CANNOT FOOL THE INDIANS

The Huns Propaganda Has Utterly Failed.

GOOD HOT RECEPTION

WOULD HAVE MET ATTEMPTED INVASION.

Says Sultan Aga Khan, the Spiritual Head of the Millions of Moslem Muslims.

Paris, April 17.—"Indians have not been fooled by the German propaganda, and India is the safest place in the world," is the message from Sultan Mohammed Aga Khan, spiritual head of the millions of Moslem Muslims as direct descendant of Mohammed and one of the most influential of Indian potentates, whose loyalty to England has just been rewarded by a salute of seven guns and the rank of first-class chief of the Bombay Presidency. His Highness, who is on his way to London after wintering at the Riviera, said to a correspondent: "People attach over-much importance to reports of Indian secession, which is really due to an insignificant handful of agitators. The country as a whole is contented, loyal, and fully satisfied with English rule, the benefits of which it appreciates. The attempts by German gold to stir up religious ill-feeling among the Indian Muslims have been perfectly fruitless. My people cheerfully fight the Turkish co-religionists in Mesopotamia or Gallipoli just as fellow Christians kill each other in France. Soldiering in India is a regular profession to which men are trained from childhood and is not a question of conscription or volunteers. It is absurd to suppose that professionalists whose trade is war would hold back when business became brisk.

"Had the Germans ever tried to invade India they would have been surprised by the reception, but I believe the whole scheme was a bluff. Moreover, Afghanistan, which is far less friendly to Great Britain's enemies than they imagine, would have proved an impassable barrier. Even against Egypt their proposed expedition was more a step to Turkish ambitions than a serious invasion. In Cairo that winter, I am sure, the Turk-Germans plan which failed, was never organized with the thoroughness that Germans apply to genuine efforts.

A FEELING OF DETEST

PREVAILS IN AUSTRIA IN REGARD TO GERMANY.

Although The Latter Is Austria's Ally—Desire For Separate Peace Strong In Vienna.

London, April 17.—A neutral who lived many years in Austria has given the impressions he gained during recent visits there to the New York World: "The effects of the war are visible at once upon one's arrival in Vienna. The large restaurants, brilliantly lighted, and resounding with the music of Tzigane orchestras are almost empty. Occasionally a few boulevardiers take places at the tables, but rarely do they dine there. "As I was leaving a hotel, I asked for the ration of bread which would have been served me at the evening meal. This was refused me. The excuse given being that any guest leaving before a meal could not be supplied with bread and that the rations thus left over were furnished to the inhabitants of that quarter of the city.

"On the day when the fall in the value of a florin was particularly accentuated I could hear lamentations uttered openly at the paying tellers' desks at various banks. One phrase recurred constantly: "Germany has deceived us; Germany has lied to us." "The news of victories by the armies of the central powers, spread by the official Wolff Agency, has no longer the desired effect upon this unhappy, frightened flock which represents the Austrian people, I heard a high court official say: "If our armies were not so inextricably tied to the German armies, we should have made separate peace arrangements long ago.

"The only places in the whole country where passable food can be obtained are Velakirch and the Tyrol, both not far from the Swiss frontier, and there the food supplies are obtained by contraband. In Vienna, as well as in Berlin, enormous numbers of postal packages are received from neutral countries. "It is well known that the Austrians and Bulgarians suffered heavy losses in their offensive against Ser-

For Eczema and other Skin Troubles We Guarantee Saxol Salve to stop the itching and begin healing with the first application or return your money. There are lots of skin remedies but Saxol is the only one we guarantee like this. Why don't you try it? MAHOOD DRUG CO., LIMITED KINGSTON, Ont.

Scene from Act I in "Within the Law" at the Grand on Saturday, April 22nd, matinee and night.

FEEL FINE! TAKE "CASCARETS" FOR LIVER, BOWELS. Spend 10 cents! Don't stay bilious, sick, headachy, constipated. Can't harm you! Best cathartic for men, women and children.

Enjoy life! Your system is filled with an accumulation of bile and bowel poison which keeps you bilious, headachy, dizzy, tongue coated, breath bad and stomach sour. Why don't you get a 10-cent box of Cascarets at the drug store and feel better. Take Cascarets at night and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You'll wake up with a clear head, clean tongue, lively step, rosy skin and looking and feeling fit. Mothers can give a whole Cascaret to a sick, cross, bilious, feverish child any time—they are harmless—never gripe or sicken.

bi—some say half their effective army. But in Vienna nobody mentions the Austrian losses—only the Bulgarian losses. "However, it is easy to see that he, or she, has endured, for Austrian women do not affect that horrible impassability that certain German women have tried to make a la mode. "Many Austrians, especially the elite, deeply deplore the new familiarity between Emperor Francis Joseph and the Bulgarian Comrad Jis, made up of professional assassins, whose business in ordinary times is to wring ransom from captives. "For the moment, however," this neutral says, "the Germans dominate the country, and nothing more astonishing than the Germanizers in Austria than to find that their Allies do not seem almost as much as do their enemies."

PRIESTS SHOULD FIGHT.

Church Thereby Gains Adherents, Says Chaplain.

London, April 18.—The Palm Sunday service for the overseas forces at St. Margaret's Church, Westminster, was largely attended. The candidates attached to the Canadian Pay and Record Office paraded under Col. Ross and were played into the church by the Guard's band. The address was delivered by Major the Rev. E. A. Wells, of Minnedosa, Man., senior chaplain at Shorncliffe, his subject being "The Attitude of the Church to the War." Alluding to the controversy as to whether the clergy should fight, the speaker expressed admiration of those priests who enlisted first without asking their bishop's permission, and said that for every priest who fell the church gained a hundred adherents.

Vegetables At Toronto. Good carrots have no trouble in realizing \$1.25 per 75-lb. bag on the street at Toronto, according to Dawson & Elliott, who quote a range of \$1 to \$1.25 per bag; turnips are 35c to 40c; beets, 35c to 40c; and parsnips 65c to 75c per 75-pound bag. Cabbages are \$1.35 to \$1.50 per barrel for old, and \$3 to \$3.50 per case for new.

Nearly everything that glitters has been offered as an inducement for people to part with their money. Twelve hundred Canadians paraded to service at St. Margaret's, Westminster, Sunday. The Masonic Order will spend \$175,000 on a temple in Toronto,

CENT A GALLON FUEL FOR AN AUTOMOBILE IS A POSSIBILITY. Louis Enricht, Long Island, is the inventor of a Mysterious Green Chemical As Motive Power.

New York, April 18.—The engaging possibility of running an automobile with a few gallons of water and a mysterious green chemical as motive power, the whole costing less than a cent a gallon, and then drained in running a car. The Chicago Herald, to visit Louis Enricht, the inventor of the miracle-working fluid, at the latter's home in Farmingdale, Long Island, yesterday.

Mr. Enricht said, in describing the successful working of the fluid in running a car: "I am frank to confess that in spite of the accounts published in some of the New York evening papers I approached the proposition with caution. "I first examined the entire construction of the car to make sure that there was no place to conceal another fuel tank, and then drained the tank of every drop of fluid. It contained, letting it drip on my hands, smelting it and drying it by evaporation. It looked like water, and had a slight bitter almond odor like that of prussic acid.

"I then took an ordinary white china pitcher and filled it from a face faucet that protruded from the side of the barn. I took a drink from the pitcher and what I drank was pure water; then held the pitcher while Mr. Enricht took the small vial from his pocket and poured into the water in the pitcher about an ounce of clear fluid slightly tinged with green. This I stirred into the water with a stick and then I poured the contents of the pitcher into the tank of the car, which had been under my eye all

ARE YOU LIABLE

to accidents while at work? If so, you should carry a box of Zam-Buk. In the workshop or factory, when an accident occurs, an immediate application of Zam-Buk will save much suffering and consequent loss of time. There is nothing like Zam-Buk for stopping pain, and being a strong antiseptic it destroys all germs and prevents wounds from festering.

Mr. J. Benson, an iron-worker, of Sheridan St., Brantford, Ont., says: "I am always getting bits of metal in my hands, which invariably begin to fester unless I apply Zam-Buk. Needless to say, I am never without a box of Zam-Buk." Mr. Austin Finlayson, of Ek, Sask., writes: "While at work I cut my hand with a saw. Not thinking it serious, I neglected the cut until it became very sore and festered. I then applied Zam-Buk, which soon drew out the inflammation and healed the cut. Had I only applied Zam-Buk in the first place, I would have been saved much pain and inconvenience."

Zam-Buk is also best for eczema, ring-worm, ulcers, old sores, blood poisoning, boils, abscesses, piles and burns. All druggists 50c. box, or Zam-Buk Co., Toronto. Send 1c. stamp for postage and we will send free trial box.

the time the pitcher was being filled. "I then tested the fluid from the petcock at the bottom of the tank and at the carburetor and found the fluid exactly the same as that previously poured from the pitcher."

FINANCIAL MATTERS.

Ten Million Dollars Steamship Company's Profits For Year. New York, April 17.—The annual report of the Scandinavian American Steamship Company for 1915, received here to-day, shows a net profit for the year of \$10,000,000. The annual profits are attributed to the high freight rates which have prevailed since the outbreak of the war. The profits, the report states, exceeded by \$600,000 the capital stock. A dividend of 25 per cent. was declared after \$4,000,000 was placed in reserve.

Accumulated Dividends. Toronto, April 17.—The accumulated indebtedness on twenty-four Canadian preferred stocks, with a total outstanding capital amounting to \$58,918,500, now reaches \$7,877,820 or 13.3 per cent. At the outset of 1915 there were 27 stocks on the list. This number has been reduced to 24.

To Take Action. Montreal, April 17.—The directors of the Dominion Bridge company will meet next Wednesday to take action respecting the quarterly dividends. In view of the very substantial earnings at the present time there is no likelihood of a reduction of the bonus, which is three per cent. In addition to the quarterly dividend of two per cent. This is equivalent to 20 per cent. per annum and makes the stock at its present price a cheap investment, yielding over nine per cent.

May Pay Over \$200 A Share. Montreal, April 17.—In connection with the exceptional strength and the recent developments in connection with the Consolidated Mining and Smelting Company of Canada, the story is heard that further development, not yet announced, are pending. The story is to the effect that certain large New York interests are negotiating for the purchase of the entire stock of the company and thus in order to succeed in this they will have to pay over \$200 per share for it. No names are mentioned in this.

Commercial Notes. New York Journal of Commerce estimates fire losses on March, U. S. and Canada, \$38,680,250, against \$18,786,460 in March last year. The International Engineering Co., engaged in the manufacturing of munitions recently, reports profits of \$77,778 for 1915. Effective on Saturday, the name of the Alaska Feather & Down Co., Montreal, was changed to the Parkhill Manufacturing Co., Limited.

J. W. Norcross, vice-president and managing director of Canada Steamship Lines, Ltd., had been elected a director of the Canadian Vickers Co., Chalmers Motor Company, Detroit, which recently obtained a Canadian charter, with a capitalization of \$1,000,000, is to establish its Canadian branch plant at Ford City, purchasing Tule Electric Company for that purpose.

A five to ten per cent. increase in the wages for all employees of the woolen and cotton mills of New England, amounting to over \$10,000,000 is about to be made. Reliable quarters it is stated that the National Brick Company earnings for the month of March were \$500,000 in excess of those for March, 1914.

New York hears that Ontario Steel Product Co.'s earnings for the fiscal year ending June 30th, 1916, are running at the rate of about fifteen per cent. on the \$750,000 common. It is known that the outlook for Dominion Steel Corporation is remarkably good at the present time. A foothold has been already secured in the British market for goods that formerly were only obtained from Germany.

The National Steel Car Company reports earnings for the year ending November 30th, 1915, of \$737,871, which compares with a deficit of \$6,680 in the 1914 year, and earnings of \$243,228 as shown in the first annual report, which was for the 1913 year. A well known steel man, on being asked whether he thought there was any truth in the rumor of \$90,000,000 earnings for United States Steel for the second quarter, replied: "No, but I predict they will be running between \$300,000,000 and \$400,000,000 a year before the close of the present twelve-month."

It is understood that Westinghouse Electric net profits for March were close to \$1,500,000, and that April results will probably exceed this figure. These monthly profits were without any help from the ride contract, and would be equal to better than thirty-two per cent. on the common.

100,000 CATHOLICS LOST IN ARMENIAN MASSACRES. Ecclesiastical Authorities in Germany Hear of the Turkish Atrocities.

Amsterdam, April 17.—Telegrams from Cologne the correspondent of The Tiff says: "Catholic ecclesiastical authorities in Germany have received from an authoritative source in the Catholic mission trustworthy information that half a million Armenians have been murdered by Turks through starvation or ill-treatment. About 100,000 Catholics were among them including four Bishops." The message concludes: "Popular feeling among the Armenians was roused against the Turks by the British."

James Diggle, a returned soldier, killed himself at his boarding house in London as a result of nervous shock from the terrible fighting he had passed through. Two little sons of Pte. Ben Thomas, 70th Battalion, were drawn in Bear Creek, Petrolia, while he was at home on his last week-end leave.
