

DEMANDS OF U.S. MUST BE MET

Troops to Continue the Pursuit of Bandits in Mexico.

THE RELEASE OF PRISONERS

AVERTS PROBABILITY OF IMMEDIATE RETALIATORY STEPS.

Carranza is Seizing All Property of Americans in Several States, and Washington Has Entered a Protest.

Washington, June 30.—The Washington Government still awaited last night full compliance with its demands by the de facto authorities of Mexico. Release yesterday by General Carranza's order of the American prisoners taken at Carrizal has averted the probability of immediate retaliatory steps. It is possible that it has also helped to pave the way toward an attempt at peaceful settlement of the whole border situation. High officials made it very clear, however, that the vital point at issue—the future attitude of Mexican forces toward American troops in Northern Mexico, engaged in guarding the border and pursuing bandits who raided American territory—remains to be settled.

WASHINGTON CALLS HALT.

Washington, June 30.—Representatives to General Carranza protesting against seizure of American property by local authorities in many parts of Mexico have been made in Mexico City by Special Agent Rogers. Official reports to the State Department have said that thousands of dollars' worth of gold and silver bullion, horses, cattle, automobiles and other movable merchandise belonging to Americans have been taken. The department has received word that Carranza officials are seizing all property of American in the states of Sonora, Jalisco and Tamaulacos. Immediately upon receipt of this word the department sent instructions to Mr. Rodgers at Mexico City to lodge a vigorous protest.

Conferred With Lansing. (Special to the Whig.) Washington, June 30.—Mexican Ambassador Arredondo conferred with Secretary Lansing shortly after ten o'clock this morning. Arredondo characterized the visit as "a discussion of the general Mexican situation."

IT WAS TREACHERY, U. S. SOLDIERS SAY.

Mexicans Pretended They Were Friendly Before the Ambuscade.

El Paso, Texas, June 30.—"It was treachery," declared several of the American troops captured in the Carrizal fight. "We thought they were friendly, but they were not. They had us surrounded. Then the slaughter began. We didn't have a chance. The Mexicans even killed our wounded when the fight was over." This last statement was made by Privates William D. Gibson and Arthur Alexander of Troop C and Private Archie Jones of Troop K.

Wanted For Theft.

Colborne, June 30.—W. J. Jamieson, chief constable, is seeking the whereabouts of one Roy McGlennon, accused of being twenty years in five feet seven or eight inches in height, red hair, round face, smooth shaven, holds his head down, and when last seen was wearing a blue coat, light grey trousers and black hat or cap. More than 200 cases of infantile paralysis in Brooklyn led the Department of Health, co-operating with the Rockefeller Institute and scores of volunteer physicians, to start a systematic fight against the dread disease.

SIR MACKENZIE BOWELL SPEAKS OF 1837.

Cadet of 80 Years Ago Referred To by Their Captain—Boy Scouts Get Badges.

Belleville, June 30.—As a recognition of the courtesies extended by the Nelson (B.C.) Daily News to Sir Mackenzie Bowell, who is at present in the Canadian West, the Intelligencer publishes the following, clipped from our western contemporary of June 24th:

"Hon. Mackenzie Bowell harked back nearly eighty years and referred to his having been captain of a cadet corps during the rebellion of 1837. In a short address delivered to the Nelson Boy Scout troop last night in the assembly hall at the central school, the occasion being the presentation of badges and the admission of new scouts. "Sir Mackenzie spoke of the spirit of loyalty fostered by organizations such as the scouts, and said that although at the time he spoke of his cadets drilled with wooden guns and tin bayonets, what they did inculcated his companions and himself with a determination that if their services were ever needed by king or country they would be ready and eager. In presenting four medals for various qualifications to Laren Porin, son of Judge Porin, Sir Mackenzie told the scout that he had known his great-grandfather and his father, all of whom came from Belleville, and he expressed a hope that the youth would follow in the footsteps of his successors."

(Special to the Whig.) Ottawa, June 30.—Sir Robert Borden and Hon. Frank Cochrane, Minister of Railways, who have been in New York in connection with the proposal to appoint a commission to report on the condition of the Canadian railways, returned to the capital at noon to-day. When reference was made to the appointment of the new Governor-General, Sir Robert expressed his satisfaction that the choice had fallen upon the Duke of Devonshire. He expressed the conviction that the choice was a wise one. It is understood President Underwood of the Erie System was one of the American railway men asked to serve on the Canadian commission.

TAUSCHER NOT GUILTY IN CONSPIRACY CASE.

Jury Declared Him Innocent of Taking Part in Movement Against Canada.

(Special to the Whig.) New York, June 30.—Captain Hans Tauscher was found not guilty by a jury to-day on the charge of conspiring to inaugurate a military movement against Canada which had as its object the destruction of the Welland Canal. Mme. Gaski, prima donna and wife of the German captain, was in court when the jury announced its verdict and enthusiastically congratulated every one of the twelve men.

(Special to the Whig.) Ottawa, June 30.—An increase of thirteen per cent. in immigration to Canada occurred during the months of April and May as compared with the same months last year. During the first two months of the fiscal year the arrivals numbered 12,791. Last year they numbered 11,336. Of the arrivals 10,279 came from the United States, 1,601 from Great Britain, and 911 from other countries.

SHELL ENQUIRY REPORT Likely to Be Received By The Premier Next Week.

(Special to the Whig.) Ottawa, June 30.—The findings of Sir William Meredith and Justice Duff in connection with the shell inquiry are likely to be out next week. The Prime Minister and his colleagues will acquaint themselves with the findings before making them public. It is thought in many quarters the Justice Duff will make a minority report.

SUGGESTS CLEMENCY FOR Sir Roger Casement Who is Sentenced To Die.

(Special to the Whig.) London, June 30.—The Daily News alone of the London papers today suggested clemency for Sir Roger Casement, sentenced to die for high treason. The News conceded that the death sentence was justified but declared that the execution of Casement might stir up ill-feelings in Ireland and America just at a time when the Government hoped for a settlement of all difficulties.

GERMANY NERVOUS OVER SITUATION

Realizes That the Allies "Grand Offensive" Has Begun At Last.

BRITISH ARTILLERY FIRE HAS STEADILY INCREASED IN VIOLENCE IN WEST.

On Northern Part of Eastern Front the Russians and Germans Are Engaged in a Terrific Artillery Duel.

(Special to the Whig.) Toronto, June 30.—A special United Press cable from Berlin via New York to-day says that the steadily increasing violence of the British artillery fire on the western front, with the continued Italian and Russian offensive, leaves little doubt in Berlin that the Allies are in the early stages of their "grand offensive."

RUSSIANS CAPTURE KOLOMEJA.

(Special to the Whig.) Paris, June 30.—The newspaper Echo De Paris declared to-day that the Russians have captured the important Galician railway city of Kolomeja.

PRESIDENT WILSON BRANDED AS AUTOCRAT.

New York American Says Congress Has Become a Rubber Stamp.

(Special to the Whig.) New York, July 1.—In an editorial broadsheet the American calls upon the Congress to take over the Mexican situation. In Congress, says the American, is vested the power to declare war, to raise armies, to define piracy and other offences on the high seas, and yet Mr. Wilson had decided all questions arising between Germany, Austria, Mexico and the United States upon his own responsibility. Now and then, says the American, the decisions of "President Wilson and Col. House have been communicated to Congress, but not until after they had already been transmitted by cable to foreign nations." No one ever thinks of asking whether Congress will declare war, but newspaper headlines indicate that the public expects the President alone to decide. In theory, says the American, Congress is supreme and it is the duty of the President to execute its will, but in fact the President has become supreme and Congress a mere rubber stamp. The United States, it concludes, has ceased to be a republic and has become an elective monarchy.

HALIFAX GOES DRY.

Forty-six Bars are Closed—Liquor Men May Fight.

Halifax, June 30.—The 46 liquor saloons in this city closed up last night to remain closed, in consequence of the prohibition law passed at the last session of the Legislature making Halifax "dry" as well as the rest of the province. It is 169 years since Halifax was founded, and for the first time it will be impossible legally to obtain a drink in any public house. Address To Dr. Forrest. Renfrew, June 30.—Dr. Forrest, who has been science master in the Renfrew Collegiate for the past six years, and who is giving up teaching permanently, was presented with a fine pair of binocular glasses by the pupils of 3 A. form. Principal Hugh Bryan was present and added a few words of appreciation of Dr. Forrest as a teacher and gentleman. Theo. Samson, a senior pupil, delivered the presentation address in a brilliant manner, to which the doctor made a fitting reply of thanks.

GERMANS SHIFT THEIR ATTACK

Back Again To The West Bank of the Meuse River.

ALL ATTACKS REPULSED AND THE ENEMY SUFFERED FRIGHTFUL LOSSES.

Enemy Carried First Line of Fortified Work East of Hill 304, But The French Recaptured It by a Brilliant Counter-Attack.

(Special to the Whig.) Paris, June 30.—The Germans last night shifted their attack back to the west bank of the Meuse and delivered several violent attacks, preceded by liquid fire, between Avo-court and Hill 304, the War Office announced.

WAR TIDINGS.

The Canadian troops are still at Ypres. Pending the reorganization of their heavy losses, they are understood to be in reserve or partially so. Russian have captured three lines of Austrian trenches, but have failed to capture the important Duester and Pruth Rivers. This advance covers fifty square miles and very important country. Italian troops have captured the town of Podesocata and other important positions from the Austrians. Strong forces of Germans have joined the Austrians, but have failed to stop the Russian drive in Galicia. The Teutons are in full retreat at all points south of Kovel. French assaults on Thursday gained two important posts near Theumont. The Germans offered little resistance.

IN PRISON, KEEPS DIET SEAT.

Also the One in Reichstag—But He Loses Other Rights. Berlin, June 30.—Dr. Karl Liebknecht's conviction, which provides for an appeal, automatically disbars him as a lawyer and makes him ineligible to hold public office. It does not, however, affect his position as member of the Prussian Diet, and the Reichstag, since these offices are held as the result of election by the voters and not by Government appointment. His status as a legislator is unaffected, as the court refrained from revoking his civil rights.

Ministry Of Commerce.

London, June 30.—Committee composed of members of the House of Commons and members of the Associated Chambers of Commerce in Great Britain are to hold a conference, with a view to establishing a Ministry of Commerce.

In Order to Divert Russian Troops From the Galician Campaign.

(Special to the Whig.) Petrograd, June 30.—The Germans have begun a series of sudden violent attacks against Gen. Kuropatkin's entire front from Riga through Jacobstadt to Dvinsk. It is believed Field Marshal Von Hindenburg is launching a new offensive in an effort to divert Russian troops from the Galician and Volhynian campaign.

Virtually the whole of Kuropatkin's front is under bombardment. German raiding parties have been harassing the Russian lines for forty-eight hours. Interest is divided between the German operations in the north and the Russian advance on Kolomeja in Southeastern Galicia.

LARGE FORCES ADDED TO ITALIAN ARMY.

Austrians Making Stubborn Resistance To Italian Campaign in Trentino.

(Special to the Whig.) Rome, June 30.—Fulfilling its promise for a more vigorous prosecution of the war, the new Ministry to-day called to the colors several new classes of men. The call adds large forces to the Italian armies, though the exact number cannot be made public. The Austrians are now making most stubborn resistance to the Italian advance in the Trentino.

BRITISH GUN FIRE JUST TO KILL HUMS.

In Large Numbers And Save the British Man-Power.

London, June 30.—The British War Office gives few details of activities along the line from Labasse to the Somme, but despatches from British correspondents at the front report no interruption in the systematic bombardment of German trenches. "The object of this artillery fire is a simple and terrible one," reported the correspondents of the Chronicle at the front. "It is to kill Germans in large numbers and save British man-power as far as possible. The zone of shell fire has been very wide and far-reaching, and a large number of important positions have been searched by high explosives and shrapnel."

WAR BULLETINS.

The German Crown Prince made a new attempt on Hill 304, but was hurled back. The Allies distrust Greek actions, and again notify Greece to hurry demobilization. German first line trenches have been straightened out and munition dumps five miles in the rear blown up by British fire.

Meat cards for all Germany are to be introduced on September 1st.

The only munition factory in Roumania was blown up with millions of shells.

MUST FIRST STOP BORDER RAIDS

If There is To Be Mediation Over Border Police Patrol.

NO TREATY OF THE U.S.

IS TO BE A SCRAP OF PAPER, SAYS WILSON.

Who Insists That the Lives and Liberty of Americans Shall Be Safe From the Depredation of Mexican Bandits.

Washington, June 30.—"Never in my administration shall it be said that any treaty of the United States is a scrap of paper. We have come to a crisis where acts must follow words. While we have the greatest sympathy with the problem of the Mexican people and their desire for self-government, we have come to the point where we must insist that the lives and liberty of our own people shall be safe from the depredation of Mexican bandits." President Wilson was quoted by the women's peace party as having made this statement to a delegation which visited the White House yesterday.

The President's reference to "a scrap of paper" was evoked by this declaration in the resolution: "We ask that the differences between these two nations be submitted to mediation or arbitration in accordance with the spirit of the treaty of 1848 with Mexico, and in order that this treaty of the United States with Mexico shall not be a mere scrap of paper."

Border Raids Must Stop.

Washington, June 30.—If Carranza were to put an end to border raids then mediation must be acceptable to this Government, the State Department admitted yesterday afternoon. At the same time it was said that there was a possibility of mediation over a joint border police patrol, but the discrepancy between the two statements went unexplained.

Arbitration, it was announced, is entirely out of the question.

Mexicans Reply Pacificatory.

(Special to the Whig.) Mexico City, June 30.—The Foreign Office has practically completed the reply to the last American note. It may be given out within a few hours. The general belief is that the reply will be pacificatory and will relieve the possibility of war between Mexico and the United States.

In loving memory of Laurence Crombie, who was killed in action, on June 30th, 1915, at the Dardanelles.

One year has passed, my heart still sore, I mourn the loss of one so dear. My heart is sad today, To think of one I loved so dear. So quickly passed away, As time goes on I miss him more. His cheerful voice, his welcome face, The one I can never take his place. He wandered far from where his heart had bound his earthly tie, And in strange and foreign land His body now doth lie. His memory is as dear today, As at the hour he passed away. Deeply regretted by his wife and child. —MATTIE CROMBIE, 472 Albert Street.
