1,000 GALLONS OF ICE CREAM

DAILY CONSUMED IN KINGSTON
THIS HOT WEATHER.

This is the Estimate Made by the
Whig—There is a Big Increase in
the Sale of Soft Drinks.
The hot weather has boomed the
sale of ice cream and soft drinks.
Local manufacturers and vendors are
working day and night in order to
supply the demand. Ice cream parlors
are as popular now as bargain
counters, and that's saying a lot. A
young man who wants to make a
favorable impression on the favorite
fair one will insist (that's the word)
on seeing that she is well supplied
with ice cream and ice cream sodas.
In order to get an approximate
idea of the amount of ice cream con-
sumed daily in Kingston, the Whig
called up a number of dealers, and
from figures which they gave it is es-
timated that about a thousand gallons
of ice cream goes down the parched
throats of Kingston people every day.
Iced cold drinks, too, are in great
demand, and a small lake is consumed
each day.
It is rumored that the consumption
of beer shows a marked increase also,
the supply in this line being less than
the demand. In consequence of this
increased consumption it is said that
there has been a notable advance in
the sales of breath-killers. Of
course, there are still quite a few
people who are not investing in these
owing to the fact that their breaths
are very, very beery.

VIOLATED HIS PAROLE, HAS DONNED KHAKI.

Lezina Renaud Is Being Held
At Toronto Pending Word
From Ottawa.

Word has been received in the
city that Lezina Renaud was taken
in charge at Toronto on a charge of
violating his parole from the Ports-
mouth penitentiary. It is stated
that since his release from the peni-
tentiary Renaud has donned the khaki.
The accused appeared in the Pol-
ice Court and was remanded until
July 28th. In the meantime the au-
thorities at Ottawa will be communi-
cated with.
It may be that as Renaud has ex-
pressed a willingness to fight the
Germans, he will be given his free-
dom.
There are a number of criminals
in the penitentiary who would gladly
take up arms against the Germans if
they could secure their release on
parole.

CLAYTON OLD HOME WEEK.

Summer Guests Offer Co-operation if
Plans Materialize.
The suggestion of an Old Home
week in Clayton next year has
aroused the interest of many of our
summer guests and Editor Tobin of
On-the-St. Lawrence has had many
offers of material assistance if the
plan is started.
There are dozens of families at the
river this year who have not been
here for years and the renewal of
old acquaintances has been both
pleasant and beneficial to all.
The letter printed in last week's
issue of the local papers has been
followed by others not for publica-
tion and the old timers are anxious
to get back for at least a week to
dear old Clayton and the Thousand
Islands.
One of the wide awake societies of
Clayton has the suggestion under
consideration and there is no doubt
but that it will materialize.

HORSE RACING AT CAPE FAIR.

Managers of Fair Divide Against Fol-
lowing Custom.
Last year no horse races were held
in connection with the Cape Vincent
fair and the managers have come to
the conclusion that the elimination
of these events was a detriment to
the exhibition, so they have decided
to pull off some track events, in
connection with the coming fair that
will surpass anything heretofore at-
tempted by the society.
There will be two races each day
and the sum of \$100 will be being
up in purses. This means that there
will be a big list of entries in each
race, the fast steppers of the North
Country and along the Canadian
frontier participating for the prize
money.
The events are as follows: Wed-
nesday, September 13th, 2.19 class,
purse \$200; 2.50 class, purse \$150.
Thursday, September 14th, Town
race, open to horses in towns of Cape
Vincent, Clayton, Lyme and Wolfe
Island, that have never started in
the turf for money, purse, \$100;
2.23 class, purse \$200. Friday,
September 15th, 2.35 class, purse
\$150; free for all, purse \$200.

GRAND OPERA HOUSE COOL.

Oscillating and Exhaust Fans Placed
in this Play House.
A representative of the British
Whig was shown through the Grand
Opera House on Tuesday afternoon
when the heat of the day was most
oppressive. The purpose of the
visit was to see the fine new cooling
plant which Manager D. P. Bragan
has had installed for the benefit of
the patrons of the popular play
house. The theatre on Tuesday af-
ternoon was delightfully cool, and all
the electric and exhaust fans had not
been installed. When all are put in
there is no doubt that this theatre
will be the coolest in the city, and
it is expected that the whole plant
will be in operation before the end
of the week.
There are about a dozen oscillating
and exhaust two-inch fans placed
at advantageous positions throughout
the building.
Pink Found in Hay Field.
The St. Thomas Times says: Prof.
Daniel Buchanan, of Queen's Univer-
sity, Kingston, has been enjoying a
few days' rest at the old farm home
near Highgate. While resting, Mr.
Buchanan got his muscles up pitch-
ing hay, and is now in the pink of
condition.

ALLIED AVIATORS CONTROL THE AIR.

Thrilling Flights by Daring
Birdmen at the Canadian
National Exhibition.

Among the many glimpses of the
stern business of war to be given at
the Canadian National Exhibition
will be stirring exhibitions by intre-
pid aviators who will demonstrate the
heroic nature of the calling of their
comrades above the war swept
trenches in Flanders. They will
run the gauntlet of hostile fire from
batteries and anti-aircraft guns,
meanwhile making observations as
they manoeuvre with a seeming in-
difference to danger in an effort to
drop their own explosives on the war-
ship in Exhibition harbor and on the
batteries firing from shore.

A BOMB EXPLOSION.

Led to the Wounding of a Young
Kingston Soldier.

SERGEANT RUSSELL T. PENWARDEN

On Saturday a telegram was re-
ceived stating that Sergeant Russell T.
Penwarden had been slightly wound-
ed as the result of a bomb explosion,
and was in the Southern General
Hospital at Birmingham, England.
Sergeant Penwarden left Cobourg with
the first draft of the Heavy Battery,
under Lt.-Col. Odell, as a corporal,
and soon rose to the rank of ser-
geant. He was employed in the lo-
cal branch of the Bank of Toronto.
His parents, Mr. and Mrs. W. H. Pen-
warden, reside in Kingston.

BILLION DOLLAR CROP.

Western Crop Will Be Equal to That
of 1915.
After a thorough canvass of var-
ious points throughout Western Can-
ada, Dr. McGill, of the Dominion
Grain Commission, is quoted in Cal-
gary as saying that Alberta would
have a crop as good as last year,
that the Dominion would have a bil-
lion dollar grain crop, and that the
grain crop of the three prairie prov-
inces would be little if any behind
that of last year.

"The country as a whole never
looked better than it does at pres-
ent," said Dr. McGill. "The weath-
er was made to order, as you might
say, and I am of the opinion that
this year's harvest will be another
wonderful one."

Those who contemplate going west
will do well to remember that the
most fertile districts in Western Can-
ada are served by the lines of the
C. N. R. and that this season they
can travel from their home districts
to destination Canadian Northern all
the way.

Arrangements have been made
whereby passengers may travel in
comfort. Colonist and lunch-counter
cars being a feature. The first of
these excursions will be run in Au-
gust; the date will be announced later.
For further information apply to
nearest Canadian Northern Agent,
or write to R. L. Fairbairn, General
Passenger Agent, 68 King Street E.,
Toronto.

HOT IN THE FIELDS, GREAT FOR HAYING.

Bronzed Workers in Field Are
Feeling Heat Terribly
These Days.

Through out the country, farm-
ers are in their element. The hay-
ing is going along fine, but the
bronzed workers in the field are feel-
ing the heat terribly as they tramp
over the stubble and hard-baked
earth.
Just at the present time a shower
would be welcomed to help along
some of the other crops.
There was a nice breeze out on the
breakwater on Tuesday night, and
hundreds of citizens took advan-
tage of it. Many boats were also
to be seen out in the harbor.

Reeve Fennell, Havelock, has ten-
dered his resignation to the Council.

BEAUTY OF THE SKIN
Is the natural desire of every woman,
and is obtainable by the use of Dr.
Chase's Ointment. Pimples, black-
heads, roughness and redness of the
skin disappear, and the skin is left
soft, smooth and velvety when this
ointment is used. All druggists, or Ed-
wardson, Bates & Co., Ltd., Toronto,
sample free if you mention this paper.

Re-Opening of Schools.
According to the regulations, the
Public schools should re-open on
Friday, September 1st. However, as
Monday, September 4th, is Labor
Day, the question has been raised
that it would be just as well to have
the Public schools open the same day
as the Collegiate Institute, on Tues-
day, July 5th. This is a matter that
the Board of Education will probab-
ly take up.
Pfc. Fred Mott, Campbellford,
with the 33rd Battery, is a prisoner
of war at Stuttgart. He is aged nine-
teen years.
