ENTENTE URGING CARRANZA TO AVOID WAR WITH THE U.S.

As They Wish Oil Supplies From Tampico—Allied Representatives Blame Germans For Trying to Create a Situation Which Will Stop the Sending of Arms Abroad.

(Special to the Whig) Washington, June 22.—Some intimation as to what General Carranza's next step will be was expected hourly at the State Department. Official advice reported that the American rejection of the demand of the recall of General Pershing's troops from Mexico was under consideration by the First Chief and his Cabinet.

Special Agent Rodgers, who made the report, was unable to forecast the action of the de facto government and threw little light on what was going on in the Mexican capital. From other sources, however, it was learned that European diplomats are exerting pressure on Carranza to prevent him from going to war with the United States.

Allied diplomatic representatives in Mexico believe, too, that German influences have been working on Carranza in an effort to create a situation that might embarrass the enemies of the Central Powers. They have asserted that German agencies have been active in stirring up feeling against the United States not only in Mexico but throughout South and Central America, to prevent this country from obtaining trade formerly controlled by German merchants.

can were killed by machine gun fire. The Mexican casualties were said not to have been so heavy, but General Felix Gomez is named as being among the Mexican dead. The American command is said to have been part of a scouting patrol from Guzman, returning to General Carranza's line of communication. Carranza, named as the place of the encounter, is about nine miles south-west of Villa Ahumada, the Mexican field base in Northern Chihuahua.

General Francisco Gonzales, Mexican commander at Juarez, gave out a statement in which he announced officially that the Mexican command had taken seventeen American prisoners. He also said that General Gomez' death had been confirmed, but said he had no official reports as to the number of casualties on either side.

The wounded, both American and Mexican, the exact number of whom is not known here, were taken to Villa Ahumada. Mexico Demands Explanation. (Special to the Whig) Washington, June 22.—An explanation of the presence of Gen. Pershing's men so far from their headquarters and also of the Carrizal fighting, together with the taking of two Mexican towns by Pershing, was demanded of the State Department by Mexican Ambassador Arredondo to-day. Secretary Lansing promised to enquire. The interview lasted only a few minutes.

Anti-United States Propaganda. (Special to the Whig) Buenos Aires, June 22.—The Mexican Government to-day launched an extensive anti-United States propaganda in South America. A former Argentine congressman, Palacio, has accepted an offer to make a speaking tour against the United States. He is working directly under the auspices of the Mexican Federation of Labor.

Ammunition Satisfactory, But Account Not Closed—Admiralty's Position. Ottawa, June 22.—The final evidence was submitted to the Davidson Commission yesterday afternoon in regard to the ammunition sale, via Hon. Col. J. Wesley Allison, the Vickers representatives, and Sir Sam Hughes, to the Admiralty. Counsel in the case are to submit their arguments in writing to Sir Charles Davidson, for consideration when the Commission meets again on Wednesday next.

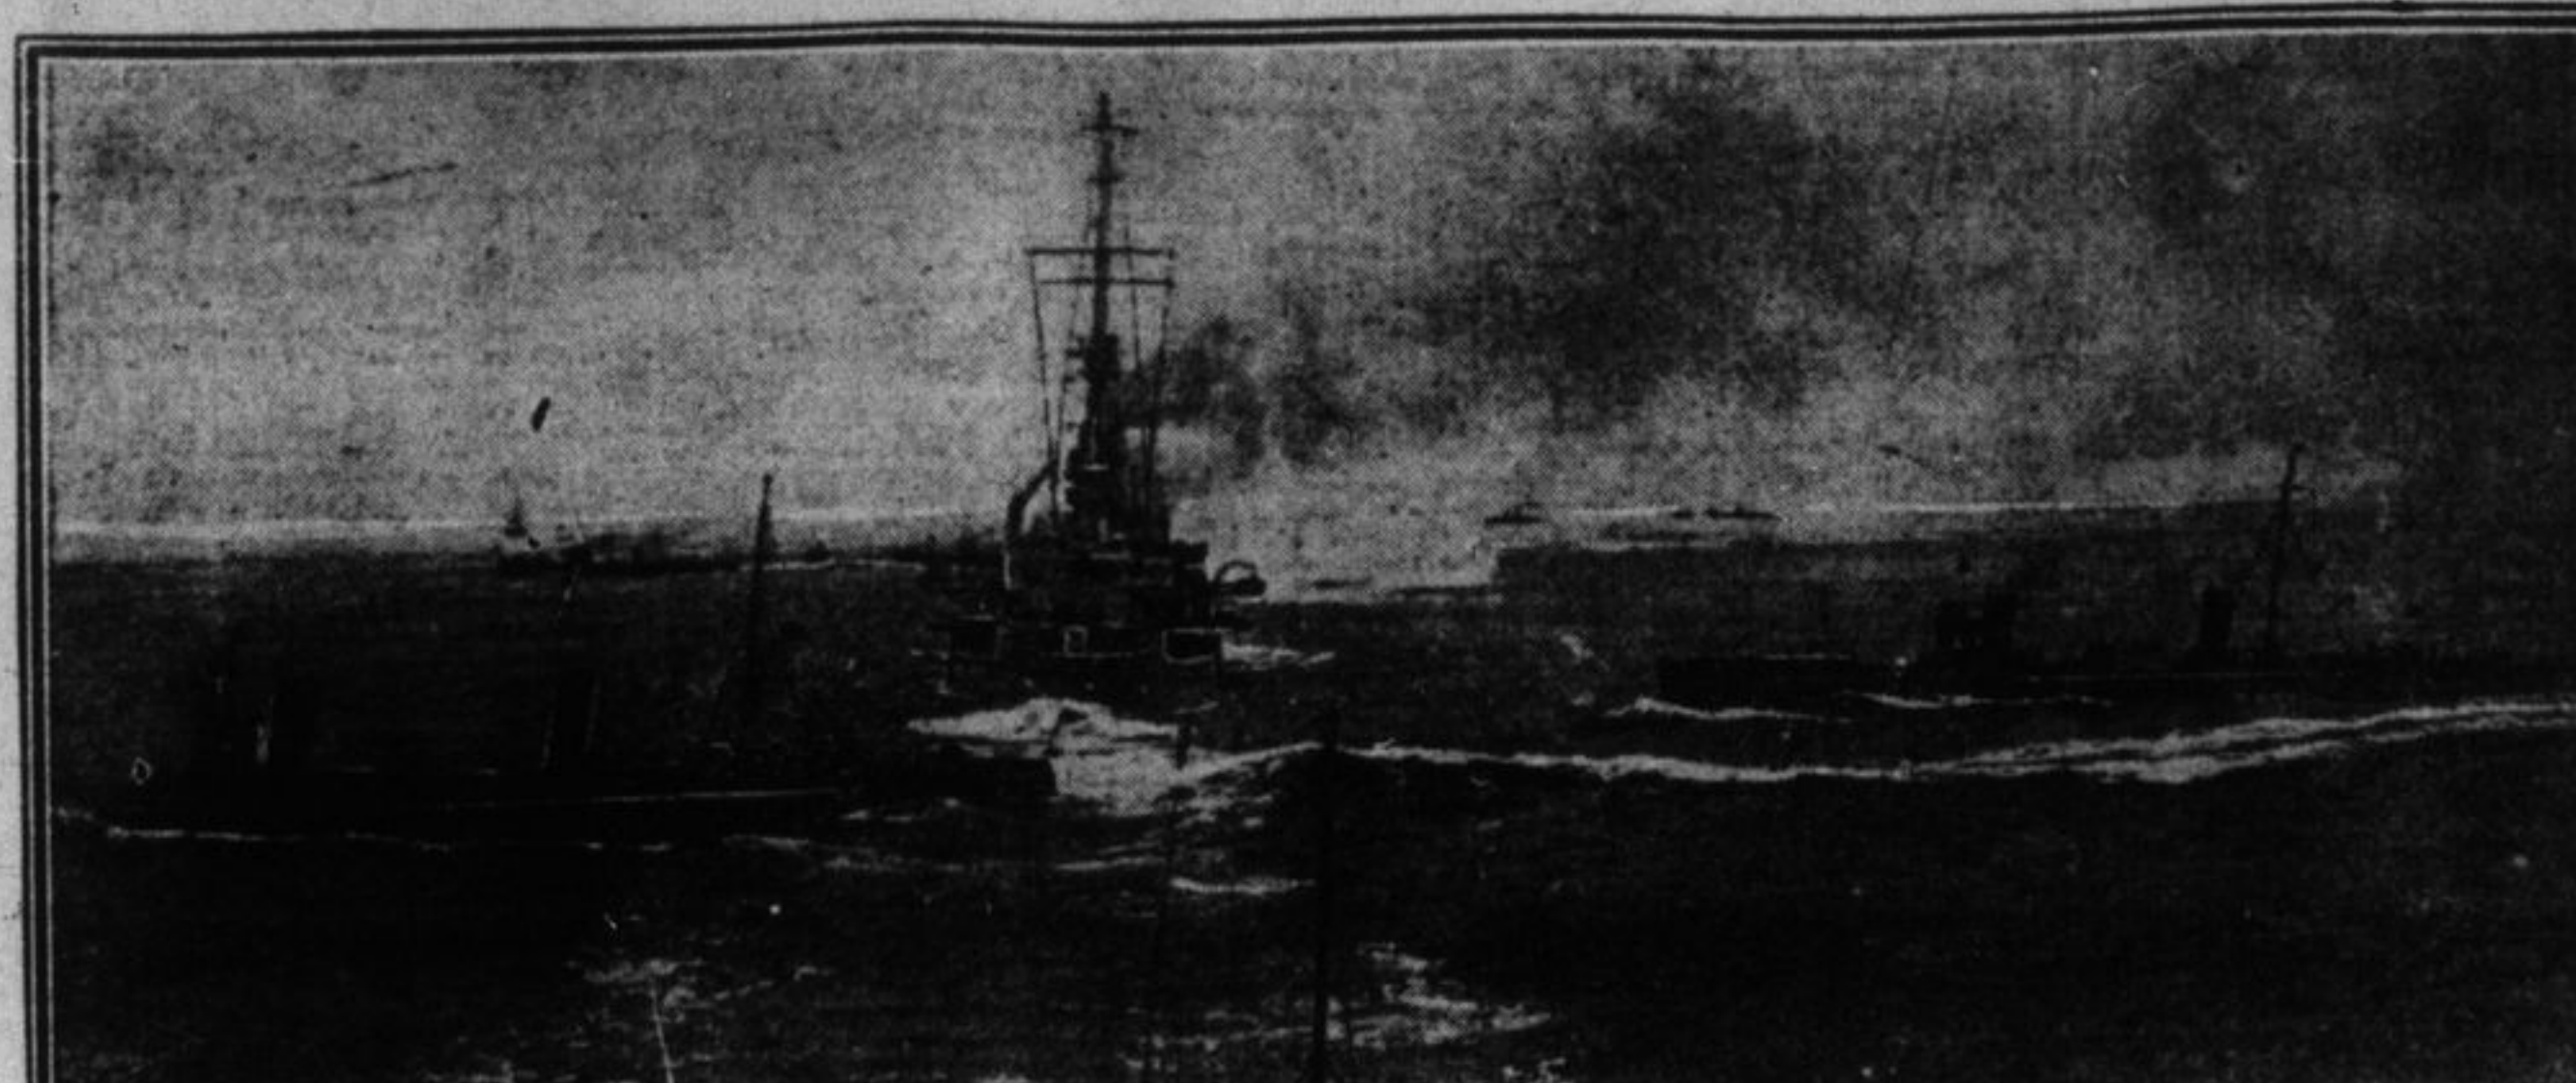

The last bit of evidence put in this afternoon was a further cable from the Colonial Secretary, Hon. Law, to His Royal Highness the Governor-General. This cable elucidates a little further the cable of June 3rd, which stated that the Admiralty paid \$25 per thousand rounds for the 3,000,000 rounds purchased from the Mitting Department, and for which the Department received only \$20. It is seized by the defence as a strong point in refuting the charge that an intentional rake-off of \$5 per thousand rounds was planned in the transfer of the ammunition from Canada to the Admiralty.

KINGSTON MAN WAS HURT IN EXPLOSION. Gerald Flynn Among Those Seriously Injured at Parry Sound. Gerald Flynn, whose home is at 129 Durham street, is among those who were badly injured when an explosion at the Nobel munition works of the Canada Explosives, Ltd., at Parry Sound, killed six and injured twenty.

Flynn is in the General Hospital at Parry Sound, and is reported to be seriously injured. Until about two months ago he was a clerk in the Kingston branch of the Standard Bank. He intended to go overseas, but not getting the opportunity he desired, he decided to wait, and in the meantime he would do the next best thing, namely, help to manufacture munitions. He is about twenty-one years of age.

WHAT GREECE YIELDED. A Strong Allied Fleet Off Athens Helped, Some. (Special to the Whig) London, June 22.—The demands of the Allies, which Greece has conceded, included the complete general demobilization of the Greek army; the deportation of German agents; and the suppression of German propaganda and protection for the pro-Allied propaganda.

One report says a large Allied fleet has been cruising off the Greek port of Piraeus (Athens) for some days, to enforce the Allies' demands. No Court-Martial. (Special to the Whig) London, June 22.—It is the Commons to-day it was announced that the Admiralty, after a rigid investigation, had considered it unnecessary to hold a court-martial in regard to the sinking of the cruiser Hampshire with Kitchener aboard.

THE GREAT NAVAL BATTLE. Mosquito fleet of torpedo boats, engaging an enemy warship not far from the entrance to the Kiel Canal. The smaller, swifter boats can be seen encircling the larger vessel, and doubtless "stinging" her badly with every broadside.

TO ABANDON ALL SOUTH BUKOWINA

The Austrians Decide to Let the Russians Occupy That Territory.

TO TRY AND MAKE STAND

Twenty Miles North-West of Roumanian Frontier.

And at Other Strategic Points in Order to Bar the Russians Advancing Into Hungary. (Special to the Whig) London, June 22.—Gen. Pflanzers' demoralized army is preparing to abandon all southern Bukovina to the Russians, according to Berne despatches to-day. The Berne correspondents received their information from Vienna. They reported that the Austrians would make a stand at Rodna Pass, twenty miles north-west of the Roumanian frontier, and at other strategic points, barring the Russians' advance into Hungary.

DID NOT HEED IT.

A Murderer at Charlottetown, P.E.I., Sentenced to Death. (Special to the Whig) Charlottetown, P.E.I., June 22.—Despite the jury's recommendation of mercy, Justice Hazard to-day sentenced Malcolm McPherson, aged eighty-four years, of Unionville, to be hanged for the murder of his wife, aged eighty-six years.

ARABS HAVE ARISEN AGAINST THE TURKS.

Paris, June 22.—Reuter's despatches say thousands of Arabs have risen against the Turks in Asia Minor, and have captured the holy city of Mecca and also Medina, and are continuing their advance to other parts of the country.

MOTHER AND DAUGHTER DIE.

Former Succumbed to Fright, and Girl Was Drowned. Sarnia, Ont., June 22.—Mrs. Sweet and her daughter, Mrs. John Hesson, Port Gratiot, lost their lives in the rapids of the St. Clair river, opposite Point Edward, Tuesday night, when a launch in which they were riding, with a bartender named French Fuller, of Port Huron, was hit by the gasoline ferry operating between Point Edward and north Port Huron. It is claimed that the launch was running without lights. The older woman died of fright and never sank. The body of the daughter has not been recovered. Fuller swam ashore.

TO GO TO NEW YORK

In connection With Appointment of Commission. (Special to the Whig) Ottawa, June 22.—Sir Robert Borden leaves to-night for New York and will be absent from the Capital until Monday. It is understood that Sir Robert's trip is in connection with the appointment of a commission to inquire into the Canadian railway situation.

ITALIANS ARE WINNING.

They Have Taken Many Austrian Small Posts. (Special to the Whig) Rome, June 22.—Lively fighting is going on in the Ledro valley, the War Office announced to-day. An Austrian attack was completely repulsed in Tuesday's fighting. Between Lake Garda and the Astico valley artillery engagements and infantry skirmishes occurred, the Italians taking many small posts.

TO EVACUATE LEMBERG.

(Special to the Whig) Rome, June 22.—A Bucharest despatch to-day reported that preparations for the military evacuation of Lemberg were made at a special Austro-German war council.

THE CANADIANS DO HEROIC WORK

Hooge Trenches No Man's Land at the Present Time.

THE ARTILLERY IS BUSY

The Pioneer Battalions Are Doing Splendid Work.

MAJOR-GENERAL LEONARD WOOD Commanding the U.S. Department of the West, has requested Secretary Baker that he be given an assignment with the Mexican expedition.

CURZON MAY SUCCEED CANADA'S GOVERNOR.

Duke of Connaught To Return To England In the Fall. Ottawa, June 22.—His Royal Highness the Duke of Connaught will close his term as Governor-General of Canada and leave Canada for England next autumn if present intentions are carried out. It is understood also that he will be succeeded by some one other than the Prince of Teck. It is said that his inclination is to go back where he can be in rather closer touch with military affairs which have a great charm for one who has made the practice of arms a life long study. Lord Curzon of Kedleston, is mentioned as the probable successor to the Duke of Connaught, but the selection is not definitely announced.

KING OF GREECE YIELDS TO ALLIES.

(Special to the Whig) London, June 22.—M. Zaimis, the Greek Premier, announced to-day that King Constantine has accepted all the demands of the Allies, according to an Exchange Telegraph despatch from Athens.

THERE IS FURIOUS FIGHTING AT VERDUN AND OTHER POINTS

In advanced French trenches. Stubborn grenade fighting occurred all night west and south of Fort Vaux. A German grenade attack on Hill 321 failed. West of the Meuse the enemy attacked last night on the southern slopes of Dead Man's Hill, but were repulsed. In the Champagne a hot artillery duel is going on. The War Office announced that enemy warplanes were shot down in Lorraine. Air repulsed with bloody losses, except between the Fumin and Chenois woods, where they gained a foothold.

VERY SERIOUS SITUATION IN NORTHERN MEXICO

(Special to the Whig) Washington, June 22.—In despatches sent to the War Department by Gen. Funston early to-day, the situation in Northern Mexico was described as increasingly bad, orders issued by Carranza for the arming of citizens adding materially to the anti-American feeling. Secretary of War Baker announced to-day that the department is endeavoring to get the California, Missouri and Kansas militia and reserves to the border immediately. Reinforcements of regulars were rushed to-day to the aid of the Tenth Cavalry, the victims of the ambush by Mexicans in which forty Americans are reported to have been killed and seventeen captured. 40 U.S. Soldiers Killed. (Special to the Whig) El Paso, Texas, June 22.—Forty United States soldiers were killed and seventeen were captured by Mexicans in a fight yesterday.

NUMBER OF ELIGIBLES IN CANADA IS LARGE.

Census Figures of Five Years Ago Afford Interesting Information.

Ottawa, June 22.—An article on the number of males between 18 and 45 years of age is contained in the last issue of the census and statistics monthly issued by the census and statistics office of the department of trade and commerce. The table shows that in the census of 1911 there were enumerated 1,720,070 men of available military age, of whom 1,109,385 were Canadian-born, 306,377 British-born and 304,310 foreign born.

While these figures represent conditions existing on June 1, 1911," says the monthly, "yet, because of the heavy British immigration in 1912-13-14, as well as to the known tendency of young countries to maintain a high birth rate, they also show fairly well the numbers from which eligibles for military service may now be expected."

Table with 2 columns: Province, Canadian Total, born. Rows include Prince Edward Island, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia.

MRS. MADELINE F. ASTOR MARRIED W. K. DICK.

The Service Was Conducted in Episcopal Church at Bar Harbor, Maine. (Special to the Whig) Bar Harbor, Maine, June 22.—Dressed in a simple blue serge traveling suit, with a blue straw hat and white gloves to match, Mrs. Madeline Force Astor was married to William Karl Dick, New York, by Rev. Albert L. Larned, in St. Saviour's Protestant Episcopal Church to-day. There were few present during the ceremony, no music, no flowers, no attendants. Little John Jacob Astor, the fourth Mrs. Astor's son, born after the Titanic disaster, whose father was drowned, witnessed the ceremony. He was all excited over the event, and already friends with his new papa. Immediately after the ceremony Mr. and Mrs. Dick left for a honeymoon in California.

AUSTRIAN FORCES ARE CUT IN TWO

By the Speed of the Pursuit of the Russian Reserves.

THE AUSTRILIANS HAD HOPED

TO HAVE HELD RUSSIANS ON FORTIFIED LINE.

A Week Ago the Total Captures Made in the Great Russian Drive Totalled 172,484.

London, June 22.—Confirmatory reports of the cutting in two of Gen. Pflanzers' army in Bukovina are contained in a despatch to The Star from Petrograd.

When the Austrians retired from Czernowitz, says the correspondent, part of them retreating due south along the Roumanian border and others toward the Carpathians. Their hope was to have time to hold the Russians on the fortified line running from Kut to Sereth along the Rivers Mikhodra and Sereth.

But despite the delay caused by the prolonged defence of Czernowitz, Gen. Letchitsky threw his reserves upon the heels of the retreating Austrians at such speed that he succeeded in reaching that line simultaneously with them.

The result was that Gen. Pflanzers' forces were cut in half midway between Kut and Sereth at Stroginet.

Russia's Great Haul. Petrograd, June 22.—The War Office announced yesterday that the number of men captured by the Russians in the offensive in Volhynia and Galicia up to Thursday of last week was 172,484.
