SITUATION IS SERIOUS

CHEESE FACTORIES MAY HAVE TO BE CLOSED UP.

Scarcity of Rennet is Giving the Makers Much Trouble—Appeal to Be Made to the Government.

That there is a great scarcity of rennet, and that it may mean that cheese factories in the Kingston district will have to close up as a result, was the report given at the meeting of the Frontenac Cheese Board on Thursday afternoon, and it would appear as if the situation is quite serious.

As a result of a motion put through by Messrs. Joseph McGrath and A. Hough, an appeal will be made to the Federal Government to investigate the supply.

The resolution passed by the Board read as follows:

"Whereas, there is a very great scarcity of rennet in the country and whereas the price asked by the dealers for it is most exorbitant, be it resolved that this Board ask the Federal Government to immediately investigate the rennet supply and to procure, if possible, a sufficient quantity for this season's use, and that a copy of this resolution be forwarded to each of the representatives of the Kingston district in the Federal House."

Mr. McGrath, in bringing the matter before the Board, stated that steps should be taken to have the matter investigated.

"You cannot buy a gallon of any rennet in Kingston to-day," he added, "and the situation is alarming. Several factories in this district have not one gallon of it, and I think that if the Government knew about the matter it would try to get a supply."

The members were heartily in favor of the resolution, and it was passed by a unanimous vote.

This being the first meeting of the Board in June, the officers for the ensuing year were elected as follows:

President, R. A. Hamilton; first vice-president, A. Hough; second vice-president, W. Fitzgerald; secretary-treasurer, William Pillar; marker, Herbert Sly; directors, C. Langwith, William Fawcett, J. J. Keenan, George Porter and R. Draper.

Cheese took a big drop in price, selling at 15 cents. There was boarded 795 boxes of white cheese, and 514 boxes of colored, as follows:

White—Inverary, 60; Glenburnie, 60; Glenvale, 30; Model, 90; Hartington, 60; Rose Hill, 65; Silver Springs, 67; Elginburg, 90; Verona, 100; Wolfe Island, 50; Glen Dower, 30; Collins Bay, 53.

Colored—Arigan, 30; Forest, 85; Gilt Edge, 46; Howe Island, 29; Hinchinbrooke, 50; Model, 35; Ontario, 30; Thousand Islands, 39; Sunbury, 100; Frontenac, 70.

Just a few of the factories sold at this price. The following sales were made:

At 15 cents Mr. Murphy got the offering of Glenvale.

At 15 cents Mr. Gibson purchased the offering of Inverary, Model, Verona, Wolfe Island, and Glen Dower.

At 15 cents Mr. Smith secured the offering of Glenburnie and Hartington.

MUST JOIN ARMY OR QUIT POSITIONS

Ottawa, June 1.—Estimates which have been arrived at after careful consideration place the number of civil servants eligible for enlistment at 1,000. These will within a short time be asked to declare their intentions in regard to the war. They may be asked to either enlist or relinquish their positions.

BRITISH COMMONS ADJOURNS TO 20TH.

John Dillon Not Hopeful of Reconciling the Irish Factions.

(Special to the Whig.)

London, June 1.—Premier Asquith in the House of Commons to-day moved an adjournment of Parliament until June 20th, which gave the members an opportunity to discuss any subject they desired to take up. John Dillon, Irish Nationalist, did not take a hopeful view of the effects now being made by David Lloyd George, Minister of Munitions, to reconcile the various Irish factions.

CREDIT TO BE EXTENDED.

But Interest Rate on Fifty Million Dollars is Advanced.

New York, June 1.—The \$50,000,000 credit obtained by eight London joint stock banks in this country last December for use in connection with exchange operations in this country, expires June 20, but announcement was made to-day of the conclusion of a new arrangement under which the loan will be extended for one year. The interest rate, which was 4 1/2 per cent, on the six months' credit will be increased to five per cent, to take account of the change in money market conditions and the lower reserves.

SUNDAY CARS CUT OFF.

Citizens Will Have to Walk to Spite Railway Company.

London, Ont., June 1.—The City of London and Street Railway split yesterday in the negotiations over track extensions and additional equipment to serve the military camp. In consequence the city has cut off the company's privilege to operate Sunday cars after next Sunday. Citizens are asked to walk on the Sabbath until the company comes to time.

A settlement between the parties was made in the case of Charles McCullagh vs. Frederick Walker, booked at the Supreme Court. Plaintiff made claim for the possession of the east half of Lot 6 in the 13th Concession of Loughboro.

News of Troops in the City

(See also page 3.)

The first pay-day came on Tuesday at Barrifield camp and the paymasters of the different battalions was, the most popular men in uniform. The work is carried on at Barrifield camp in exactly the same manner as it was worked while the units, were at their several stations throughout the district through the winter months.

The paymasters of the battalions are very important officers. They must be highly competent themselves and have an expert staff under them. The pay tent is located in the centre of the battalion lines on the main front road. It is a marquee—one of four—the remaining tents being used by the quartermaster and his staff. The pay office is run on the usual bank system and the payment of the men takes place every two weeks.

An innovation for Barrifield camp is the branch of the Bank of Montreal. This bank is used by the Government for the paying of the soldiers. The pay sheets are made up by the battalion paymasters and sent to headquarters. Here they are all checked and on being found correct are forwarded to Ottawa, department at Ottawa issues the required funds to the District Paymaster who in turn allocates the necessary amount to the personal credit of each battalion commanding officer. This money is then drawn out by the men by checks issued by the battalion paymaster. The checks to be cashed and almost all of the men want to see the actual cash in their hand on every pay-day—are taken to the branch of the Bank of Montreal near the Headquarters Administration building. It is a great saving both to the men and to the bank in the city and the new arrangement is proving out very satisfactory.

The headquarters of Major C. G. Williams, chief recruiting officer for Military District No. 3, has been moved from Lindsay to Kingston.

In the 109th Battalion a permanent committee of the company's second in command, signal officer, M. G. officer, assistant adjutant and sergeant are detailed to supervise and arrange in the manner in which the men's mess is conducted. They are to arrange a system whereby the men are fed quickly, and so that each company gets its proper share of rations. An officer must parade with each platoon at meal times.

Sergt. W. C. Grant, 109th Battalion is on Major C. G. Williams' recruiting staff.

The first kilties to arrive at Barrifield were the 154th Battalion pipe band, which arrived on Wednesday afternoon from Cornwall and district. The 154th Battalion and 155th (Belleville) Battalion paraded into camp at the same time, and presented a splendid appearance as the parade was held along the road to their camp sites. Both battalions are almost up to full strength, and the men are of big stature and intelligent.

A very successful recruiting concert is expected for Friday night, when the band of the 146th Battalion and a number of the best entertainment producers in the battalion will go to Godfrey. The concert is being held in the interests of recruiting, the campaign now being conducted by Capt. G. I. Campbell. It is expected that there will be residents from as far as Tichborne, Bell Rock, Verona and other places as far distant.

Capt. Campbell has been doing some excellent work in this recruiting campaign, and he is not allowing any slow-up in the steady flow of recruits to the ranks. There are already twenty-six men of the city in the lately organized city platoon, and the captain states that he will secure the extra seventy-five before any rest will be made. Under the circumstances the captain should be given every assistance, as he is doing a good work in trying to get the last 100 men for the 146th.

There have been a number of boys from the public schools and Collegiate Institute taken on the strength of the Engineers, the C. A. S. C., and the staff for the summer holidays.

Pte. Tallion, Army Service Corps, is in the Field Hospital at Barrifield Camp with an injured side. On Thursday morning he was riding on a high load of boxes to the camp when a lunge of the wagon near the camp Post Office threw him to the ground. He fell on a large rock and to make matters worse two boxes on the load also fell off and one of them hit him. He was rushed in an ambulance to the Field Hospital where he is resting comfortably in spite of severe injuries to his side.

BRITISH WOOL CENSUS

To Determine Whether Exports Should Be Restricted.

London, June 1.—The War Office has issued a notice ordering merchants and manufacturers to furnish it with a list of all wool and wool products in quantities exceeding 5000 pounds in weight, in their custody or control. The information must be furnished before June 6, under penalty of a violation of the Defence of the Realm Act.

It is understood that the result of the census will influence a decision on pending questions concerning the control of the exportation of wool from South Africa and the United Kingdom to the United States.

The Hamilton Methodist Conference boasts of twenty men on active service, the majority of whom are chaplains in the C. E. F., and several others have enlisted in the ranks. Dr. Karl Leinicht, German Socialist leader, will be prosecuted for alleged treason.

THEATRICAL NEWS

To-night At the Grand.

At to-night's performance Charlie Chaplin's new release, "The Floor-walker," will be shown for the first time in Kingston. If reports from Toronto can be judged correctly, this picture is undoubtedly the finest that Chaplin has yet produced. Charlie introduces many new stunts in this picture, among which are some side-splitting antics on an escalator or moving staircase, such as the ones that are installed in the big department stores.

At to-night's entertainment there will be besides this picture a five-reel Paramount photoplay, Theodore Roberts in "Pudd'n Head Wilson," and an issue of the travel series, and a two-reel Universal photoplay. There will also be feature vaudeville.

At The Strand.

The photo plays arranged for the Strand Theatre for the last three days of the week are of exceptional merit. The masterpiece is a five act triangle play from the well known book by that great writer Alexander Dumas, entitled "The Three Musketeers," and the cast include such well known stars as Orrin Johnston, Dorothy Dalton, Arthur Maude, Thea Mitchell and an all star supporting company. The comedy is a two-part Keystone "Crooked to the End" featuring that well known comedian, Fred Race, who is surrounded by the Keystone funmakers in a farce that is said to be particularly bright and brimful of laughs. A two-reel Vitagraph drama "In the Latin Quarter" A one reel Biogram "The Man From Town" and a one reel Essanay comedy "Fun at a Ball Game" complete a high class bill.

Saturday's Illustrated Whig.

The Whig will produce on Saturday next another especially attractive war section. The local pictures will be particularly interesting, including as they do the following:

51st Kingston Battery, showing Major E. C. Barrett and Lieut.-Col. E. C. Arnoldi and their men.

Bakers' Section, C. A. S. C., showing Lieut. W. Lyons, Lieut. Hillis, and Major J. Hamilton.

A large group photo of Kingston boys of the C. A. S. C., taken after fourteen months' service in France.

Sergt. Gordon H. Staley, Lieut. H. Wheatley, Corpl. G. Snowden, Pte. W. J. Bryant, Driver J. L. Dunn, Driver W. D. Johnston, Pte. Alf. Walker, Etc., Etc.

A Special Feature.

Saturday's Illustrated Whig will also contain a full page map of the City of Kingston, with all the streets clearly and accurately named. This is something the need of which has been felt for a long time in the city. Hitherto it has been impossible for any one to purchase a map larger than a few inches square, so that the Whig's full page map on Saturday will doubtless be received with much approval. The only way the map can be obtained is by purchasing Saturday's paper.

This map ought to prove especially useful to officers and soldiers at Barrifield camp. These men, who for the most part are strangers to Kingston, have some difficulty in finding their way about. To them this map will be a most satisfactory and serviceable guide.

Other War Pictures.

Saturday's paper will show a reproduction of the Poster Proclamation issued by the Sinn Feiners, and their improvised armored motor car.

Four excellent pictures of Russians in camp in Northern France, Street Scenes in Bagdad, The war in Mexico.

U. S. Infantry on the march. Etc., Etc.

An order-in-Council was signed Thursday extending reciprocity in motor licenses to the following additional states: Ohio, Pennsylvania, Massachusetts and Wisconsin.

SILKS!

FOR SUMMER WEAR

Soie De Nero

ALL SILK—LYONS' DYE SHANTUNG SILKS 33 INCHES WIDE

Price \$1

This Popular Silk is the most serviceable of Summer Silks. It is a Japanese Shantung Silk with Genuine Lyons Dye, fast color and a perfect washing quality. This is the weave so much in demand for Suits, Coats and Dresses.
