**THE HOUSE OF RODGER**  
 THE FORMAL OPENING ON FRIDAY APRIL 28TH.  
 Of This Magnificent Princess Street Jewelry Store—An Orchestra To Discourse Music.  
 There is probably no finer jewelry store between Toronto and Montreal than that of R. J. Rodger's new store, 132 Princess street, just across the road from the Randolph Hotel. Coming from Toronto seven years ago, Mr. Rodger succeeded F. W. Spangenberg, and continued in the same premises on King street until March 1st this year, when, after making extensive alterations, he moved to his new location.  
 When interviewed by our reporter Mr. Rodger stated that the old stand on King street, although the oldest jewelry store in Ontario, was somewhat out of the line of general traffic, and in order to serve a greater number of people with the least amount of inconvenience to them decided to move to Princess street. Last November Messrs. Power & Sons, under instructions from Mr. Rodger, drew plans especially adapted to the needs of a first-class jewelry establishment.  
 On entering the premises the "diamond room" is seen immediately to the left. This room is fitted with table and chairs where at your leisure you may inspect one of the finest stocks of diamonds, both mounted and inset, that can be seen in the whole province. Sending out of town for diamonds is a waste of time, when such a selection is right here in Kingston.  
 Another department of interest is the silversmith's consisting of Canadian and English Hall marked "solid silver tea sets, flat silver and cutlery, in addition to the less expensive plated ware of reliable makers.  
 The cutglass room is apparently the only one in Kingston, and is stocked with a very complete selection of the fine cut glass and crystal, most suitable for gift purposes. Adjoining the cut glass room is a test room in connection with the optical department, which is also connected with the testing room where the optometrist makes his eye examination using all the most modern and scientific apparatus known.  
 Convenient to the consulting room is the grinding plant, which is run by motor power, where special lenses are ground correctly to prescription, by automatic machinery. Another and important feature of this modern store is the engraving and stamping department, which is in charge of one of the finest expert engravers in Canada, where you can order copper plate wedding announcements, visiting cards, also steel dies for creating and monogramming. Note paper, Geo. B. Hurd's New York stationery being used.  
 Mr. Rodger, being to the Inspector of the Grand Trunk and Canadian Pacific railways, employs three expert watchmakers who are capable of repairing the very finest class of watches and clocks. The jewelry manufacturing plant occupies a large room in the rear of the store, and is equipped with modern machinery and tools for both manufacturing and repairing of old jewels into modern designs.  
 The formal opening is for the purpose of giving the people of Kingston and vicinity an opportunity to visit the store without thought of purchasing. A first class orchestra will render selections from three until 5.30 o'clock.

**Beer Prices Remain Same Here.**  
 Beer is going up in price in Toronto after May 4th. From that date the price of beer will be increased by two cents on quart bottles, two cents on pint bottles and twenty-five cents on kegs. The Kingston situation is not affected by the increase. In such slight rises the Whig was informed the retailer has to stand the advance, and it is taken out of profits rather than make an increase in the price to the customer.

**Presented With Medal.**  
 Irene McCullough, aged fifteen, has been presented with a beautiful gold medal with a raised maple leaf outline for having the best set of books in the book-keeping class at the Collegiate Institute during 1915. The medal was presented by Prof. Shurcliffe. Miss McCullough resides at 187 Collingwood street.  
 Dutch onion sets at Pickering's.  
 It's easier for trouble to find your address than it is for good luck.  
 Men who think they know it all are never able to prove it.

**YOU CAN**  
 cure that old sore or ulcer from which you have been suffering for so long, if you will only use an ointment that is capable of reaching the seat of the trouble. Zam-Buk can do this because of its unusual penetrating power. Also, Zam-Buk is a strong germicide—germs cannot live where Zam-Buk is applied, so that the germs are destroyed not only on the surface, but in all the diseased underlying tissue. Then healing commences; new tissue replacing the old and diseased, until the sore is thoroughly and permanently cured.  
 The case of Miss Frances Daudin, of Somerset, Man., verifies the above statement. She writes: "I suffered for over twenty years with an ulcer on my leg, and all the remedies tried during that time proved ineffective. Several doctors treated me, but I got no benefit. Finally I tried Zam-Buk, and I am thankful to say that after perseverance with this ointment I am now completely cured."  
 Zam-Buk is also splendid for eczema, abscesses, boils, pimples, ringworm, piles, blood-poisoning, cuts, burns, and all skin injuries and diseases. Best balm for baby's sores. All druggists, 50c. box, 3 for \$1.25, or from Zam-Buk Co., Toronto.

**TRAFFIC TO CAMP WILL BE TREMENDOUS.**  
**The Jitney Bus Service Will Be Taxed To The Utmost.**  
 The "jitney-bus" service to Barrfield this year will be the heaviest ever seen in Kingston. The price of second-hand cars has been kept up, and large numbers of new cars are on order. Everybody in motor circles talks of the prospects of the trade to the military camp. Last year there were seventy-five cars engaged in the traffic across the bridge although this number was increased on holidays and when there was a special demand for transportation to the city.  
 This year with three to four times as many soldiers in camp the proportionate number of buses would be 400 to 450. If this number are on the road it will certainly make the highway from the city to Cartwright's gate awful. Last year almost every evening there was a constant procession up one side of the hill and down the other. This summer the road will need the most stringent traffic regulations.

**Letters to the Editor**  
 A Call to the "Talkers."  
 Kingston, April 27.—(To the Editor): Now that the 21st Battalion has been in action and demonstrated its worth as a fighting unit on the bloody fields of St. Eloi, it is surely a fitting time for those "glib-tongued" stay-at-homes to come out and talk, and acknowledge that they were wrong in their criticisms. If these same men would cut out their remarks about the big salaries officers are getting they would at least be helping, by their silence, those who are endeavoring to do their duty. Repeatedly it has been stated by these busybodies that certain officers are drawing down fabulous sums, when as a matter of fact the opposite is the case. For the benefit of the uninitiated it might be stated that a lieutenant draws \$2 a day and 50c field allowance; a captain draws \$3 a day and 75c field allowance; a major, \$4 a day and \$1 field allowance; a lieutenant-colonel is paid \$5 a day and \$1.25 a day field allowance. As each officer pays his own mess fees of usually 75c a day, and also pays his orderly extra, it will be easily seen what a munificent salary they are paid. If the officers are satisfied to put up with sums that are far below what they made in civil life, the least the "talkers" can do is to give them credit for their sacrifices instead of offering the unnecessary suggestions that have been altogether too commonly used.  
 —CITIZEN.

**Dog Nuisance Again.**  
 Kingston, April 27.—(To the Editor): The dog nuisance is with us again, and unless some canines are once more wrecking from the streets which are not fenced in. Dog owners cry out of course if some one drops a morsel of poison to catch these vaudal animals, but they never think of the destruction and nuisance their "pets" cause other people. I think it is up to the civic authorities to see that the dog nuisance ends. The nuisance can be ended if the Council would do its duty.  
 —RESIDENT.

**CELEBRATION FIXED FOR 24TH OF MAY.**  
**A Citizens' Committee Is To Assist The 146th Battalion.**  
 There was a very large and enthusiastic citizen's meeting in the City Council chambers on Wednesday evening to discuss the holding of a celebration on May 24th instead of on June 3rd. Mayor Richardson presided, and the horseshoe was surrounded by interested citizens.  
 It was decided that a celebration would be held on May 24th by the 146th Battalion, and that those who had done so much in the past few years for the King's birthday celebration would give their assistance in every possible way. The funds of the King's Birthday Celebration Committee, however, would not be touched, and next year the usual programme will be carried out.  
 A meeting has been called for Monday next of the King's Birthday Celebration Committee, and arrangements for assisting the 146th Battalion are to be carried out.

**Calgary's Big Municipal Reform.**  
 Montreal Herald.  
 Ottawa's proposal to introduce proportional representation into Canada having been squelched by the Ontario Provincial Legislature, Calgary now proposes to take the lead. Already charter amendments have been secured by the city of Calgary, which will allow proportional representation to be put into force for municipal elections there, providing the amendments are approved by the vote of the citizens next autumn.  
**Weather Notes.**  
 Pressure remains comparatively low along the Atlantic coast and the high area which was over Manitoba is moving slowly eastward with diminishing intensity. Local showers have occurred in Ontario and the Maritime Provinces. The weather has been fair, with moderate temperature in Quebec and quite warm in Saskatchewan and Alberta.

**Bicycle Was Stolen.**  
 Police Constable James Bateson secured a bicycle which was stolen from in front of Treadgold's store on Princess street on Wednesday night, and it is now at the police station. It is alleged that the wheel was taken by a soldier who was under the influence of liquor.  
**Armour's Mechanics Soap** paste readily removes all grease and dirt. Get it at Gibson's Red Cross Drug Store.  
 Douglas & McLaughlin have taken out a permit for the erection of a brick residence on the south side of Princess street, between Albert and Frontenac streets, for Samuel Green.

**MANY GIVE SERVICES FOR THE RELIEF OF THE UN-FORTUNATE BELGIANS.**  
 A Dollar Will Sustain a Belgian For A Month—Contributions Are Urgently Asked.  
 Montreal, April 27.—An Montrealer who is interested in looking at the statistical side of every question, provided there is a possibility of such a thing, has been considering the work that has been done for the Belgian Relief Committee by Canadians and those visiting this country in their interests. While he has not yet reached his deduction to actual figures he has discovered that hundreds of people all over the Dominion have spent many hours and given the equivalent of many dollars for the cause of the millions of the hungry in Belgium.  
 In summing this up the layman can appreciate what this means. Scores of musicians, many of them of the rank that receive several hundred dollars for a single concert, have given their services to the cause. On the whole the movement has been second only to that for the national patriotic fund.  
 If these highly paid artists are willing to give of their talents, energy and money the committee believes that the average Canadian is willing to do his share. That is why such an urgent appeal is being made for funds.  
 While the winter has gone and the most bitter season has passed, the fact remains that the Belgians must be fed and there are three millions of them absolutely dependent upon generosity of Canada the States and Australia for the three slices of bread and pint of soup that comprise their food for the day. Not only are these three million people—the wives and children of our heroic Allies—destitute but there are four million—more who are almost wholly relying on Canada for food.  
 A dollar given to the Belgian Relief Committee, 59 St. Peter street, Montreal, means sustenance for a Belgian for nearly a month. When this is considered, it is within the opportunity and reach of nearly every Canadian to help. A small sacrifice will help a big cause if the money is directed through the proper channel and that channel is the Belgian Relief Committee.

**HELD A "SOCIAL EVENING."**  
**St. Paul's A. Y. P. A. Entertained On Wednesday Evening.**  
 St. Paul's Church A. Y. P. A. held a social event on Wednesday night. Their guests were the members of St. George's branch of the A. Y. P. A. and close on to three hundred members of the militia were also present, including members of the 51st, 52nd and 53rd Batteries and Ammunition Column and the 146th Battalion. Lieut.-Col. C. A. Low and Capt. C. J. Kane and other officers came in during the evening and Col. Low, on behalf of the military men tendered those in charge of the affair hearty words of thanks for the pleasant evening provided.

**Many Divorce Actions.**  
 Watertown, N. Y., April 27.—Over one-half of the actions which will make up the calendar for the special term of Supreme Court before Justice William S. Andrews in this city next month will be cases growing out of matrimonial troubles. The calendar will include fifteen divorce cases and several others in which matrimonial troubles form the basis of the action.  
**May Sue German Government.**  
 New York, April 27.—Charges that German agents had sought to shift the responsibility for the sinking of the steamship Lusitania to the Cunard Steamship Company by attempting to persuade survivors to sue the owners for damage on the ground of negligence, were made at a meeting here yesterday of persons who were passengers on the vessel.  
**Grand Trunk Change Of Time.**  
 Effective April 30th. The local train now leaving the city station at 6.58 p. m., connecting at Kingston Junction with local trains for Brockville and Belleville, will leave at 6.48 p. m. This change is necessary as trains will leave the junction ten minutes earlier.

**Poisoned Children; Acquitted.**  
 New York, April 27.—Mrs. Ida Sniffen Walters, Rogers, who poisoned her two children on December 29th, 1914, received her freedom in Supreme Court here yesterday after a jury had acquitted her of the murder of her 2-year-old son, John. The verdict was "not guilty" on the ground of insanity.  
**Leggett's Chocolates; pure and delicious, are received fresh almost every day at all Rexall Drug Stores, the exclusive Agents. Geo. W. Mahood.**  
 The German-Swiss frontier has been closed since Monday afternoon even to mails, save a despatch to the Matin, from Berne. Foreigners now in Germany have been informed that none will be allowed to leave the country before twenty days have elapsed, the despatch adds.  
 There's something wrong with the acid rain that doesn't select a homelier girl than herself for a bridesmaid.  
 Lawn grass seed at Pickering's.  
 A man without a collar button is almost as helpless as a woman without a hairpin.

**For Eczema and other Skin Troubles**

**WHEN YOU WAKE UP DRINK GLASS OF HOT WATER**  
 Wash the poisons and toxins from system before putting more food into stomach.  
 Says inside-bathing makes any one look and feel clean, sweet and refreshed.  
 Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.  
 For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts in which should seek only nourishment to sustain the body.  
 A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.  
 A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, stomach or constipation are assured of pronounced improvement in both health and appearance shortly.
