

BIRD'S EYE VIEW OF PARIS DURING WAR TIME.

A remarkable photo that takes in a goodly portion of Paris and part of the suburbs. The only thing war-like in the atmosphere is the dirigible that is hovering over the city.

WARSHIP BUILDING IN AUSTRALIA.

Launching a destroyer at the Commonwealth Dockyards, Sydney, N. S. W. Australia has been an immense help to the Allies in her warfare. She has sent many thousands of troops to the front, has supplied food stuffs and other things that it was in her power to give to the Mother Country.
