THEATRICAL NEWS

To-Night "Potash And Perlmutter"
No play produced in many years was hailed with more sheer joy than "Potash and Perlmutter" and now, after "Potash and Perlmutter" has passed its second season, it is safe to say that every Jewish and Gentile theatre-goer in New York has seen and enjoyed this cleanest, brightest and most human of comedies. The critic of the New York World was first to point out in his review that "In no sense can it be regarded as offensive to the Jewish race." See it at the Grand to-night.

At the Grand.
On Thursday and Friday, afternoons and evenings, one of the best programmes of vaudeville and photoplays ever shown will be presented at the Grand Opera House. Dustin Farnum, the celebrated American actor, will be seen in a stirring drama, "The Call of the Cumberland." Dustin Farnum in his roles of the American appeals as no other actor can to the senses of justice and fair play through his eminently skillful interpretations. The Mutual Travel Pictures, the Paramount Travel Series, a comedy picture, and a two-reel Mutual photoplay, complete the picture part of the entertainment. The vaudeville is well looked after. Billy Gibson, in a comedy singing act, comes highly recommended, and the Nello Duo, in a novelty juggling act entirely different from anything yet seen, complete one of the best bills yet offered.

"The Only Girl."
"The Only Girl"—she of the lilting song and the graceful dance which was such a big hit when here before, is again coming to the Grand on Saturday, April 15th, and on the night to tell in a burst of song, the tale of her trials and triumphs, her piques and relentings. It is a story of love and romance, seductively charming, embellished with coaxing melody and contagious comedy. The chorus, while not large the girls have been selected for their distinct beauty and it is said to be more satisfying than a stage full of ordinary chorus girls. Another feature of the performance is an augmented orchestra, including a harpist.

Strand Theatre.
Highly pleased audiences greeted both the shows at the Strand yesterday. The 5-act Triangle play, "The Edge of the Abyss," is a subject of the higher order, while the Keystone comedy, "A Submarine Pirate," is one of the best and most novel ever shown here. The same bill will be shown for the last time to-night. The programme for the last two days and Saturday matinee consists of a Triangle 5-act play entitled "Aloha Oe," or "Farewell to Thee," featuring Willard Mack and Emil Markey, also a 2-reel Keystone, with Raymond Hitchcock and Fatty Arbuckle, "The Village Scandal," and three other good subjects.

At Griffin's.
The bill at Griffin's for Wednesday and Thursday is somewhat out of the ordinary owing to the fact that it presents an unusual number of popular screen stars all in one programme. There is the ever popular little Mary Pickford, in one of those old-fashioned dramas entitled "Home Folks." We also have Hobart Henry that stirring artist, in a sensational and gripping drama entitled "The Phantom Fortune." Then there is Charlie Chaplin in a four-reel review, and Billy Ritchie in a one-reel comedy. Either one of these laugh-producers are generally considered enough on our bill. They are beyond a doubt the funniest pair of comedians in screendom. The above array of entertaining subjects is but a portion of our big special feature bill. A full programme of popular and classical music by our well-known orchestra.

ROUMANIA ENDS PACT WITH THE RUSSIANS.
Report Says She Will Export Grain to Central Empires.

London, April 12.—The Giornale d'Italia states that Roumania's commercial relations with Russia have been suspended. Another Rome despatch declares the service of freight trains to Hungary is to be resumed, and the export of 150,000 waggons of Roumanian grain to the Central Empires is about to begin. In exchange Roumania will receive German coal, machinery and other industrial products. The question of munitions for the Roumanian army is not yet settled. Roumania has an insufficient supply of these and until that is remedied she will not intervene, although troop movements continue on all the frontiers.

The Swedish steamer Murjek, 4,000 tons, was sunk by an explosion. The crew was saved. Moth Balls at Gibson's Drug Store.

A fine crowd of soldiers enjoyed a delightful hour at the Military Y. M. C. A. Club-room concert Tuesday evening. The entertainment was of a very high order. Among those taking part were Pte. Prince, a soldier returned from many months of active service, who sang "Mary of Argyle," in a manner that delighted the audience. There were solos by Miss L. Busel and Pte. Urdley, the latter being from the 146th Battalion. Pte. Urdley also furnished some splendid mouth-organ music. In recitations, Private Glen and Roberts, the former from the Signalling School and the latter from the R. C. H. A., were the performers. Both men are marvellous impersonators.

Here are ways in which the work of the Military Y. M. C. A. can be helped:

By bringing all kinds of good magazines to the club-room. These are used not only in the club-room but in the various homes and hospitals where they are very greatly appreciated by the men. Besides this a large number have been sent to detachments at outer points and with drafts at the time of entraining for the latter purpose the right kind of books in strong bindings would also be very useful.

By supplying some fresh rolls for the player-piano. The club room is especially short of music suitable for Sunday playing.

A call has come in for some music with words for the recreation room of one of the detachments.

James Furness, who last year was chauffeur for Hon. W. Hart, and who has since been engaged in his work in the Eastern States, has returned to Kingston to enlist in the cyclist platoon that is being organized here by Lieut. McKim.

Two more prominent Toronto amateur athletes have joined the colors in the persons of Pete Reesor and "Tom" Gamey, who arrived to-day to join the "C" Battery.

B. Sergt-Major Peppiatt who is recruiting for "C" Battery, R.C.H.A., in Toronto, has already secured one qualified infantry officer and expects to secure six more to go into the ranks of the battery. "Yonnie" McLean, a Toronto man who some time ago qualified as a lieutenant in the infantry, has arrived in the city and is now wearing the uniform under Capt. W. E. Steacy.

It is certainly a tribute to the artillery branch of the service as well as to the men themselves that they have joined the big gun to their qualifications will be of great value, and they should make competent N. C. O's.

"C" Battery, R. C. H. A., expects to send over another 100 or 150 men in the near future. In February 150 were sent off and last month a similar number, after being trained, proceeded overseas. With that number again this month Capt. Steacy is establishing a record, but the captain and his staff are quite equal to it.

Next week there will be an addition of about twenty probationers to the Infantry School of Instruction. They will take the places of some N. C. O's who are going out after qualifying. There are now an attendance of over sixty at the school.

SAFETY FIRST

Produces Splendid Results On Grand Trunk Lines.

Montreal, April 12.—Vice-President Howard C. Kelley, of the Grand Trunk Railway System, in a message to the employees in the operating, maintenance and construction departments of the road, says:

"There has been a gratifying reduction in the number of employees injured.

"This improvement, it is believed, is due largely to the exercise of care and diligence which is expected, as a matter of course, from railroad men.

"The management, however, takes this opportunity to express grateful appreciation to officers and employees whose fidelity to duty has made this announcement possible.

"We would like, if we could, to meet every employee on the Grand Trunk face to face. If it were possible to do so and if, at such meeting, we had time to ask you one and only one question, that question would be: 'Are you doing your work in the safest practicable manner?'"

The steamer Wolfe Islander made her first trip from Wolfe Island to the city on Wednesday morning. Very little ice was met with.
