing, near Munich. Last night's Petrograd official reports, Austrians using poisonous shells. Nothing else of importance to report.

Artillery activity and minor actions along the entire front the Italian war office announced on Sunday.

The Turkish cruiser Midullu, formerly the German Breslau, has been badly damaged in a naval encounter off the Bosphorus.

A bill submitted to the Dutch Parliament authorizes the calling up of the recruits of the 1917 class, if it should be deemed necessary.

A British victory in East Africa is more important than reported. A large quantity of ammunition, guns and prisoners were taken, says Gen. Smuts.

The German Government declares that no German submarine or warship was responsible for the explosion which damaged the British steamship Sussex.

Terrific fighting continues around Verdun but the French have gained a little ground at all points, except a small portion of Bethincourt salient.

German losses to date total 2,730,217 the London newspapers figure by adding the German official casualty lists. Of these 681,437 have been killed.

There is no let-up in submarine activity. Added to the list of vessels destroyed are the steamers Chantala of 4,949 tons, and Braunton of 4,875 tons, and the schooner Clyde, of 1,000 tons.

A British official statement issued Saturday night reports mining activity about Hulluch quarries, Givency, and Rochincourt. About St. Eloi (south of Ypres) the enemy shelled our trenches heavily.

RUGBY RANKS DEPLETED.

Ottawa Has Scarcely Any Players—Suspend Senior Game.

Ottawa, April 10.—Ottawa footballists agree with the Toronto view that unless there is a great change in the war situation by September it is certain that senior Rugby Football will be a blank here for 1916. Last year the intercollegiate suspended and with the inter-provincial it was touch and go.

An amalgamation of the Big Four and Ontario Unions would be the only solution to the football situation.

LT. NORMAN SALISBURY DIED SAVING HIS MEN.

Tried to Kick Lighted Grenade From Trench, And It Exploded.

Ottawa, April 10.—Details of the heroic death of Lieut. Norman Salisbury, who was killed at the Dardanelles last December, have been received by H. B. McGowan, manager of the Quebec Bank. He was a member of the Ottawa Rowing Club and was the only son of Rev. Norman Salisbury of London, Eng. He enlisted with the first contingent and got a commission in Kitchener's new army. An eye-witness of his death writes:

The lieutenant came into the bombing sap in the best of health and spirits, laughing and joking with his fellow-officers and the men under him. We had been busy for an hour or so, throwing grenades into the Turkish trenches, for which purpose we used a catapult.

The catapult went wrong and we could not get it to work properly. Salisbury took charge, removed his coat and began to work on the catapult, which was in an hour or so, shot back over his shoulder and down into our trench. Realizing what had happened, Lieut. Salisbury turned and put his hands to his mouth, shouting, "Run, men, run." He then deliberately dashed toward the bomb and gave it a flying kick in the hope of driving it out of the trench before it exploded.

Unfortunately it went off at that instant, killing the lieutenant and two of his men, so you see your boy died willing in an effort to save his men. He did not show the white feather and certainly saved some of us by his brave conduct and his order to clear.

FOUR VESSELS WERE TORPEDOED.

The Crews Were All Saved—One Vessel Was Unarmed.

(Special to the Whig.) London, April 10.—The British steamer Zafra, 3,000 tons, has been sunk.

Three more British steamers have been sunk within the last twenty-four hours, the Silkworth Hall, Glen Almond and Yonne.

The British steamer Yonne, it was stated, was unarmed, and was torpedoed without warning. The crews of all the four vessels have been saved.

The Silkworth Hall was a 4,777-ton steamer. Lloyds registry does not list the Yonne and Glen Almond. The Norwegian steamer Stojst was torpedoed and sunk without warning by a German submarine off the French Island of Ushant. The crew landed at Cardiff to-day.

The steamer Eastern City, 4,341 tons, has also been sunk. Lloyds reported she was unarmed.

BRITISH COUNSEL SCORES.

Gains A Point In Libel Proceedings Concerning Appam.

Richmond, Va., April 10.—Counsel for the former British owners of the German prize ship Appam scored a point in their libel proceedings, when Federal Judge Waddill ordered a survey of the vessel to determine whether she is seaworthy and directed Lieut. Berg, the prize commander, to inform the court what supplies he had taken aboard the Appam from the time of her capture until she reached Hampton Roads.

WILL JOHN ALLIES.

Roumania's Intention Is To Go Against Germany.

Zurich, April 10.—Bucharest despatches to German newspapers from their own correspondents declare that the last alleged doubt as to Roumania's intention to enter the war against the Germanic powers is removed. The correspondents declare that Russia is furnishing horses.

MORE BOY BABIES.

Proportion To Number Of Girls Has Increased Of Late.

London, April 10.—Usually, states Dr. Robertson, medical officer of Birmingham, the proportion of births is 1,020 to 1,040 boys to every 1,000 girls. For the last quarter the proportion was 1,110 boys to every 1,000 girls. There has been a fall in the birthrate which, if it continues a year, will, he says, represent a decrease of 4,000 babies.

LOSE LIVES IN FIRE.

Diabler Home Swept By Flames—Women Trapped.

Detroit, April 10.—Mrs. Lillian Diabler and her two young daughters were suffocated and two persons were injured on Saturday in a fire which swept the Diabler home on east side. The mother and children were trapped in a room on the second floor, and although they were not burned, all were dead when firemen reached them. The cause of the fire has not been discovered.

A Berlin official says the attempts of the Canadian troops to recapture the crater positions near St. Eloi were repulsed.

Col. Frederick Ford of Canada was given a C.M.G., by King George. Toronto's school tax is 7.33 mills; it was six mills in 1915.

ARE TOO MANY KHAKI BRIDES

This Is the Decision of the Ottawa Authorities.

MARRIAGES TO CEASE

MARRY AFTER ENLISTMENTS TO GET ALLOWANCES

Militia Department Has Issued Strict Instructions to Commanding Officers—Many Applications Being Refused.

Khaki weddings of non-coms and privates are becoming too numerous for the militia department, and a bulletin against them has just been issued by the department of militia. Copies have been received by the commanding officers of Kingston battalions. The document says that many recruits have married since enlistment without permission and are claiming separation allowance. The applications are being refused on the ground that "the separation allowance was intended to provide for the families of married men who had enlisted as such and whose families would otherwise have been in want or become a heavy burden on the patriotic fund."

"It was not the government's intention to encourage men to marry after enlistment, as that would increase the already heavy expenses, under separation allowance, and in case of the soldier's death would necessitate placing his widow on the pension list."

In the case of lovers betrothed before enlistment, separation allowance will be granted "provided the application has the recommendation of the officer commanding the unit in which the man is serving."

The recommendations of the O. C. will only be recognized after April in the case of those who apply for permission to marry at the time of enlistment, and if not married in twenty days thereafter the permission will be cancelled and separation allowance rights forfeited.

U. S. FARM VALUES INCREASE.

Gone Up Over Twenty-five Per Cent. In Four Years.

Washington, April 10.—Farm land values are increasing, almost by leaps and bounds. Figures made public to-day by the Department of Agriculture show that values for the United States, taken as a whole, increased 25.7 per cent. in the past four years, and 11.5 last year. The figures are based upon reports from the Department's field agents.

The values of farm lands without improvements is estimated at \$45,500 per acre, compared with \$40,850 four years ago; \$40,311 two years ago, \$38,110 three years ago, and \$36,220 four years ago.

The exceptional increases of the year are attributed in part to the reaction in the South following last year's temporary depression, and to the stimulus of war prices, particularly of grain.

Frank Anthony, Brampton, a retired contractor, was accidentally killed by falling from a railway bridge to the street below.

A Suffragette demonstration occurred on Sunday on Trafalgar Square, London. The meetings were dispersed.

Aliens in internment camps to be allowed to work on Canadian farms during the summer.
