## TO ALLOW PRISONERS

### TO DO WORK ON FORT HILL, FACING R.M.C.

A Garden To Be Cultivated For Furnishing Vegetables For the Officers' Mess At Camp.

As soon as authority is obtained from Ottawa the prisoners-of-war at Fort Henry will be given the additional liberty of taking exercise and doing work on the slope of the hill running from the fort to the water at the side facing the Royal Military College.

Since the first prisoner was brought in and confined, there have been constant applications by the prisoners through every source for more liberty outside of the walls so that they could see the green fields and trees and forget for a few minutes every day the cold grey walls that keep them imprisoned.

Now that nearly two years has elapsed and nothing has been done for them, the case is getting serious and the prisoners should certainly be allowed out, under heavy guard of course.

Major P. G. C. Campbell, commanding, who has the welfare of the prisoners very much in mind, allowed them to shovel the snow on the hill leading to the fort last winter. It is brought joy to their hearts and every man including the officers, begged for the chance to be in the squad to be chosen every day.

Major Campbell has already granted them the privilege of having a garden on the slope near the Martello tower on the Royal Military College slope of the hill. This garden will be used for the furnishing of vegetables for the officers' mess at the camp. This is all that Major Campbell can grant in this way but his recommendation to Ottawa for further liberties will undoubtedly be granted.

He has asked for authority to allow the Germans to take exercise, garden and do work on the slope throughout the summer. There may be a barbed wire fence around them to prevent taking leave, and the usual guard will be maintained.

It is all being done to take off some of the burden of punishment that must be undergone by an interned prisoner-of-war. If the authority is granted the slope from Fort Henry to the water will be this year covered with garden produce and flowers.

### QUEEN'S HOSPITAL ABROAD.

Realizing that the people throughout the whole Dominion, and more particularly the residents of Kingston, were deeply interested in the activities of Queen's University Hospital, serving abroad, the Whig has arranged with the Dean of the Medical Faculty, Dr. J. C. Connell, to publish two full pages of illustrations dealing with this unit and its work. These will appear on Thursday.

There will be shown the reproduction of a photo of the reinforcements which left Kingston on Feb. 28th last. The other photos will deal with hospital scenes at Cairo, buildings occupied, the arrival of wounded, treatment of wounded, Christmas dinner, etc., etc.

A full list of officers, non-commissioned officers, nurses, and men forming this unit will also be published. The cuts are made from splendid photographs taken on the spot, and should prove to be of intense interest to every friend of Queen's and to the relatives of men and women who are thus serving their King and country. As the edition will be limited, orders for extra copies should be received early. The date of publication will be Thursday next.

### THEATRICAL NEWS

#### At The Grand.

One of the strongest bills of vaudeville and high-class photoplays yet offered has been booked for the Grand Opera House for Thursday, Friday and Saturday. Charlotte Walker, the beautiful American actress, will be seen in a picturization of "The Trail of the Lonesome Pine." This story tells of the melodramatic incidents in the attempts of a United States revenue officer to stop the illegal manufacture of whiskey among the Moonshiners. A two-reel Universal photoplay, a comedy picture, the Pathe News and the Paramount Travel Series showing the interesting points visited by the cameramen in their visit to South America. The vaudeville is excellent. Collins and Hart will be seen in a comedy burlesque strong act and Dan Gracey will also appear in a comedy singing, talking and dancing specialty. Both of these acts come to the city highly recommended and the whole performance should merit capacity audiences at every performance. Next week the Grand will show for the first time Charlie Chalpin, the funniest of all comedians, in a roaring comedy burlesque on "Carmen."

#### At The Strand.

Another large house greeted the screening of the 5-act Triangle play, "Let Katie Do It" at the Strand Theatre again last evening. This story is one brimful of action and it also has many humorous situations, the seven kids being especially clever actors. Several other good pictures were also included in the bill. This programme will be shown for the last time to-night. The bill for the last three days includes a 5-act Triangle Play, "The Corner," featuring Willard Mack, George Fawcett and Clara Williams, that comes highly recommended and a 2-part Keystone, "Fatty" and Mabel Adrift" with Roscoe Arbuckle and Mabel Normand and with four other good photoplays complete the programme.

### FOUR MORE BATTERIES ARE AUTHORIZED.

Four depot batteries have been authorized for Kingston to replace the 50th, 51st, 52nd and 53rd, which have been brigaded under the name of the 13th Brigade.

### TENDERS HIS RESIGNATION

Principal Gordon Wishes to Retire—Trustees to Meet.

The Whig learns that Principal Gordon has tendered his resignation to the Queen's University Board of Trustees. The Principal has not been in good health for some time, and would have retired before this but was prevailed upon to remain for a while longer as it will be no easy proposition to fill his place. A special meeting of the Board of Trustees has been called for the middle of the month to consider the matter.
