Many persons of this city have gained the impression that the drug business established by the late Cecil S. Prouse is being controlled by another uptown druggist. That is not the case.

The business that was so successfully conducted by Mr. Prouse for the past seven years is being continued by his estate under the management of his old assis-

Notwithstanding the fact that the Post Office has been discontinued, we are still in a position to serve you with stamps, weigh your packages, and to sell you Express Money Orders. And please remember, if you are good enough to come in our store for only a postage stamp, it is a pleasure for us to sell it to you.

The Prescription Department is in charge of a registered pharmacist, and you may rest assured that your prescriptions will be filled exactly as they are supposed to . be, and with fresh and pure drugs.

This business has been made successful on the store policy of SERVICE, "HIGH-ER QUALITY," "BETTER SERVICE." That policy will be continued.

We should like to thank all those customers and friends that have by their patronage, helped make the Prouse Drug Store a success, and at this time to bespeak a continuance of their good will. It will be appreciated.
