DUNLOP AUTOMOBILE TIRES

Illustration of two Dunlop tires: SPECIAL TREAD and TRACTION TREAD. 1894-1916. "I was the first to make an auto tire—or any type of tire—in Canada. That's why I speak positively on the tire subject. I have always maintained that you get the same quality in a tire that you get in the maker of that tire—High Sense of Values; High Record of Results. Also, to any way of thinking, Tire-Mileage is nothing else than the ability to deliver. Notice that 'Dunlop' and 'Deliver' commence with the same letter. 'Dunlop' 'Traction' and Dunlop 'Special'—and the rest of the Dunlop Tire Family—have been O.K.'d by me—the Quality Centor."
