Right on its heels comes another thrill. Our brave Canadians baptized with fire at St. Julien, Festubert and Langemarcke, are carrying this country's name to glory again at Ypres. The casualty lists are going to be long. There will be many sad hearts in Canada. But they will not sorrow as those without hope, these fathers, mothers, wives, maidens, children who have given their dearest to the call of honor and duty.

Such are the thrills which a war three thousand miles distant provides for us on land and sea. Meanwhile what kind of thrills are being provided at home? Well, we have the Kyte enquiry, which concerns a lot of highbinders whose chief object seems to have been to soak the British Empire coming and going. SUFFERED FROM BACKACHE

Dear Mr. Editor-I wish to tell you of a recent experience I had when suffering from backache, weak back, rheumatism, dropsy, and congestion of the kidneys. I tried a new medicine called "Anuric," which has recently been discovered by Dr. Pierce, of whose medi-cines and Surgical Institution in Buffalo, N. Y., you have no doubt heard for years. This medicine acted upon me for getting sticky fingers. At that in a wonderful manner. I never have taken any medicine so helpful in such quick time. I do wish anyone in need of such a remedy would give it a trial. G. H. HERR.

NOTE: Folks in town and adjoining counties are delighted with the results ache, stiff legs, arms and muscles, and you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anurie" is thirty-seven times more active than lithia in eliminating uric acid-and the the past half century for his "Golden Medical Discovery" which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets"

The old Mrs. Francis Macnee, Mrs. James street, Napanee, Shell Committee was mighty set in its ways and did not leave off trying to pull the British lion's tail out by the roots until its clutch was broken. Moreover it took some time to break its clutch, mostly because Premier Borden was on Mr. Thomas' side one day and on the Shell Committee's side the next. Finally Premier Borden had to be led right up to it and then Mr. Thomas got action. Incidentally Mr. Thomas suggested that the Government might use the Transcona shops to go into the munition industry itself and thus bring down prices, but the Government backed up on that proposition.
