Many Military Matters

(Continued from page 8.)

Barrieffield camp will open for summer training on Saturday. The troops will come into camp as follows: 146th, Kingston, Monday. 139th, Cobourg, Tuesday. 93rd, Peterboro, Thursday. 155th, Belleville, Thursday. 109th, Lindsay, Friday. 130th, Perth, Friday. 156th, Brockville, Friday. 136th, Port Hope, Saturday. 154th, Cornwall, Saturday.

Owing to the fact that farm help is scarce and the summer training camps are opening in a week, the recruiting percentage for the country is very low the last half month. Under the circumstances this military district did splendidly when 558 recruits were secured.

The units, with the number of recruits secured and their present strength, is as follows:

Table with columns: Repts. Strgth. 15th Brigade 60 780, C. R. C. H. A. 54 325, Cobourg Heavy 7 51, C. E. T. D. 31 1109, 77th, Ottawa 12 1116, 93rd, Peterboro 23 979, 109th, Lindsay 16 1045, 130th, Perth 27 1007, 136th, Port Hope 25 779, 139th, Cobourg 29 837, 146th, Kingston 25 856, 154th, Cornwall 49 1120, 155th, Belleville 27 1186, 156th, Brockville 13 1070, 207th, Ottawa 95 303, 230th, Ottawa 36 176, 4th Pioneers 13 53, A. S. C., Bakers 6 24, C. A. D. C. 9 16, Unattached 19 19, Total 13,107

The fact that all booths between the camp and the city are placed out of bounds to all troops at Barrieffield camp, and that it is forbidden to purchase anything from such places, there will be few if any booths established along the road to the camp, as was done last year. One reason for this move is that special concessions are to be made to the regimental canteens, and as the profits from this source return to the battalion fund every encouragement to them will be made.

The officers commanding the 50th, 51st, 52nd and 53rd Batteries and the Ammunition Column of the 13th

Artillery Brigade are selecting the men who are to be kept in the battery and taken to Petawawa camp. Only 153 men from each unit will go to Petawawa as only the actual number in a brigade will be taken along for this final training. The remainder will remain and form a nucleus of the new batteries of the depot brigade which was recently authorized. The battery men are anxious to reach Petawawa, as this means a much quicker trip to the battle front.

On Saturday the following soldiers who arrived in Canada on the SS. Missanabie will be in the city: Ottawa—C. S. M. A. McCracken and Ptes. T. Beaumont, R. Hay, S. P. Murphy, M. Nelligan, M. Reid and L. Rockburn. Cobourg—C. Holbeck. Russell—W. Johnson. Peterboro—R. H. Muir. Marmora—J. Tucker.

Dr. J. M. McIntyre, Ottawa, and Dr. H. A. Stuart, Kingston, have been appointed as officers to the Canadian Army Dental Corps, and will probably be on duty at Barrieffield camp.

An Ottawa message states that the Convalescent Homes Commission have declared that the 3rd Military District three homes—Elmhurst and Richardson here and Sir Sandford Fleming at Ottawa—are better than any others throughout the Division. The maintenance of the two Kingston homes is particularly low.

The 146th Battalion will have a tag day on May 24th, the arrangements being made by Mrs. C. A. Low.

Capt. J. M. Wilson, A.D.S., is making arrangements for the construction of the Dental Department at Barrieffield camp. The headquarters will be in the building used by the corps last year, although the staff will be much larger. Only the highest qualified dentists are being chosen for the work.

There will certainly be a motor ambulance for the conveying of soldier patients from the camp to the city. It is expected that the daily sick list will total 240, based on the number last year. This will mean a rush of the medical department, and it will require all of the medical assistance possible.

The Ottawa military hospital will be opened for the reception of patients about the first of the week. The work of furnishing the rooms and altering the operating room has

been rushed ahead until only the final touches must be added. The sterilizer and operating table are almost ready for immediate use.

G. W. Harrison has enlisted in the 146th Battalion.

Pte. H. Holmes, 146th, has been transferred to the 51st Battery.

Capt. Jones, Medical Officer of Petawawa camp, was in the city on Tuesday in conference with Lieut.-Col. R. J. Gardiner, A.D.M.S.

Major D. E. Mundell, commandant of the School of Signalling, is arranging to have the wireless system used by Queen's Engineers at the camp last year turned over to the school for its use this season. The wireless equipment should be of great value in the training of the advanced class of the school for the work at the front.

Lieut. E. B. Moles, Brockville, a graduate of McGill University, and Lieut. H. C. Wallace, Lumsden, Sask., a graduate of Queen's University, both of whom have been with Lieut.-Col. R. J. Gardiner, A.D.M.S., have received orders to proceed overseas with the Army Medical Corps, and will leave in the near future for England.

Lieut.-Col. J. E. de Hertel, 130th Perth Battalion, was in the city on Tuesday.

"Ted" Rogers, teller in the Bank of Montreal, has enlisted in the 50th (Queen's) Battery.

Murphy, an old service man, with a weather-beaten face and an enlisting age of 38, had joined one of Kitchener's regiments and went through recruits' drill and training with a smile on his Irish face.

On the occasion of a night march with full kit Murphy slogged along eight miles of muddy roads in a style that put many of the younger men to shame, and spoke of his sixty-pound kit as a mere flea's burden. "What is the meaning of this, sir?" sternly demanded the officer. Murphy hesitated for a moment, then, gravely as an owl, he answered, "Sure, sorr, I thought they'd be useful in case I was transferred to the flying corps."

In the Word of Sport

The English Derby will be run May 30th and the Oaks June 1st at Newmarket.

The official averages, including the games up to and including last Wednesday, show that Ty Cobb, the Detroit swatter, and Benny Kauff are hitting .297. It's rare to see Cobb hitting under the .300 mark.

The baseball teams of the Kansas State Normal and the College of Emporia claim the distinction of having the tallest pitchers of any college team in the state. Of the six pitchers in the two schools, four are more

than six feet tall, and each will weigh within a few pounds of 200 pounds.

Albert Badoud, welter-weight champion of France, is enrolled as challenger for the welter-weight championship of the world, following his victory over Frank Loughrey of Philadelphia. It was his first fight in this country and he made an excellent impression, winning eight of the ten rounds.

From information obtained in registering soldiers with the Second Division Athletic Association, Toronto, it is announced that 2,925 men wish to play lacrosse, 10,243 wish to compete in various track and field events, and 16,568 baseball players and 16,734 soccer football players desire to play these games, in which competitions will be started once the troops are settled in the summer camps.

Frederick Malsel, the fast little centre fielder of the New York Yankees, will be out of the game for at least a month as a result of an accident which occurred during the game with Cleveland to-day. While chasing Graney's home run drive in the sixth inning, Malsel fell and sustained a broken collar-bone.

Five years has brought about great changes among the baseball players of the major leagues. About 60 per cent. of the men who figured in the opening games of 1911 have faded and slipped into the minors or are out of the game entirely. Only 32 of the 144 men who played in the opening games of 1911 figured in the first contests of 1916.

Jess Willard and Fred. Fulton were matched in Chicago for a fight next Labor Day, according to an announcement by Mike Collins, Fulton's manager.

Tom Jones signed for Willard, the fight to be "ten rounds or more" before the club offering the most money. Willard was promised two-thirds of the purse and Fulton one-third.

Bids, according to Collins, will be received up to July 12th. David Griffith, he said, informally offered \$27,500 to bring the contest to St. Paul.

In Montreal the International league club makes the proud boast that no German is on the club's pay roll, but that nearly every other nationality is represented. To prove that the Teutons are excluded from the team the owner gives out this information on nationalities: French-Canadian—Cadore, Damrau. Irish—Howley, Slattery, Moran, Madden, Cathers.

Hebrew—Sammy Smith, pitcher. Cuban—Almeida. Indian—Goodbreed. Dutch—Wagner.

Ty Cobb was lamed by Washington Monday afternoon for the first time in his life. In the third inning the Georgian singled and Boehling caught him off first base, the infield eventually running him down and the pitcher making the put-out. Boehling called Ty a wild man as he applied the ball to him,

and Cobb retaliated by throwing dust in his face.

The fans who saw the dust-throwing, but who didn't hear the remark that provoked it, leaped on Detroit's star immediately, a storm of hissing and "boing" breaking out in all parts of the park. Washington players who had gathered around first base were urged to "take a punch" at Tyrus, but there was no violence.

Barney Oldfield has announced that with the completion of the 300-mile race at Indianapolis on Decoration Day, he will retire from auto competition in the speed events. If he does he will be one of the few who have quit at the height of his career. The death toll has claimed many noted racers during the past few years, but it is not the fear of going through a fence to death that has shown more real nerve than any man who ever gripped a steering wheel. He has been in a number of accidents, and is one of the coolest men one would ever meet, who he is facing death. He can leave the track with the honor of showing the real grit needed to continually flirt with the Grim Reaper. The highest praise of the sporting world will go with Barney when he leaves the game.

Urban Shocker, pitcher, has been released by the New York American League Club to the Toronto Club of the International League.

Running his last race on Franklin Field, Philadelphia, Tod Meredith, captain of the University of Pennsylvania track team, shattered the world's half mile record. Cornell swamped Penn. in the annual dual meet, but a little thing like that was forgotten in the light of Meredith's wonderful performance. He paced three-tenths of a second off the former mark which he himself set in the Olympic games of 1912 at Stockholm. His time was 1 minute 52 1/2 secs., as compared to 1 minute 52 3/4 seconds, his former mark.

One rule which is ignored—and very sensibly so—is that which says that the umpire shall break the seal of every ball used in the game in the presence of the captains of the two teams and after he has called "Play Ball."

The balls used in all championship contests are packed in individual boxes and sealed, so that they cannot be tampered with after leaving the factory. On the seal is the certificate of the president of the league that each ball is official and conforms to the requirements laid down by baseball law as to size, weight and shape. Of course, the president does not inspect each ball. He tests samples and the firm manufacturing the balls is supposed to live up to the formula, and does so. It used to be the custom for the balls to be delivered to the umpire before each game in their boxes, which he opened himself, in accordance with the rule.

The idea was to make certain that no fingers or phony balls were run into the game, and that all those used in the contest were official.

PRINCE ALBERT

the international joy smoke

is the real tobacco for jimmy pipes and makin's cigarettes

Copyright 1916 by R. J. Reynolds Tobacco Co.

Back up and get a fresh start!

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a word or two for what ails their smokeappetites! Forget you ever tried to smoke, for Prince Albert is so different, has such a fine flavor, and is so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

This little talk is also for men who think they're on the right track. All to be said is that the sooner you lay out the price for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue! If your dealer cannot supply it, ask him to secure Prince Albert through his wholesaler. Get the idea of smoking all you want without a comeback—that's P. A.!

On the reverse side of this tin you will read: "Prince Albert Cigarettes, 1917," which has been three new smoke pipes whose one smoked before!

Prince Albert is sold throughout Canada, generally in the 10c, 15c and 20c, also in equal and half-pound tins.
