## In the World of Sport

### BASEBALL ON SATURDAY

WOLFE ISLAND AND C.L.C. TO CLASH FOR SECOND TIME.

In Game to be Played in the Kingston Amateur League—Red Socks and C.L.C. Jr. Will Play in the Junior Series.

Wolfe Island and the C.L.C. will clash for the second time in the game to be played Saturday afternoon in the Kingston Amateur Baseball League on Queen's Lower Campus.

When these two teams met some few weeks ago they put up a fine exhibition, but the C.L.C. managed to win out. Wolfe Island showed up remarkably well, and in the tussle on Saturday a good game may be expected. The Islanders have a lively team and are working hard to put one over the C.L.C. this time.

The game will start at 3.15 o'clock and a record crowd is looked for. This new league has been providing some good sport, and should be well supported.

In the junior series in this league the game will be between the Red Socks and the C.L.C. juniors, and this should be a good game, too. This match will start at 1.30 o'clock. Altogether there should be a fine afternoon's sport for the fans.

#### Athletics vs. Victorias.

Everything augurs well for the game that will be played at the Cricket field Saturday afternoon, when Athletics will try their skill against the Victorias. It is expected that this will be one of the best fixtures of the season. Victorias will have several

### BASEBALL BRIEFS.

The Montreal Royals have released Pitcher Sammy Smith. It is also rumored that Infielder Almeida, the Cuban, and Catcher Wells will also be disposed of.

Are the Phillies going to repeat? They are now only four points back of the leading Dodgers. They walloped the Brooklyn three straight.

The major league races are tightening up. Both the Dodgers and Indians hold their lead by less than a game.

Joe Birmingham's team is only 38 points behind Buffalo, who are in second place. The Leafs have a grand chance to get up behind the leaders before returning home on Dominion Day.

"Red" Murray is certainly playing good ball for the Leafs. He is hitting the ball hard and at opportune times, while his fielding leaves nothing to be desired.

Morton, of Cleveland, is the real leader among the pitchers. He has won nine out of eleven starts. Gullop, of New York, has won his only three attempts.

#### THE BIGGEST STEP

Of Amateurs Becoming Real Rivals of the Majors.

The proposed Amateur Baseball League, taking in the largest cities of Pennsylvania, Ohio and Michigan,

### CHAMPION GOLFERS OF GREAT BRITAIN SELL THEIR CLUBS TO AID WOUNDED.

To aid the three hospitals in Southend, a golf match was arranged between Edward Hay, ex-champion; J. B. Bailey, international champion, and other golfers. After the game, which netted over \$500 for the hospital, the clubs used by the players were sold at auction and brought \$250 additional funds for the hospital.

new men out, and with better support than he had last Saturday. Gillespie, who is pitching very good ball, will likely put something new over the opposing batters. The Athletics won from the Ponies several weeks ago, and hope to show the Vics, how to play ball this Saturday. The Vics are determined to get in the win column and are practising hard to get the game. The game will be started at 3.15 and it is likely that George Sullivan will handle the game. If the game is as good as the one last Saturday, the fans do not need to worry. The grass has been cut in the field.

#### THREE BOWLING GAMES.

Teams of W. H. Wormwith, W. C. Crozier and H. D. Bibby, won.

Three interesting bowling games were played Thursday evening at the Queens' bowling green. The team skipped by W. H. Wormwith won from A. Turcott by 16-13. In the other two games W. C. Crozier won from J. W. Corbett by 16-15, and H. D. Bibby from W. M. Campbell by 11-9. In both these games an extra end had to be played. The teams:

J. Stanton, T. Lambert, Dr. R. E. Sparks, H. W. Wormwith, skip.  
J. Mortimer, Wm. Moore, J. J. Baker, Alfred Turcott, skip.

W. Linton, Geo. Vaghorn, K. Sleeth, W. C. Crozier, skip.  
H. F. Price, Dr. Knapp, M. Manahan, J. W. Corbett, skip.

J. W. Power, R. H. Crocker, -O. Boyd, H. D. Bibby, skip.  
E. Hartrick, D. A. Givens, Edward Williamson, W. M. Campbell, skip.

#### LANK CAMPBELL IN TRENCHES.

Great Sprinting Done in Morning From Trenches.

Lank Campbell, a former well known Britannia paddler, who has been at the front for the last ten months, wrote an interesting letter to a friend in Ottawa. He states that they have been in the trenches for some time, but so far he has come out all right. "Lank" who was always well known for his speed, states that he is daily being out-classed in a 100 yard dash. He says that in some cases their line of trenches are about one hundred yards apart and when ever a shell falls in one of the trenches they are ordered to run back to the next one. "Talk about your speed," says "Lank," "but there are more boys there doing the distance in ten flat than you could find any place else."

### BIG CANOE RACE ARRANGED

TO BE HELD AT SUGAR ISLAND AUGUST 4TH-12TH.

Yacht Owners for the First Time to be United to Take Part in Cruising Race.

The American Canoe Association has planned for an innovation in connection with the international meet, open to all amateur canoeists in the United States and Canada, at Sugar Island, Aug. 4 to 12 of this year. It will be the first meet open to all amateur paddlers regardless of whether they are members of the American Canoe Association. The championships of North America will be awarded to the winners of contests of single blades, singles, tandems and fours in the junior, intermediate and senior classes. The meet will be under the auspices of the American Canoe Association, which owns the 35-acre island known as Sugar Island, located on the St. Lawrence river between Clayton and Gananoque.

An innovation in Atlantic coast yachting will be inaugurated at the end of the month in an inter-club cruising race week open to the members of the Yacht Racing Association of Long Island Sound, the Long Island Sound Power Boat Association and the New York Yacht Club. It is the first time in the history of the sport that yacht owners have invited the power boat men to take part in a cruise and the novelty has created enthusiasm among the followers of both types of yachts.

### BRAINY PLAY MADE BY HERZOG OF REDS.

Who Put Side Out by Throwing the Ball to Third.

Those who ask, "When is a base-hit not a base-hit?" may find the answer here.

The Giants were playing the Boston Red Sox in New York, with the home crowd at bat. Burns was on second and Doyle was at bat. There were two out at the time. The Red hurler served one up to Doyle, and he smashed a bouncer to deep short, Herzog almost ran out of the diamond to snare the ball—but he got it.

Herzog saw in a flash that he had no chance to catch Doyle at first because Larry at that very moment was only three jumps away from the bag. Had Herzog made the throw Doyle would have beaten it by three strides at the very least. So Herzog, having noted that Burns got a slow start from second, flipped the ball to third. Heine Groh grabbed it and touched out Burns, sliding in for the third out.

Doyle didn't get a hit on that play. It was scored as a fielder's choice. Yet, if no runner had been on the bags Doyle would have beaten the throw easily. It was a clean hit, but the slowness of Burns in that particular instance robbed Doyle.

The play also stands out as another instance of Herzog's braininess. Ninety per cent. of the other short-fielders in the game would have had their minds so focused on making the play at first that they wouldn't have taken third into consideration. But Herzog did and because of that he beat Doyle out of a hit, killed off a man going to third, retired the side and possibly stopped the Giants from scoring in that particular game.

### OLDEST BASEBALL NOW IN EXISTENCE.

Was Used Forty-four Years Ago At Kingston, N. Y.

If a baseball museum should ever be opened—and it would be a mighty interesting exhibit for the fans—the nucleus of the collection would doubtless be a baseball now in the possession of the East End Church League of Pittsburgh. This sphere is declared to be the oldest in existence, and it was used in a game between the Newburgh, N. Y., Hudsons and the Kingston, N. Y., Eclipse club, played fifty-four years ago, June 20, 1862. The pellet came in for a lot of rapping, as Kingston won the game by a score of forty-nine to eighteen. The sphere was long the property of John Miller, of Cornwall-on-Hudson, first baseman of the Kingston nine, who lived past the century mark, but Miller turned it over to the Smoky City organization to be preserved as a relic of baseball antiquity. The ball, made of a single piece of horsehide, is carefully guarded and is protected by both burglarly and fire insurance policies aggregating a thousand dollars.

### COBB IS CONFIDENT

That He Will Again Lead American League Batters

Cobb is confident that he will lead American League batters again this season. He aims at the thought that he always goes at top speed in August and September, particularly the latter month, and the other fellows generally slump at this time. He wants to stay close up to the leaders so that when the time comes for him to sprint he will be within hailing distance.

Possibly you are interested in what Cobb thinks of his own ability to run. He says: "When I first broke in with the Detroit team I could run all day without seeming to exert myself. It was never an effort to break into top speed and I used to like to be forced into a jam where I had to depend upon my wits and my legs. Now I have to work just a bit harder. I find that there is an effort to running, but I believe I can move just as fast when I get started as ever I could."

### The Point of Contact.

The merchant who is alive to his opportunities will keep in constant touch with his customers, and with others whom he hopes will become his customers. He will keep them informed of the arrivals of new goods, the prevailing tastes or fashions, the latest improvements in things to eat or to wear, or to make household easier.

And the point of contact is advertising. To advertise intelligently, is an evidence of progressiveness. It is safe to conclude that you will receive the best service and best value from the merchant who seeks your patronage by modern methods.
