In the World of Sport

TRIS SPEAKER INCREASES

HIS BIG BATTING LEAD IN THE AMERICAN LEAGUE.

His Figure is 388—The Chicago Cubs Are Hitting a Fast Clip in Tender League.
Terrific hitting by the Cubs in the past week put them in the lead in club batting in the National league with 265 and gave them three places among the ten batters doing 300 or better. Averages published to-day which takes in games played last Wednesday, show Jake Daubert, of Brooklyn, still heads the list with 345. Max Carey, of Pittsburgh, has resumed the lead in stolen bases, with 18, but in most other departments the Cubs are ahead. Williams in home runs, with seven, and in total bases with 99. Zimmerman leads in runs scored, with 33, and Flack in sacrifice hits, with 19. The league's 300 hitters are: Daubert, Brooklyn, 345; Schulte, Chicago, 338; Doyle, New York, 333; Zimmerman, Chicago, 332; Robertson, New York, 329; Wheat, Brooklyn, 316; Hinchman, Pittsburgh, 313; Williams, Chicago, 306; Wagner, Pittsburgh, 303; Chase, Cincinnati, 301.
Only seven regulars are hitting better than 300 in the American league. Speaker will lead with 388, and is ahead in total bases, with 108, and in runs scored, with 43. The unusual sight of a catcher leading the league in stolen bases is shown with Schaik, of Chicago, setting the pace, with 14, one ahead of only those who have played in at least half the games of their club, are: Speaker, Cleveland, 388; Burns, Detroit, 346; Jackson, Chicago, 337; Cobb, Detroit, 331; Heilman, Detroit, 310; Nunamaker, New York, 308; Smith, Cleveland, 303.

Three Toronto pitchers are now performing well in the Eastern League. "Bunny" Hearne is with the New London team, Harry Lyons is at Hartford, and Charles Dye with the Hartford team, managed by Neal Ball. Lyons has finished all of his nine games without requiring assistance, and four of them have been shut-outs, while two of the latter are one-run games. He has lost twice. Hearne has won seven games and lost one for Eugene McCann's New London. The game in which he was beaten was a sixteen-inning affair, in which Dye was his opponent. Hearne is ready to pitch for the Leafs, and they could use him to advantage, but is being left in the Eastern League as a "reward" for jumping the Toronto club for the Pittsburgh Federals.

HAMILTON OPENS SATURDAY.

Many of Best Known Stables in the Country Will Race.
Over 200 horses are already quartered at the Hamilton Jockey Club track, waiting the opening of the meeting on Saturday next. Most of this number are recent arrivals from Baltimore and Kentucky. The Western contingent will be greatly increased within a few days, with additional stables from the Blue Grass country.

CRANDALL HAS FINISHED

His Career in Major League Baseball—Goes to Oakland.
Otey Crandall has at last finished his big league career. St. Louis has sold him to the Oakland club of the Coast League. There have been few more popular players than Crandall, and no man more useful to his team. Not only could he go in cold from the bench and put the first ball across the rubber, but he could play anywhere.
One year he played every position for the Giants except catcher some time during the season. Moreover, he could hit. As a pinch hitter he once walloped New York to victory in a world's series game. Otey is a prosperous farm owner, and it would not be surprising if he retires from the game at the close of this season.

CRIPPLED RIDER WON.

The winner of the ten miles motorcycle racing championship of New Zealand was Alan Woodman, (Triumph), a one-legged rider who lost his limb in the Isle of Man during practice for the Tourist Trophy race. His time was 10 min., 25 3-5 sec.
Herzog's Odd Record.
Probably the oddest record ever made by a shortstop in a game was that of "Buck" Herzog, manager of the Reds, recently. He made nine put outs at short and no assists. He caught five flies and handled four thrown balls at second for out.

BASEBALL BRIEFS.

The fame of Elmer Meyers may spread to the National League. Many of the players in that organization are asking questions concerning Connie Mack's new hurling star.
It is said that a sore arm is keeping Johnny Evers out of the game. Tinker probably would be glad to take a chance on Evers—sore arm and all.
Fans in Boston attribute the poor showing of the Braves to the fact that the fighting spirit, which the club has displayed in the past two seasons seems to be lacking. When the baseball powers muzzled Evers they apparently took the pep out of the team.
A lot of clubs think they could stop the Brooklyn Robins—if only they could get in front of them.
On their next visit to St. Louis the Yankees are scheduled to play five games in three days. Fortunately Donovan has a plentiful supply of pitchers on the pay roll.
The Pittsburgh club wins more games in the winter months than any other club in the league. Every February they are presented with a beautiful pennant by a corps of local dopesters.
Players on other teams admit that if McGraw can add a good, dependable twirler to his present pitching staff the Giants should be big favorites in the race.
On the hit-and-run play almost anybody can do the ruting. The thing is to find the man who can furnish the hit.
Mrs. Mary Holly is suing Eddie Holly, the former Toronto shortstop, a divorce. Holly jumped to the Federal League from the locals and since that time has been on the decline.
Otto Knabe, the Phils' former second sacker, has been unconditionally released by Manager Jimmy Callahan, of the Pittsburgh team. Callahan signed Knabe after the season started, and for a while the veteran played brilliantly, but lack of a southern training trip kept him from getting in his best condition, and his work subsequently slumped. Knabe jumped to the Phils during the season of 1914 started and took charge of the Baltimore Federal League club.

TY COBB GREATEST PLAYER IN THE GAME THROUGH HIS PHENOMENAL BATTING.

And His Wonderful Base Running, Not To Speak of His Trick Plays And Dazzling Feats.
The Baseball Magazine maintains Ty Cobb is the greatest player in the game through his phenomenal batting average. He is the greatest player in the game by virtue of his wonderful base-running. But the things above all others which have stamped him as the true king of players are those trick plays and dazzling feats bordering on the miraculous which the cold records cannot express. The following is an extract from Cobb's story in the July Baseball Magazine:
There is a tense finality in Ty Cobb's conversation which is unique. Other players state opinions, the Georgian gives facts. In the presence of the game's greatest player the listener feels intuitively that here is the one man who knows absolutely what he is talking about. For if Ty Cobb hasn't seen a particular play or tried it himself, or seen it tried, it hasn't been there and probably never will be attempted. The Tiger's experience runs the gamut from merely simple plays of everyday occurrence to those sheer flights of genius which border on the impossible. He is the last word in baseball achievement. If he confesses that a certain play is beyond him, the outlook is hopeless. It simply can't be done.

CLEVELAND HAS NEVER WON MAJOR PENNANT.

Indians Have Been Member of Big Circuit Since 1879.
Although Cleveland has been on the big league map since 1879, the Ohio metropolis has never achieved a pennant in the majors. The Forest City was in the National from '79 to '84, and during the six years the best the club did was to finish sixth.
In 1889 Cleveland was restored to the National and remained in that circuit until 1899. During the eleven years of the second venture Cleveland was the runner-up in three seasons, but couldn't grab the bunting.
In the Johnson league the best the Indians have accomplished was to finish second in 1908, when Napoleon Lajoie was at the helm. Cleveland's major league record is even worse than that of Cincinnati, for the southern Ohio city did cop a banner in the old American association.

BOXING GOSSIP.

Frank Fleming and Eddie Wallace of Brooklyn have been matched to meet at Montreal next Wednesday night over the ten-round route. The bout will be the most expensive ever staged in Montreal. Wallace gets \$1,500 for his end, while Fleming is gambling, with a liberal percentage.
Claiming that Harry Pollok had no right to call off the Leonard-Welsh bout, which was booked for Brooklyn last Friday, Billy Gibson, manager of Leonard, states that he will go before the State Athletic Commission and ask that it be compelled to hold the contest before the Dillon-Moran battle.
Having come to the conclusion that he needs as an additional sparring partner a fighter who battles on the style of Jack Dillon, and besides has already sought the Indianapolis demon, Frank Moran has engaged the "Zulu Kid," the Brooklyn middleweight.

OVER HALF A MILLION

Handled by the Machines at the Dorrval Meeting.
Over half a million dollars was handled in the machines during the Dorrval meeting or an average of \$82,000 a day. The association's commission amounted to well over \$30,000—considerably more than the revenue ever derived from the bookmakers at any one meeting there. At Blue Bonnets the amount handled was much larger. It might have been even greater still had suitable accommodation been provided for the patrons of the Montreal J.C. course in this department. On rainy days the public are shamefully treated, being forced out in the rain and mud in order to make a wager on their choice. The new grandstand was a decided improvement, and a little attention should now be given to the erection of a pavilion for the protection of those who patronize the "Iron Men." They pay over six per cent. for the privilege of wagering their money, and are surely entitled to some consideration and a little accommodation.

NINE BOXERS SAIL

From New York For Bouts at Buenos Aires.
Nine boxers who will take part in the big fight carnival at Buenos Aires next month, sailed yesterday on the steamship Vasari from New York for South America.
The party included Ted (Kid) Lewis, the sensational welterweight; Alfred Badoud, the French champion, whom Lewis will meet; Harry Willis, Sam McVey, Sam Langford, Bob Devere and Ware, heavyweights, and Mike Mazie, Pat Bradley and Harry Condon.
Charley Johnston is making the trip as representative of Lewis. Jim Buckley, Joe Woodman and George Lawrence are looking after the heavyweights and Benny Murphy will act as manager for Badoud and Condon. The purse and expenses of the trip amounts to more than \$75,000.

FIRST BASEBALL GAME

Was Played in Hoboken Seventy Years Ago.
Last week marked the seventieth anniversary of the first baseball game between regular clubs, which was played in Hoboken in June, 1846. This historic event was permitted to pass unnoticed by the newspapers. In fact, it was not until 1853 that the press began to pay any attention to what was to become the great American pastime. Early in that year the New York Sunday Mercury began to publish accounts of ball games. The owner of the sheet, Wiliam Cauldwell, was an ardent fan and the pioneer baseball scribe. A few months later the New York Clipper took up baseball in its sporting department, and the first tabulated score was printed in that journal.

"Esprit de Corps" in Baseball.

"Esprit de corps" is what the French call the "get-together," each-for-all and all-for-each spirit, and it is what wins battles—and ball games. It is the absence of "esprit de corps" which wrecks baseball machines more than anything else, and its presence is what makes a winning club out of seeming second-raters. The value of this quality was never better illustrated than at present, when clubs doped as also-rans are among the league leaders, and others considered invincible, are among the trailers.
For the Sinn Feiners.
At the sitting in Dublin recently of the commission inquiring into the causes of the recent rebellion in Ireland, Inspector Hill of the County Kerry Royal Irish Constabulary caused much laughter by stating that on October 8th last a deputation of Sinn Feiners waited on the Listowel race committee and succeeded in getting a resolution passed that one penny out of each shilling collected at Listowel should be given to the Sinn Fein movement. The resolution was later rescinded.
