Halliday's Electric Shop, -:- 345 King Street

A Discovery. A merchant in a Canadian city once made a discovery. He had purchased some goods that did not turn out as he thought they would. Instead of advertising "Enormous Bargains" he simply said, "I bought them to sell at \$10.00, but they are not worth it; in fact I cannot recommend them at all, but you will find them worth \$4.00." He sold them all and made some new customers, who were convinced of his sincerity. Nothing new about it. Truth is as old as the hills and he simply told the truth. He discovered that honesty is the best policy, and fortunately very many advertisers are making the same discovery.
