visiting officials are glum.

Although race track owners an promoters in this province are, not anxious to have the matter attract undues notice, says the Montreal Star, it has leaked out that the wartax revenue imposed by the Province of Ontario amounted for the seven days' spring meeting at the Hamilton race track to over three thousand five hundred dollars.

The Hamilton track is not by any means the best patronized of the race tracks in Eastern Canada, so that it is fair to presume that if such a tax were imposed by the Quebec Government the six tracks in this district would average that much, namely, Blue Bonnets, Dorval, Mount Royal, King Edward, Delorimier and Mai-

This would mean a total for the two meetings held by each track of forty-two thousand dollars. This war tax is produced by claiming ten per cent. of the value of each

admission ticket sold. But in addition to that the Ontario Government claims from each track a license fee of \$1,250 for each day's racing, which means \$8,750 per week and would amount in this district for the six tracks each of which have two weeks racing, to \$105,000. Therefore the six race tracks in the Montreal district alone save \$147,-

000 each year, or an average of \$24,-
