

TO SUBMIT TO PEOPLE

Proposed Water Power Agreement With J. M. Campbell.

UTILITIES COMMISSION

WILL NOT SEEK THE HYDRO'S SANCTION.

Manager Folger To Give City Council Estimate of Cost of Erecting Electrical Fixtures To Barrieffield Camp.

The Utilities Commission yesterday afternoon decided to submit to E. A. Ross, electrical expert, Montreal, the draft agreement between the Commission and J. M. Campbell for water power supply from Kingston Mills. If Mr. Ross approves of the agreement it will be sent to the City Council with the request that it be submitted to the ratepayers for their approval.

The Commission thinks it has made an excellent deal with Mr. Campbell, who is to help out the city's plant, in return for a supply of power from the latter when his supply at the Mills is low in summer. The Commission prefers to submit the question to the ratepayers rather than to the Hydro-Electric Commission, as the latter would probably dilly-dally with the proposed agreement until months had elapsed, and things would be no further ahead than at the start. It will cost the Commission \$300 to get the people's assent to the agreement, but it will be well worth the money.

The above plan of procedure was moved by G. Y. Chown and received the assent of the other Commissioners. It is hoped to have the City Council next Monday night order the necessary by-law to the people.

Lighting Barrieffield Camp.

Manager Folger was instructed to furnish the City Council with an estimate of the cost of lighting the Barrieffield camp with electricity. Mayor Richardson stated that the Council would like to furnish the material, and that the Engineers would do the work of construction. It was very essential that the camp be well lighted, as over 11,000 soldiers are to be encamped on the heights this coming summer.

Nothing further was done about the power agreement with the Street Railway Company. The City Council has to deal with several additional requests of the company, and until these are settled the power part of the agreement stands.

The Commission passed a motion to the effect that it was willing to meet a committee of the City Council at any time to discuss matters affecting both bodies.

All employees of the Commission were made subject to the control of the manager. Heretofore only part of the employees were under the manager's control.

It was ordered that a hydrant be placed on University avenue close to Grant Hall, the university authorities offering to pay the cost. The Commission will accede to

USE OF FAIR GROUNDS

TO BE GIVEN INDUSTRIAL FAIR UNDER CERTAIN CONDITIONS.

Civic Property Committee Asks That Directors Assume All Liabilities In Case of Accident—A New Caretaker for The Grounds.

The request of the Kingston Industrial Fair, for the use of the Fair Grounds, for the annual exhibition, to be held on Sept. 26th, 27th and 28th, be granted, provided the fair directors give a bond to assume all liabilities in case of an accident.

The above resolution, moved by Ald. Polson, was passed at a meeting of the Civic Property Committee, held on Monday afternoon when the application made by the secretary of the "big show," R. J. Bushell was read.

Owing to the fact that the buildings at the Fair Grounds are in such a dilapidated condition, the members of the committee fear that an accident might occur, and they feel that it is only under the conditions mentioned, that the grounds should be given for this exhibition.

On motion of Ald. Newman the request of Lieut.-Col. C. A. Low, for the use of the Fair Grounds, on May 24th, for the holding of a Field Day, for the 146th Battalion, was granted.

It was decided to recommend to Council that the services of Stanley Adsit, as caretaker of the Fair Grounds be dispensed with, forthwith, and that Mr. Campbell, employed by the Board of Works be appointed to this position. Mr. Campbell will be given house rent on the grounds free of charge, for his services, following the usual custom. It is proposed to have the City Solicitor draw up an agreement between the city and Mr. Campbell, in which the latter's duties shall be defined.

The Committee will ask that a steel cabinet be purchased for the office of the City Solicitor, for the purpose of preserving the legal documents of the city, and that the Civic Finance Committee be asked to provide the necessary funds. The estimated cost is \$150. It appears that there is not the necessary accommodation for the documents, and Ald. Polson stated that it was such an important matter that action should be taken. In case of a fire, the city would stand to lose some very valuable papers, and the other members of the Committee agreed with him.

The Civic Utilities Committee will be asked to purchase for the city, 175 tons of three-quarter lump coal, and add to this 465 tons, for the use of the Board of Education. Last year the Board of Education saved money by having the city secure the supply of coal, for the schools, and the trustees are anxious to have the same plan of purchase carried out this year.

Tenders will be called for the painting of the doors of the City Buildings.

In connection with the Fair Grounds, Ald. Newman wanted the city to make some repairs to the grand stand, but the Committee did not care to undertake this work.

The chairman, Ald. Hughes, presided at the meeting, and the other members present were Aids. Litton, Newman and Polson.

COLLINS BAY WEDDING.

The Greer-Van Alstine Nuptials. On April 12th.

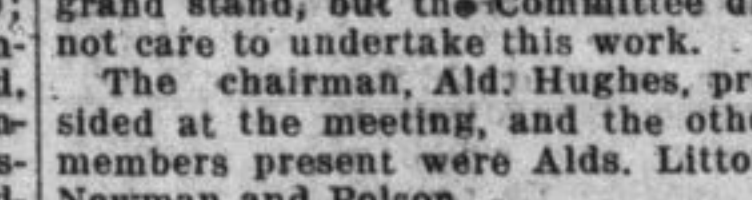

A pretty wedding was solemnized on Wednesday, April 12th at 10.30 o'clock at the home of the bride's parents, Mr. and Mrs. George Van Alstine, Collins Bay, when their youngest daughter, Miss Mary Louise, was united in marriage to William Sillwell Greer, only son of Mr. and Mrs. S. W. Greer, Collins Bay. The ceremony was performed by Rev. M. L. England. To the strains of the wedding march played by Miss Mildred Kiel, of Kingston, the groom entered followed by the bride, leaning on the arm of her father. The bride was attended by her sister, Mrs. Cousins, and the groom by Mr. Cousins. The bride's dress was a travelling suit of Belgian blue with hat to match. She carried a beautiful bouquet of lilies-of-the-valley and white roses. A table was laden with presents from friends showing the high esteem in which the young couple are held. The groom's present to the bride was a pearl necklace, to the bridesmaid a cameo ring; to the groomsmen gold cuff links and to the pianist a cameo ring.

After partaking of the wedding breakfast the young couple drove to the G. T. R. station where they took the last train for Ottawa. On their return home they will take up residence at Cloverdale farm.

Married In Ottawa. A quiet wedding was solemnized on Saturday morning at St. Alban's Church, Ottawa, by Rev. T. J. Stiles, when Albert E. Waterson was married to Miss Gertrude E. Prenter. The aunt of the bride Mrs. James Adams, Kingston, was a guest. After the ceremony the couple left for New York Philadelphia and Atlantic City.

Eighteen Employees. Of Elliott Bros., Have Enlisted For War Service.

People do not fully understand the strain that the war is putting on Kingston employers as a result of men going to the war. An example of the extent of the inroads into the ranks of the employees is given by the firm of Elliott Bros., plumbers and tinsmiths, who have lost eighteen men since the war broke out.

W. Milne, who enlisted at Niagara, Thomas Harris with Capt. J. Welsh of the Army Service Corps, John Eford in the 21st Battalion, Frederick Clark with the Mechanical Transport, Wesley Cole in the 21st Battalion and W. Sands of the 8th C. M. R., are all at the front.

James Persons, who went overseas with the first Ottawa contingent was killed at the front.

B. Davidson, 2nd Battalion, is now a prisoner-of-war in Germany. William Kelso, who went overseas with Major MacPhail of Queen's Engineers, and L. Shangrow, 2nd Battalion, have both been officially reported as missing.

Frank Maxam, who went overseas with the 21st Battalion, is in a London hospital recovering from an operation for appendicitis. William Elder is quartermaster sergeant of the 59th Battalion and is also in England. Lieut. H. S. Partridge is training here for the front.

The 146th Battalion has taken on its rolls "Scotty" Ramsay, D. McClelland, "Bike" Young and George Gomer.

The eighteenth man is E. Lacey, an apprentice who will go on the Army Service Corps staff at Barrieffield because his eye sight will not permit him to pass the medical test for overseas.

JUDGE LAVELL SPOKE

At the Quarterly Rally of the Christian Endeavorers.

The quarterly rally of the Local Union of Christian Endeavor was held in the First Baptist Church on Monday evening. In the absence of the president, Samuel Lilly, who is confined to the General Hospital, Rev. George S. Clendinnen occupied the chair.

Judge H. A. Lavell gave the address of the evening. He urged on the gathering the necessity of getting as members of the church all interested in the work. Recruiting is in the air, said the Judge, and for that reason he thought that now was the time to be up and doing.

The banner was awarded to the First Baptist Church; Sydenham Street Methodist society was a close second, there being only two per cent. difference.

When it will affect them materially financially, there are people who forget to remember.

Ask and ye shall receive does not always prove true to the man soliciting a dime for a drink.

Girl a Nervous Wreck At Eleven Years of Age

Was Tired Out, Pale and Sallow—Would Tremble Till the Bed Would Shake—Dr. Chase's Nerve Food Cured Her.

In the schools of to-day there is found an alarming proportion of weak, nervous children who have little chance of developing into healthy, useful men and women. Nature requires the assistance of such treatment as Dr. Chase's Nerve Food to help them over a trying period and set them on their feet.

There would be fewer wearing glasses if the nerves were invigorated, less irritation in the school and home, more robust health and a greater pleasure in the school tasks.

This letter bears a cheering message to parents whose children are weak, puny and nervous. It shows you what may be expected from the use of this great restorative.

Mrs. Stephen Hartman, Italy Cross Lunenburg, Co., N.S., writes: "My little sister, at eleven years of age became nervous, irritable and seemed all tired out. She had no appetite, was lifeless and drowsy,

and her complexion grew pale and sallow. Finally she had to keep her bed and have somebody with her all the time. She was afraid of everything, would get excited and tremble till the bed would shake. As she seemed to be getting worse under the doctor's treatment, mother decided to try Dr. Chase's Nerve Food. After she had used about four boxes improvement was noticeable, and it was wonderful to see how much brighter and stronger she grew week by week. She used ten boxes altogether, and they cured her. She got fat and rosy, and went to school every day with an ambition that she never seemed to have before. I do not hesitate to recommend Dr. Chase's Nerve Food to anyone, for it was indeed wonderful what it did for her."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.
