Thin People Gained

By Following this Simple Suggestion.

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth First weigh yourself and measure yourself. Then take Sargol -one tablet with every meal-for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we be- for developing and printing. pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.
Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producting nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily films where you are having films where you are having accept. Much of this nourishment now it quickly and to make the fat producyou are eating now develop pounds and skin and bones. Sargol is safe, pleait in large boxes—forty tablets to a lily house, package—on a guarantee of weight inrease or money back as found in each large box. If you find a druggist who is unable to supply you, send \$1.00, money order or registered letter, to the National Laboratories, 74 St. An- guaranteed. Dutton's. toine St., Montreal, and a complete ten days treatment will be sent you pest paid in plain wrapper.

scription-Try It if your Eyes Give You Trouble.

Thousands of people suffer from eye troubles because they do not know what to do. They know some good home remedy for every other minor allment, but none for their eye troubles. They neglect their eyes, because the trouble is not suffi-cient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and ten-cent store, and oftentimes get glasses that they do not need, or which, after being used a

Here is a simple prescription that every four times a day to bathe the eyes. This Greenwood had seen active service in prescription and the simple Bon-Opto vision and quickly overcomes inflamma. while engaged at the War Office in tion and irritation; weak, watery, over- London. worked, tired eyes and other similar troubles are greatly benefited and often-times cured by its use. Many reports show that wearers of glasses have discarded them after a few weeks use. It is good for the eyes, and contains no ingredient which would injure the most ensitive eyes of an infant or the aged. Your own druggist can fill this prescription, or the Valmas Drug Co. of Toronto will fill it for you by mail. Try it, and know for once what real eye comfort is.

A prominent City Physician to whom the above article was submitted, said: "Ben-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them, it can be obtained from any good druggist and is one of the very few preparations. I feel should be kept on hand for regular use in almost every family." Geo. W. Mahood fills many Bon-Opto prescriptions and will gladly fill yours.
