Appeals to Everybody. Many people overlook the advantage of newspaper advertising. If the farmer has stock to sell, he can find buyers, if he wants to buy, he can have the sellers come to him. When anything is lost or found, when help is wanted, or a position is sought; when any article from a baby carriage to a pet fox could be exchanged to advantage, a small advertisement in the newspaper will accomplish the desired result. Nearly everybody can use the advertising columns to advantage at some time, and every person will profit by reading the advertisements regularly.
