

Gin Pills

FOR THE KIDNEYS
How They Cure

PLEASANTVILLE, QUE.
"I suffered from Kidney Trouble for several years, and tried numerous remedies and doctors' prescriptions without permanent relief, my case being chronic. After seeing about Gin Pills, and as it is a well known fact that Juniper, without alcohol, is excellent for the Kidneys, I decided to try Gin Pills. One single pill gave me great relief. I have now taken four boxes of Gin Pills and find myself completely cured. No more bad humor—more strength and vigor. This is what Gin Pills have done for me."

A. B. Scott, Smith's Falls, Supports Daylight Bill

Smith's Falls, May 17.—A "daylight bill" is dear to the heart, and appeals to the reason of A. B. Scott, president of the Board of Trade.

Mr. Scott, one of the earliest believers in this economy, has done some figuring. Here are some of his discoveries.

"The Smith's Falls Board of Trade favored a daylight bill, and a copy went to every board in Canada from the Atlantic to the Pacific.

"The first resolution was that we turn back the hands of the clock on April 1st one hour, and turn them on the first Sunday in November, saving, thereby, 214 hours of daylight. Estimating this in hard cash, at one-fifth of one cent an hour, one gets \$3,500,000 annually based on a population of 1,000,000.

"I had 150 replies to our resolution, and only one reply was unfavorable; the remaining 149 boards endorsed the proposal.

"The Edmonton Board, the only one against, gave as a reason the assertion that the hands of the clock very early in the morning would be obliged to retire before it was dark.

"Such cities as Vancouver, Calgary, Regina, which adopted the scheme three years ago, Winnipeg and Weyburn were strong in their approval.

"All Ontario, of course, was with us.

"So far as the railways are concerned, a train leaving Toronto at 8 a.m. today, will leave at 8 a.m. when the clocks are put on.

"Too long have we been regulating our time by the sun and getting up with the clock, instead of with the sun."

"Is Canada to be the last to adopt the sane and simple reform?"

Much new machinery is being installed.

Wives And Mothers.

Have you ever stopped to realize how much the health of your family depends upon you? For instance, diet is a great factor in health, and you are responsible for it, then again when any member of your family gets into a run-down condition, when the children are delicate, cross and ailing, when somebody takes cold and develops a cough, they look to you for help. Do you know that our local druggists, Mahood Drug Co. Limited, have a non-secret constitutional remedy known as Vinol which he guarantees for just such conditions. Many families in this vicinity have found it so reliable they are never without it.

Silver is King

Last year Copper was king of metals, advancing from 12 to 30 cents a pound.

This year Silver is King, and is advancing by leaps and bounds—no man dare say what the ultimate price will be. Last summer silver was worth 46 1/2 cents per ounce—to-day it is 74 cents and going higher every week.

The advance in copper last year caused a sensational market in copper shares; many low priced copper stocks advanced more than 1000 per cent.

That was last year; this year it is Silver, and now is the opportune moment to purchase high-class silver stocks.

We have underwritten 250,000 shares of Lorrain Consolidated Mines, Ltd., at 20 cents per share net to the Treasury of the Company, and are now allotting these shares to our clients at 22 cents.

The fact that we have underwritten this large block of treasury stock, thereby guaranteeing the Company \$50,000 for development purposes, is the best evidence of our sincere belief in the future of the Company.

Lorrain Consolidated has, in our opinion, the three necessary elements of a successful mine. The Company owns outright, 53 acres in the South Lorrain-Cobalt silver district on which engineers have located four large and six smaller veins. \$40,000 has already been spent in proving up the property, and two shafts have been sunk, one 162 feet, and the other 110 feet. Drifting and cross cutting to the extent of several hundred feet has also been done.

The management of Lorrain Consolidated is in the hands of men whose names stand for everything that is honorable in mining.

Men of this character do not associate themselves with a mine unless they are fully convinced of its merit, and we never underwrite a stock until we are satisfied it has a good chance of making good.

This Company has a well located property, an honest and efficient management, and ample capital for development. We, therefore, feel justified in recommending the purchase of the stock.

Application will be made for listing the shares in Toronto, Boston and New York.

Reports of development work to date and extracts of engineer's statements will be furnished free on application.

CARUSO and Other Noted Artists Sing Great Quintette

Hearing grand opera at the Metropolitan Opera House in New York, or hearing it in your own home—it is all the same in these days of the Victor. This wonderful instrument not only enables you to hear the notes which charm the thousands of opera-goers who crowd the Metropolitan at every performance during the opera season, but you hear them sung by the same great artists, and it is all just as real as though you actually were among the vast audiences at the Metropolitan Opera House. So, though you may not have been fortunate enough to hear the recent revival of Verdi's Masked Ball, you can at least hear the great quintette from the first act by the same identical cast, for this is among the new Victor Records. The cast was an ideal one and the five artists—CARUSO, HEMPEL, DUCHENE, ROTHBERG, de SEQUOIA—and METROPOLITAN OPERA CHORUS have given an ideal rendition of this splendid number.

Do not miss the opportunity to hear this wonderful record, No. 80074, 12 in., \$5.00. Now in stock at
