W. F. NICKLE, M.P., GIVEN PAIR OF BINOCULARS

At Meeting of Kingston Conservative Association Held on Saturday Night on Occasion of His Leaving for Overseas—Also Presented With Address.

W. F. Nickle, K.C., M.P., left Monday noon on his trip overseas, having been selected recently to go to England to attend the conference of the Empire Parliamentary Association, which will convene in Great Britain to discuss imperial and constitutional matters, and to see first hand the battle fields made famous by the glorious deeds of Canadians. Mr. Nickle is one of six Canadian delegates selected to make this trip, which is being made so as to get a grasp of the problems facing the nation at this time.

At a meeting of the Kingston Conservative Association, held on Saturday night, the members paid tribute to their member for having such an honor bestowed upon him, and at the same time made him the recipient of a nice gift in the form of a pair of binoculars in a case with the following engraving: "Presented to W. F. Nickle, K.C., M.P., by the members of the Kingston Liberal-Conservative Association, June 17th, 1916."

An address also accompanied the gift. The presentations were made by the president, R. N. F. MacFarlane and R. D. Sutherland, the secretary, on behalf of the members. The address was richly engrossed, the work being done by J. H. Birkett.

In the address the members stated that they felt that it was most fitting that before Mr. Nickle left the city they should express their confidence in him as their member, and also their deep personal respect and friendship for him. They recognized that in the last two years his burden had been a heavy one, in that he had both Dominion and provincial matters to deal with. The members rejoiced in the recognition which had been given him in his selection as a delegate for this journey overseas.

In closing, the members wished Mr. Nickle God-speed and a safe return, asking him to accept the gift as a token of their affection and esteem, and also as a small keepsake from his friends during his historic trip. Best wishes were also extended to Mrs. Nickle.

A deputation from the Conservative Association gathered at the station at noon on Monday to say farewell to Mr. Nickle. The six Canadian delegates meet the Australians in New York on June 21st, and together they will sail on that day for London on the steamer Baltic.

THEATRICAL NEWS

At the Grand.

Another splendid bill of photo-plays and vaudeville has been arranged for the Grand for to-night, Tuesday and Wednesday of this week. Pauline Frederick, one of the famous Players' most popular stars, in the programme, "Andrey" unravels a story of a child of the woods, her life in the home of a clergyman, and many exciting episodes, in a most pleasing manner. There will also be a two-reel universal photoplay, a one-reel rib-splitter and the ever vaudeville portion of the bill two high class variety acts have been secured. Wells and Fisher in a singing and talking act have a stunt that bubbles with action, while Lauva in artistic dancing and daring trapeze novelty work is also sure to please.

"Battle Cry of Peace."

The much-talked-of photo-drama, "The Battle Cry of Peace," is being shown at the Strand Theatre, and bids fair to create as big a furore in Kingston as it did wherever it has been shown in the United States. The author imagines the United States as being in the position of Belgium—at the mercy of a brutal and bragging foe. This foe—the enemy is called "Ruritania," and wears a modified German helmet—has defeated the American fleet and landed an army which advances on New York. That city is shelled, and its skyscrapers toppled to the ground. The army, outnumbered, makes a last gallant stand against incomparably superior artillery. Finally the United States, conquered and on her knees, is forced to sue for peace at any price. As a story, as a spectacle, and as a sermon on the necessity of military preparedness—it is based on Hudson Maxim's book, "Defenseless America," and its object is stated as being "to show the criminal folly of peace babbling while a powerful nation exists, inspired by blood lust, and possessed of an ambition for world domination."

At Griffin's.

The management of Griffin's Theatre announces for Monday and Tuesday the most wonderful story ever filmed, "The Spoilers," taken from the book by Rex Beach. This picturesque, rugged romance of Alaska has a love story with splendid imagination that grips and holds the sympathies of all who witness it. It also presents the most stubborn, strenuous and exciting fight ever pictured. Mr. Carter Harrison, wife of Chicago's Mayor, writes: "It held my attention from start to finish; the acting is superb, and so true that one can almost read the words from the mute lips."

The prices for this attraction will be 10c and 15c. All seats reserved.

Lake Ontario Park.

Lake Ontario Park will open for the season this evening with two free shows, at 7.30 and 9 o'clock. There is a splendid bill arranged. There will be 3,000 feet of fine moving pictures presented, as well as two high class vaudeville entertainments, "Little Allright," a Japanese, in a novelty act, and two colored artists, Harry and Hattie Bolden, in a singing, musical and acrobatic dancing act. There will be several other features in the park for the amusement of the patrons.

CASES IN POLICE COURT

SUPPOSED DEAF AND DUMB MAN REGAINED HIS SPEECH.

George Lovell, Who Held Up Soldiers For Small Change, Will Go To Jail For Month—Other Cases Heard.

George Lovell, who tried to put a fake game over the Kingston police that he was deaf and dumb, at the same time begging among the soldiers, is talking quite freely now. Magistrate Farrell sent him over to jail over the week-end, when he nodded his head and refused to speak in Police Court on Saturday.

When arraigned Monday morning on a charge of begging, Lovell said: "I don't remember much about it." However, Constables Lesslie Armstrong and James Cotter had a good memory, sufficient to tip-off the Magistrate as to the way in which Lovell, who hit town a few days ago from Vancouver, B.C., was trying to get rich quick with other people's money. Lovell will not have a chance to play another fake game for a month at least. The Magistrate imposed a fine of \$10 and costs, which he could not cover, and he had to take the month.

Thomas Hackett was up for vagrancy. He has a good home at the House of Providence, but according to what Police Constable Arriei, who laid the charge, said about him, he gets drunk and then goes back to the home and plays high jinks about the place.

"I was out of the police from Oct. 1st to May 15th," said Hackett. "The Magistrate sent him to jail for a week to get sobered up."

There was a good deal of tipping over the week-end, judging by the number of drunks who walked the carpet. The following were fined: John Kelly, Thomas Saunders, Henry Rose and Michael Sheridan.

FAIR GROUNDS-WANTED FOR MOVING PICTURES.

The Canadian National Features Limited Wishes To Locate Here.

The Canadian National Features Limited wants to locate in Kingston if it can secure the fair grounds for manufacturing moving pictures. J. Shea, the prominent Toronto theatrical man, is president of the company, which has a paid-up capital of \$250,000 and subscribed capital of \$500,000. The company is not asking a bonus, but wishes a lease of the fair grounds. Ald. W. J. Fair, chairman of the City Council committee on industries, has the matter in hand, and expects to have a representative of the company to address the Council at its meeting to-night.
