News of Troops in the City

(See also page 20.)

The following captains have been selected as reinforcements for the Army Medical Corps at the front: Their names are Dowd, Ottawa; E. R. Graham, Kingston; J. H. Fitzsimmons, Rockport; McNeill, St. Stephen, N. B.; Brown, Kingston; Reynolds, Perth; W. G. Blair, Fallbrook and Charles F. Tennant, Mallorytown. All are graduates of Queen's University.

Earliest efforts are being made by Capt. G. I. Campbell, Lieut. W. A. Mouck and a staff of picked men to recruit 100 men for the 146th Battalion. At the present time excellent opportunities are offered for any would-be recruits. The platoons are gradually filling up, but a redistribution of the men leaves a platoon that will be reserved for city men and the second platoon for county residents. There are a few vacancies in the machine gun section, in the signalling section and two or three may be taken as office help. The Kingston depots are the headquarters for the force and the fact that notices have already registered shows the activity of the recruiters.

The Infantry School of Instruction moved from its quarters on King and Ontario Streets to Barrieheld camp on Monday. The school is taking over the old location back of the Army Service Corps at the camp.

The 13th Kingston Artillery Brigade made up of the 50th (Queen's) 51st, 52nd and 53rd Batteries leave Monday evening for Petawawa camp.

On Saturday evening some of the boys in one of the local batteries had a big time on Princess street. After visiting some of the hotels, they marched up and down Princess street, rushing several of the merchants' places of business. The plate glass window of T. J. O'Connor was accidentally broken, and several of the local Greek fruit dealers had a quantity of fruit taken, which was either eaten or scattered over the street. Early in the evening the artillerymen visited the Grand Opera House, but acted very quietly there. They also visited the tobacco store of "Jimmie" Baker, where they were presented with a large box of cigars. They tried to run the street cars for a time, but after about an hour of jollification and rampage they were called to attention by Lieut.-Col. Arnoldi, the head of the artillery brigade, who said that if there was any more disturbance he would give the offenders the limit of the military law.

THEATRICAL NEWS

At the Grand.

An exceptionally strong bill of vaudeville and photoplays has been selected for presentation at the Grand Opera House tonight. Tuesday and Wednesday of this week. In this extraordinary Paramount picture Miss Frederick has an unusual opportunity for the display of her amazing talents. A two reel Universal photoplay, a comedy picture and the Paramount Budget will also be shown. The vaudeville for these 3 days is of an exceptionally good kind. Al Grossman in a comedy singing and character act is one of the best on the variety stage and is sure to make a hit. The other act consists of Miss Florence Hudon and Mr. Sleeth, late of the Little Playhouse, Cincinnati, in a high class dancing specialty. This act should appeal to the lovers of dancing as both Miss Hudon and Mr. Sleeth are past masters of all the modern dances.

The comedy is another of those famous Keystone's, "Love Will Conquer," featuring Fred Ware, assisted by Harry Gibson, Mack Swain, and Polly Moran, which with the above cast should keep the audience amused for thirty minutes. A two-reel Vitagraph, a one-reel Biograph and the latest "Selig Weekly" will also be shown providing a full 2 1/2 hours high-class entertainment.

At Griffin's Theatre.

The manager of Griffin's Theatre has secured for Wednesday and Thursday, May 31st and June 1st, one of the most widely known plays and novels on the continent, "The Great Divide," by William Vaughan Moody. House Peters will have the part of Steve Ghent, an untamed man of the west, and Miss Ethel Clayton will have the part of Ruth Jordan. The reserved seats for this feature are now on sale.

QUEEN'S (46TH) BATTERY READY FOR FRONT.

Expected It Will Leave Shorncliffe Camp Very Shortly.

It is expected that the 46th (Queen's) Battery which left here a short time ago will be leaving for France and the front very shortly. The battery has been undergoing hard training at Whitley Camp near Shorncliffe, and doubtless it will nobly honor the traditions of Queen's on the battlefield of France. One of the boys in the battery in a letter home said that they were undergoing the last stages of training and would shortly be leaving. They are all working hard and the lads are eager to get to France to do their bit.

DRIVER IN MIX-UP.

Two Men Had Narrow Escape From Serious Injuries.

While W. Rundell, driver for McLean's store, was driving near the corner of Bagot and James streets, Saturday, with J. Brady, he happened to turn the corner too short, with the result that there was a mix-up. Mr. Rundell was thrown between the horse and the waggon, and Mr. Brady was also thrown to the ground. Cries for help were given, and Mr. Blackmore, the Wig's photographer, who happened to be close by, went to the scene and assisted both the men, and got the horse, which fell down, on its feet again. The two men had a very close call from serious injuries.

BUTTERICKS

Butterick Patterns

Butterick styles come from the famous style creators of Paris and New York and are therefore leaders.

The lines of a Butterick pattern are extremely becoming, graceful and youthful.

The lines of a Butterick pattern are cut from a cloth garment which has been fitted to a living model.

Butterick patterns are absolutely correct in size and do not need alterations unless the person using them is larger or smaller than the standard.

The tables of quantities that come with Butterick patterns are exact; they give the least possible amount of goods from which the patterns can be correctly cut.

The illustrated instructions enclosed with a Butterick pattern are a sure and simple guide to the cutting and making up of the pattern. They are prepared by experts and no other Pattern furnishes them.
